ANNUAL TOWN REPORT

OF

MILTON

MASS.

FOR THE YEAR ENDING

DECEMBER 31, 1914

COMPILED BY

THE AUDITORS

POOLE PRINTING CO., INC.
251 CAUSEWAY STREET
BOSTON

STATEMENT OF THE AUDITORS

To the Citizens of Milton:

In accordance with the Revised Laws and the By-Laws of the town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1914, and have found the same correct.

Respectfully submitted,

WILLIAM A. WILL
J. HERBERT RAYMOND } *Auditors*

MILTON, MASS., December 31, 1914.

† Appointed September 18.

REVISED BY-LAWS.

TOWN OF MILTON, MARCH 2, 1902.

Adopted by the Town and approved by the Superior Court May 20, 1902.

The amendments to Chapters 2 *and* 10 *adopted by the Town March* 2, 1914, *were approved by the Attorney-General, December* 10, 1914.

CHAPTER 1.

General Provisions.

Section 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

Sect. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The words *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Law shall, when received, inure to the use of the town, and be paid into the town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any town officer or board of town officers, issued under any of the By-Laws of the town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the town may

be repealed or amended, or other By-Laws may be adopted, at any town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2.

Town Meetings.

Section 1. The warrants for all town meetings shall be directed to the constables of the town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the town at least four days, before the day of such meeting.

Sect. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

Sect. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

Sect. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

Sect. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the house called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated,

and those in the affirmative and negative, respectively, shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.:—

to adjourn,
to lay on the table,
for the previous question,
to postpone to a time certain,
to commit (or recommit) or refer,
to amend or substitute,
to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the town meeting of the ensuing year.

CHAPTER 3.

THE WARRANT COMMITTEE.

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the town, the subject-matter of which is generally included in the warrants for its town meetings; and the officers of the town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the town meetings held during the period for which they were appointed, including the various articles in the warrant for the annual town meeting next after their appointment; and they shall report in print before all such town meetings their estimates and recommendations for the action of the town.

CHAPTER 4.

THE TOWN'S FINANCES AND PROPERTY.

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the town, a detailed report of all moneys received into and paid out of the town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report

shall be printed the records of all meetings of the town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the trustees respectively, and a statement of all other funds belonging to the town or held for the benefit of its inhabitants; also statements of the liabilities of the town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part 1, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

SECT. 5. No person being an officer of the town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the town.

SECT. 6. The Selectmen, being duly authorized by vote of the town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the town, and to give promissory notes therefor in behalf of the town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. No order shall be drawn by any officer or committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount which overdraws the appropriation against which it is made, whether general or special; and the Town Treasurer shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not honor any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special.

SECT. 9. To provide for extraordinary expenditures of departments, should any become necessary in excess of appropriations made, the town shall annually appropriate a certain sum of money to be known as the Contingent Fund. No direct drafts against this fund shall be made, but transfers from the fund may be made by vote of the Warrant Committee to the account of any other appropriation. A certified copy of such vote shall be sent to the Town Treasurer, and the Treasurer shall transfer accordingly, and honor drafts against the funds so transferred as if originally appropriated.

SECT. 10. No board, committee, or officer of the town shall commit the town to any expenditure or liability which

would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the town, at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the town, either by the Selectmen or other town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the town.

SECT. 12. The Selectmen shall have full authority as agents of the town to institute and prosecute suits in the name of the town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the town, unless the town shall otherwise vote in any special case.

SECT. 14. Two Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5.

THE CEMETERY.

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such landmarks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6.

POLICE REGULATIONS.

SECTION 1. No person shall move or assist in moving any building, over any way which the town is obliged to keep in repair, without the written permit of the Selectmen

being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public

way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the town for all expenses and damages which, or for which, the town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be

propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in

connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any signboard of the town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge

or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars, or advertisements through the town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, fire-arm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have

painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

Sect. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the town may be made by any constable or police officer of the town.

CHAPTER 7.

THE CONSTRUCTION AND INSPECTION OF BUILDINGS.

SECTION 1. There shall be in the town a department for the Inspection of Buildings, which shall be furnished with office room and such supplies for the transaction of business as the Selectmen may provide.

SECT. 2. The officer of said department shall be called the Inspector of Buildings. He shall be appointed by the Selectmen, and shall hold office until his successor is appointed. His compensation shall be regulated by the Selectmen.

SECT. 3. Wherever the word Inspector without further addition occurs in this chapter, it means the Inspector of Buildings.

SECT. 4. The Inspector shall keep a record of all business of the department, and shall submit to the Selectmen such reports of the same as they may require.

SECT. 5. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within said town at any reasonable hour.

SECT. 6. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or, if there be no such newspaper, in one published in the city of Boston, pass a vote designating building limits within the town; and upon the acceptance of said vote by the town at a meeting called as provided by law, said building limits shall be established. Said building limits may comprise the whole or any specified part or parts of the territory of the town.

SECT. 7. Until building limits are established as provided in Section 6, the provisions of this chapter shall apply to the erection, alteration and removal of buildings and other structures throughout the town. After the establishment of such building limits said provisions, save as otherwise specified therein, shall apply to the erection, alteration and removal of buildings and other structures within such building limits only.

SECT. 8. No work shall be done upon any wall, building or other structure except such repairs as may be necessary for the preservation of the same, nor shall any wall, building, or other structure be erected, raised, moved, enlarged, altered, or torn down, without a permit from the Inspector.

SECT. 9. Applications for such permits shall be in writing upon blanks furnished by the town, and shall be directed to the Inspector, who shall keep a record of the same.

SECT. 10. In the case of an application for a permit to erect, raise, move or alter a building or other structure where the Inspector is of opinion, because of all the circumstances, that the reasons for the provisions of this chapter do not apply, the Inspector may, with the consent in writing of the Selectmen, issue a special permit waiving all or any of said

provisions. But before such permit is granted, three days' notice in writing from the Inspector shall be served upon all persons owning land within two hundred feet of the proposed building or structure, in order that such owners may be heard in opposition to the granting of such permit. The Selectmen shall keep a record of all such permits to which they consent.

SECT. 11. The framing plans and specifications of every building or other structure, and of every alteration in a building or other structure, for which a permit is required, shall be deposited temporarily with the Inspector. A copy of the plans and specifications of public buildings and of every alteration in a public building shall be deposited permanently with him. All plans and specifications deposited under this section shall be dated and signed by the Inspector immediately upon being received by him.

SECT. 12. Every permit issued by the Inspector shall state the purpose for which the building is to be used, and the conditions, if any, under which it is granted. All permits issued shall be recorded in detail, and said records shall be preserved.

SECT. 13. The Inspector shall not give a permit for the erection of any building or other structure until he has inspected the plans and specifications thereof, and ascertained that the building as planned has sufficient strength, proper means of ingress and egress, and that it conforms to the law and the By-Laws of the town, or for the alteration of any building or other structure already erected, until he has examined said building or other structure and the plans and specification of said alteration, and has satisfied himself that said building as altered will have sufficient strength, proper means of ingress and egress, and will conform to the law and the By-Laws of the town.

SECT. 14. The Inspector shall inspect all work for which a permit has been issued, and shall see that it is being carried on according to law and the By-Laws of the town.

SECT. 15. No permit for the erection of any building to be used as a factory, or in which steam or other motive power is to be used, or which is to be used for the manufacturing of chemicals, or for the alteration or the moving of any building for any of such uses, shall be granted until after public hearing before the Selectmen; and no building for any of such purposes shall be erected, altered or moved without such permit. Notice of such hearing shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town, and on the public bulletin boards in the town, and by mailing a copy of the same to the owners of premises within five hundred feet of the proposed location of the building, addressed to their last known residence or place of business, and by publishing the same in a newspaper published in the town, or, if there be no such paper, in one published in the city of Boston.

SECT. 16. No boiler to furnish steam for power shall be set or erected, except on a permit from the Inspector, issued after a hearing as prescribed in the preceding section.

SECT. 17. Permits for the erection, alteration, or moving of any building to be used as a stable in which more than four horses are to be kept shall only be granted after hearing as provided in Section 15. Notice of such hearing shall be sent to the Board of Health of the town, in addition to the notices prescribed in said Section 15.

SECT. 18. The provisions of Sections 15, 16 and 17, shall apply to the whole town irrespective of building limits.

SECT. 19. The Selectmen may, in their discretion, after a hearing as provided in Sections 15, 16 and 17, instruct the Inspector not to issue the permit asked for, and in such case no such permit shall issue.

SECT. 20. In case the owner of any building or other structure, or an applicant for a permit to erect, move or alter a building or other structure, is dissatisfied with any order or decision of the Inspector made in any of the proceedings

prescribed in this chapter, the matter shall be referred to the Selectmen, who, within one week from said reference, shall hear the parties, and after taking such expert opinion as may seem to them to be necessary, give their decision. In case the decision of the Inspector is affirmed, the expense of any expert opinion taken by the Selectmen shall be paid to the town by the owner or applicant on demand; otherwise such expense shall be borne by the town.

SECT. 21. Every portion of every building or other structure in process of construction, alteration, repair or removal, and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 22. All chimneys shall be built of brick or stone, and shall be lined with flue lining starting two feet below all thimble holes and at least two feet below the under side of first-floor timbers, and extending above the roof boarding; or shall have an eight-inch brick or stone wall from the foundation to the roof boarding, and shall be topped at least three feet above the highest point of contact with roof.

SECT. 23. No nails shall be driven into any chimney at any point; and no woodwork shall be within one inch of any chimney.

SECT. 24. Sills and girders shall be of sufficient size to safely support the superstructure.

SECT. 25. All woodwork, including lath and plaster, within two feet of any heating apparatus or smoke pipe, and all woodwork, including lath and plaster, coming in contact with any pipes from said apparatus, shall be properly protected by a metal or stone shield.

SECT. 26. All partitions in which hot air pipes run shall be lined with sheet metal, or the pipes shall be wound with asbestos covering.

SECT. 27. Where dwellings of more than two stories are to be occupied by more than two families, there shall be at least two flights of stairs from the ground floor to the top floor, or one flight from the ground floor to the top floor inside, together with an approved fire escape outside.

SECT. 28. The studding of main or carrying partitions shall be not less than four inches in thickness, and shall have a proper support at bottom with a header not less than three inches in depth unless hard pine is used, then it may be two inches. All openings in main partitions of more than thirty inches shall be trussed over and have double studding at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding, and two inches thick at least once in height.

SECT. 29. The studding in outside walls and in partitions shall be not more than sixteen inches on centres unless permission is otherwise granted.

SECT. 30. For buildings other than wooden dwelling-houses the size of floor timbers shall be of sufficient size in the opinion of the Inspector to safely carry the weight intended. In wooden dwelling houses the floor timbers for a 12 to 14 foot span shall be not less than 2 x 8; for a 14 to 16 foot span, not less than 2 x 9; for a 16 to 18 foot span, not less than 2 x 10; for an 18 to 20 foot span, not less than 2 x 12; in every case the timbers shall be not more than 16 inches apart on centres.

SECT. 31. All headers and trimmers shall be double the thickness, framed together and pinned or hung in stirrup iron and joint bolted.

SECT. 32. All floor joists on the first floor shall be framed in even with the bottom of the sill and stopped off between where they come above the sills, either with joists or brick. Fire stops, the full width of the studding, and not less than

three inches thick, shall be cut in on top of the floor joists on each floor above the first floor.

SECT. 33. All floor timbers shall be bridged, in a space of more than eight feet, with 1 x 3 inches, or 2 x 3 inches, stock, properly nailed at each end.

SECT. 34. The rafters of all buildings shall be of sufficient size, in the opinion of the Inspector, to safely carry the weight that must necessarily be put upon them, and be placed not over twenty inches apart on centres.

SECT. 35. In dwellings arranged for two or more families, side by side, the vertical division walls between the families shall be either of brick not less than eight inches thick and continued without break or interruption from cellar bottom to roof boarding, or of studding not less than four inches in thickness; and the spaces between the studding shall be filled solid, either with brick and mortar, mineral wool, or other incombustible material, approved by the Inspector, and this fire-proof filling shall continue up to the roof boarding.

SECT. 36. All hearths shall be supported by trimmer arches of brick or stone.

SECT. 37. All piers shall be built of brick or iron columns on proper stone or brick footing, and be of such size as to safely carry the weight they are intended to sustain. Brick piers shall be built of hard-burned brick laid in cement mortar.

SECT. 38. All wooden buildings hereafter erected shall have the sills, posts and girts mortised, tenoned and pinned together and supported by suitable studding, and shall be properly braced. End girts shall be placed in all wooden buildings. Sills shall not be less than 6 x 6 inches and shall be properly tied to all girders, and a sufficient number of floor timbers shall be tenoned and pinned to same to keep the building from spreading.

SECT. 39. Posts and girts shall be not less than 4 x 6 inches, other posts not less than 4 x 8 inches, and plates not less than 4 x 4 inches.

SECT. 40. No wooden building shall be built within two feet of the line of an adjoining lot, unless a brick wall at least eight inches in thickness shall be substituted for the wooden wall next said line.

SECT. 41. Every wooden building or structure hereafter erected shall have a stone or brick foundation resting upon the solid ground or upon concrete, piles, or other durable substructure; said foundation shall be securely and properly built, shall have a sufficient amount of large stone extending through the wall to properly bond and tie it together, and shall be of such thickness as to properly sustain the weight it is intended to support.

SECT. 42. The underpinning above grade, if of brick, shall be not less than ten inches in thickness; if of stone, not less than fourteen inches in thickness, and shall be laid in mortar.

SECT. 43. All foundation walls shall be laid at least three inches below cellar bottom, and not less than three feet six inches below any adjoining surface exposed to frost.

SECT. 44. Every building or structure hereafter built of brick, stone, iron or other hard and incombustible materials shall have foundations resting upon the solid ground, or upon concrete, piles or other durable substructure, and not less than four feet below any adjoining surface exposed to frost.

SECT. 45. Foundation walls for such buildings as are designated in Section 44 shall be built of brick, stone or other suitable substance, properly bonded and solidly built with one-half cement mortar.

SECT. 46. For brick buildings with walls not exceeding thirty-five feet in height, the foundation walls, if built of common stone, shall not be less than thirty inches thick at bottom and twenty inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than

sixteen inches the entire height, and shall rest on a footing course twelve inches high and twenty-four inches wide.

SECT. 47. For brick buildings exceeding thirty-five feet in height the foundation walls, if built of common stone, shall be not less than thirty-six inches thick at bottom and twenty-four inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than eighteen inches thick the entire height, and rest on a footing course twelve inches high and thirty inches wide.

SECT. 48. Party or partition walls shall be built upon a footing course of stone or brick not less than four inches each way larger than thickness of the wall it is to sustain, and twelve inches high.

SECT. 49. External walls of brick buildings less than fifteen feet in height shall be not less than eight inches thick; over fifteen and less than thirty-five feet in height they shall be not less than twelve inches thick, except when the building is used as a dwelling-house, then the walls of the upper story may be not less than eight inches thick; over thirty-five feet in height the walls shall be not less than sixteen inches thick to the top of second floor, and twelve inches thick the remaining height.

SECT. 50. In every brick wall at least every ninth course shall be a heading or bonding course, except where walls are faced with face brick, in which at least every ninth course shall be bonded with Flemish headers, or by cutting the courses of face brick and putting in diagonal headers behind the same, or by splitting face brick and backing them with a continuous row of headers.

SECT. 51. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 52. In reckoning the thickness of walls, no allow-

ance for ashlar shall be made unless it is at least eight inches thick, in which case the excess over four inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

Building Grades.

Sect. 53. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or if there be no such newspaper, in one published in the city of Boston, and by giving personal notice to the owners of and to be effected by delivering to such owners a copy of said notice or by depositing the same in the post-office, post-paid and addressed to them at their last known residence or place of business, pass a vote designating a building grade or building grades for any part or parts of the town; and on the acceptance of such vote by the town at a meeting called as provided by law, said building grade or building grades shall be established.

Sect. 54. Said building grade or building grades may be at different heights above the level of the sea in different parts of the town, as the nature of the ground may require.

Sect. 55. No cellar floor of any building erected on land for which a building grade has been established, nor any part, except the foundation, of a building on such land which has no cellar, shall be below said grade.

Other Provisions.

Sect. 56. The Inspector in the name of the town may take such measures as the public safety requires, to carry

the provisions of this chapter into effect; and any expense incurred in so doing may be recovered by the town from the owner of the defective property.

SECT. 57. Any person violating any of the provisions of this chapter shall be liable to a fine of not less than $20, nor more than $100, for each offence.

CHAPTER 8.

THE REGULATION AND INSPECTION OF PLUMBING.

SECTION 1. The word Inspector, without further addition, wherever used in this chapter, means the Inspector of Plumbing.

SECT. 2. No person shall carry on the business of plumbing unless he is a plumber and shall have first registered his name and place of business in the office of the Inspector of Buildings; and notice of any change in the place of business of a registered plumber shall be immediately given to said Inspector of Buildings.

SECT. 3. Every plumber before doing any work in a building shall, except in the repair of leaks, file at the office of the Inspector upon blanks furnished for that purpose a notice of the work to be performed; and no such work shall be done in any building without the approval of the Inspector.

SECT. 4. No pipes or other fixtures shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All plumbing work shall be subjected to the water test before the fixtures are set. After all the fixtures

are set the work shall be subjected to the smoke, peppermint or other reliable test under pressure. All such tests shall be made in the presence of the Inspector.

SECT. 6. The sewage and waste piping of every house or building shall each be separately and independently connected with the street sewer, where one is provided, or with a proper cesspool; and where there is no sewer in the street, and it is necessary to construct a private sewer to connect with one on an adjacent street, such system shall be used as may be approved by the Inspector.

SECT. 7. The soil-pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil-pipes shall be of extra heavy cast-iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast-iron with leaded and calked joints, but galvanized wrought-iron pipe may be used for vent purposes; all such pipes shall be properly secured to walls and ceilings with wrought-iron hangers. Waste-pipes shall be of cast-iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast-iron recessed fittings. No soil-pipe of any building shall be less than 4 inches inside diameter, except by written permission of the Board of Health. No vent-pipe shall be less than $1\frac{1}{2}$ inches inside diameter. No waste-pipe shall be less than $1\frac{1}{4}$ inches inside diameter.

SECT. 8. All drain-pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point 10 feet outside of the cellar wall. The pipe from the sewer or cesspool to within 10 feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside of the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least 2 feet above the highest window on the roof. Every drain-pipe, except a drain-pipe from a building having but one sink or but one sink with adjoining trays,

shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain-pipe leaves the building. All changes in direction of soil-pipes shall be made by Y branches or by curved pipes. No ventilation pipe on the outside of any building shall be less than 2 inches inside diameter.

SECT. 9. All joints in iron drain-pipes, soil or vent pipes shall be made by thoroughly calking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full-sized wiped joint and calking the ferrules to pipes which are of cast-iron, or screwing them to pipes which are of wrought-iron.

SECT. 10. Every water-closet, urinal, sink, basin, bath-tub, slop-hopper, and every tray or set of four or less wash-trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins or a sink and a set of four or less wash-trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe. All fixture traps shall be protected from syphonage or air pressure by special vent-pipes having a diameter not less than the diameter of the waste-pipe and connected with the waste-pipe at a point not lower than the seal of the trap in such manner as to make the vent-pipe a continuation of or a Y branch from the waste-pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent-pipe unless the length of the waste-pipe from the trap of said fixture to the said stack exceeds 3 feet. Lead vent-pipes may be used only where they are exposed to view. Vent-pipes for water-closets shall be of not less than 2 inches bore and may be connected with the water-closet waste-pipe below the level of the trap seal. Two or more vent-pipes may be connected together or with a soil-pipe, but

such connection with a soil-pipe shall be above the uppermost fixture connected with such soil-pipe.

SECT. 11. No drip- or overflow-pipes from safes under water-closets, urinals, or other fixtures, no overflow-pipes from tanks or cisterns, no waste-pipes from refrigerators or other receptacles in which food is stored, no rain-water conductors, and no steam exhaust-pipes or steam waste-pipes, shall be connected with any soil-pipe. No openings shall be allowed in the soil- or waste-pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil- or waste-pipe.

SECT. 12. Every water-closet or line of water-closets on the same floor inside of the building proper shall be supplied with water from a tank, and shall have a flushing pipe of not less than $1\frac{1}{4}$ inches diameter inside.

SECT. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

SECT. 14. Every privy vault shall be at least four feet distant from the line of an adjoining lot, unless by the consent of the owner of such lot; and every vault shall be so constructed as to be conveniently approached, opened and cleaned, and shall be made tight, so that the contents thereof cannot escape therefrom, if, in the opinion of the Inspector, the surroundings require it.

SECT. 15. No water-closet shall be inclosed with any upright woodwork.

SECT. 16. None of the provisions of the foregoing Sections of this Chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

SECT. 16. In the case of any dispute or difference in opinion between the Inspector and any person, the same shall be submitted by either party to the Local Board of Health, who shall pass upon the same, and whose finding therein, after hearing, shall be final and conclusive upon all parties. No member of said board shall sit in a case in which he is interested, and in case of such disqualification, or of the necessary absence of any member, the two other members shall appoint a substitute. If two or more members are so disqualified or absent, the Inspector shall appoint one substitute, the appellant another, and the two so appointed shall, if necessary, appoint a third.

SECT. 17. The Inspector of Buildings, in the name of the town, may take such measures as the public safety requires, to carry the provisions of this chapter into effect, and any expense incurred in so doing may be recovered by the town from the owner of the defective property.

SECT. 18. A person violating any of the provisions of this chapter shall be liable to a fine not exceeding $50.

CHAPTER 9.

STREET RAILWAYS.

SECTION 1. The annual report shall contain the following concerning the street railways in the town and the street railway companies owning or operating the same, viz:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made

by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10.

TOWN WAYS.

SECTION 1. Every way that shall be laid out for the acceptance of the town as a town way shall be not less than thirty feet in width.

SECT. 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a Town way, the documents relating to such laying out shall be accompanied by a letter from the Selectmen, which shall be filed in the office of the Town Clerk, together with said documents, before such way shall be accepted. This letter shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the Town.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the

town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the town.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

MARCH 19, 1866. *Voted,* To establish a High School, according to the provisions of Section 2 of Chapter 38 of the General Statutes.

MARCH 2, 1874. *Voted,* To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the Town of Milton.

MARCH 4, 1878. *Voted,* To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers.

MARCH 3, 1879. *Voted,* To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee.

DECEMBER 8, 1879. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 1, 1880. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 5, 1883. *Voted,* To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children.

MARCH 7, 1881. *Voted,* To accept the Act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners."

MARCH 3, 1890. *Voted,* To accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled, "Of Betterments, and Other Assessments on Account of the Cost of Public Improvements."

FEBRUARY 12, 1891. *Voted,* To accept the Act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882.

MARCH 2, 1891. *Voted,* To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of Town Officers.

FEBRUARY 3, 1894. *Voted,* That the Town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of the Legislature of Massachusetts passed in the year 893, relative to the election of a separate Board of Assessors.

NOVEMBER 28, 1894. *Voted,* That the Town hereby accepts the provisions of Chapter 324 of the Acts of the Legislature of 1894, entitled, "An Act Relative to the Reservation of Spaces in Public Ways."

MARCH 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 309 of the Acts of 1885, entitled, "An Act Authorizing Cities and Towns to License Groves, to be Used for Picnics and Other Lawful Amusements."

MARCH 4, 1895. *Voted,* That the Town hereby accepts the provisions of Section 272 of Chapter 417, Acts of the Legislature of 1893, relating to the election of Sewer Commissioners in towns.

MARCH 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 462 of the Acts of the Legislature of 1893, entitled "An Act to Authorize the Establishment of a Building Line on Public Ways."

MARCH 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 218 of the Acts of the Legislature of 1894, as amended by Chapter 473 of the Act of the same year, being "An Act Relative to the Election of Boards of Health in Towns."

MARCH 4, 1895. *Voted,* That the Town hereby accepts the provisions of Sections 20 and 21 of Chapter 50 of the

Public Statutes, relating to the establishment and grading of sidewalks, by the Selectmen.

JUNE 29, 1895. *Voted,* That the Town accept the provisions of Chapter 304 of the Acts of 1895, entitled, "An Act to Authorize the Town of Milton to Construct One or More Systems of Sewerage."

MARCH 1, 1897. *Voted,* That the Town accept Chapter 101 of the Public Statutes, entitled, "Of the Suppression of Common Nuisances."

MARCH 1, 1897. *Voted,* That the provisions of Chapter 481 of the Acts of the year 1894, be accepted, entitled, "Regulation and Inspection of Buildings."

MARCH 5, 1900. *Voted,* That Chapter 344, Acts of 1899, entitled, "An Act to Make Eight Hours a Day's Work for City and Town employees," be accepted.

MARCH 3, 1902. *Voted,* That the Town accept Section 18 of Chapter 122 of the Revised Laws, relative to the appointment of an Inspector of Wires.

MARCH 3, 1902. *Voted,* That the Town accept Chapter 38 of the Revised Laws of Massachusetts, relative to the election of a treasurer of Public Library Trustees.

JULY 14, 1902. *Voted,* To accept Chapter 307 of the Acts of 1902, entitled, "An Act to Supply the Town of Milton with Water."

AUGUST 16, 1902. *Voted,* To accept Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to jurisdiction of towns over highways and county bridges.

MARCH 2, 1903. *Voted,* To accept Sections 20 and 21, of Chapter 25 of the Revised Laws of Massachusetts, relating to public baths, etc.

MARCH 2, 1903. *Voted,* To accept Section 339 of Chapter 11 of the Revised Laws, and Acts in amendment thereof

and in addition thereto, relative to the election of Overseers of the Poor.

March 7, 1904. *Voted,* To accept Section 70 of Chapter 75 of the Revised Laws, relating to privy vaults.

March 6, 1905. *Voted,* To accept Chapter 103 of the Revised Laws, relative to supervision of plumbing.

July 21, 1905. *Voted,* To accept Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths.

March 1, 1909. *Voted,* To accept the provisions of Chapter 476, Acts of 1908, relative to vacations of members of Police departments.

March 7, 1910. *Voted,* To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks.

March 4, 1911. *Voted,* To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderator for the term of one year.

March 4, 1911. *Voted,* To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the number of Constables to be elected.

November 7, 1911. *Voted,* To accept Chapter 634, Acts of 1911, authorizing counties to establish retirement systems for employees.

March 11, 1912. *Voted,* To accept Chapter 146 of the Acts of 1911, authorizing the Town to establish an Art Commission.

March 11, 1912. *Voted,* To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of the Civil Service Act to the Chiefs of Police in certain cities and towns.

March 11, 1912. *Voted,* To accept the provisions of

Chapter 314 of the Acts of 1911, relative to authorizing the School Committee to spend money for the supervision of sports.

MARCH 11, 1912. *Voted,* To accept the provisions of Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes.

NOVEMBER 5, 1912. *Voted,* To accept the provisions of Chapter 503 of the Acts of 1912, an Act relative to pensioning laborers in the employ of cities and towns.

MARCH 3, 1913. *Voted,* To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments.

MARCH 3, 1913. *Voted,* To accept Chapter 498, Acts of 1908, entitled An Act to Authorize Cities and Towns to Establish Pension Funds for Teachers in the Public Schools.

MARCH 4, 1913. *Voted,* To adopt Chapter 635 of the Acts of 1912, known as the Tenement House Act for Towns.

MARCH 4, 1913. *Voted,* To accept the provisions of Chapter 191 of the Acts of 1907, authorizing the establishment of Boards of Survey in Towns.

MARCH 2, 1914. *Voted,* To accept Chapter 807 of the Acts of 1913, being an Act to provide for compensating laborers, workmen and mechanics for injuries sustained in public employment, and to exempt from legal liability counties and municipal corporations which pay such compensation.

MARCH 2, 1914. *Voted,* To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909, as affected by Chapter 494 of the Acts of 1911, which provide that eight hours shall constitute a day's work for city or town employees.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1914

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

To either of the Constables of the Town of Milton, greeting —

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Town affairs, to meet at the Town Hall in said Milton the second day of March next, at six o'clock A.M., then and there to act upon the following articles, to wit:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ARTICLE 2. To choose all such Town officers as are required by law to be chosen by ballot; also on the same ballot to vote "Yes" or "No" in answer to the question, "Shall licenses be granted for the sale of intoxicating liquors in this Town?" The polls to be opened at six o'clock in the forenoon and may be closed as early as two o'clock in the afternoon.

ARTICLE 3. To choose all such Town officers as are not required by law to be chosen by ballot.

ARTICLE 4. To hear and act upon the Auditors' report, and reports of other Town officers and committees.

ARTICLE 5. To see what sum of money the Town will vote to appropriate for the support of the schools the present year.

ARTICLE 6. To see what sum of money the Town will vote to appropriate for the transportation of pupils the present year.

ARTICLE 7. To see what sum of money the Town will vote to appropriate for the medical inspection of the pupils of the public schools the present year, the same to be expended under the direction and at the discretion of the School Committee.

ARTICLE 8. To see what sum of money the Town will vote to appropriate to be expended by the Park Commissioners in conjunction with the School Committee in the improvement of school lots the present year.

ARTICLE 9. To see what sum of money the Town will vote to appropriate for the Street Department the present year.

ARTICLE 10. To see what sum of money the Town will vote to appropriate for street lighting the present year.

ARTICLE 11. To see what sum of money the Town will vote to appropriate for the Fire Department the present year.

ARTICLE 12. To see what sum of money the Town will vote to appropriate for building addition to present combination house.

ARTICLE 13. To see if the Town will vote to appro-

priate the sum of eleven hundred dollars ($1,100) for the services of an additional permanent fireman, so that they may be granted one day off in five.

Article 14. To see what sum of money the Town will vote to appropriate for the use of the Department of Wires, the Police and Fire Alarm Signal System, and the Inspection of Wires, the present year.

Article 15. To see what sum of money the Town will vote to appropriate for the purchase of an auto truck for the Superintendent of Wires.

Article 16. To see what sum of money the Town will vote to appropriate for the Police Department the present year.

Article 17. To see if the Town will vote to purchase a Stanley Steam Automobile for the use of the Police Department, and appropriate money for the same.

Article 18. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Article 19. To see what sum of money the Town will vote to appropriate for the improvement of the Cemetery the present year.

Article 20. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Article 21. To see what action the Town will take in regard to the appropriation of money for the develop-

ment of Crane Field, formerly sometimes known as Belcher Circle, taken by the Park Commissioners as a Public Park in accordance with the vote under Article 50 of the Warrant for the March Meeting, 1913.

Article 22. To see what action the Town will take in regard to the appropriation of money to be expended by the Park Commissioners at the Dollar Lane Playground in grading the westerly end of said playground.

Article 23. To see what sum of money the Town will vote to appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests, injurious to trees, the present year.

Article 24. To see what sum of money the Town will vote to appropriate to be expended by the Local Superintendent for the suppression of Gypsy and Brown-tail Moths in the extermination of the gypsy and brown-tail moths the present year.

Article 25. To see what salary (if any) the Town will vote to pay the Tree Warden.

Article 26. To see what action the Town will take in regard to the erection of a building to be used for the needs of the Tree Warden's Department, and the appropriation of money for the same.

Article 27. To see what sum of money the Town will vote to appropriate for the support of the poor the present year.

Article 28. To see what sum of money the Town

will vote to appropriate for Soldiers' Relief the present year.

ARTICLE 29. To see what sum of money the Town will vote to appropriate for State Aid the present year.

ARTICLE 30. To see what sum of money the Town will vote to appropriate for the maintenance of the Sewer Department the present year.

ARTICLE 31. To see what sum of money the Town will vote to appropriate for the extension of the sewerage system the present year.

ARTICLE 32. To see what sum of money the Town will vote to appropriate for the extension of water mains the present year.

ARTICLE 33. To see what sum of money the Town will vote to appropriate for hydrant service the present year.

ARTICLE 34. To see what sum of money the Town will vote to appropriate for the Health Department the present year.

ARTICLE 35. To see what sum of money the Town will vote to appropriate for the collection of ashes and garbage the present year.

ARTICLE 36. To see what sum of money the Town will vote to appropriate for salaries the present year.

ARTICLE 37. To see what action the Town will take

towards increasing the salary of the Auditors, and appropriate money for the same.

ARTICLE 38. To see what sum of money the Town will vote to appropriate for miscellaneous expenses the present year.

General Expenses.	Town Hall and Lot.
Interest.	Printing.
Contingent.	Insurance.

ARTICLE 39. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Assessors the present year.

ARTICLE 40. To see if the Town will authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

ARTICLE 41. To fix the rate of interest on taxes unpaid after a time fixed by the Town.

ARTICLE 42. To see what action the Town will take in regard to borrowing money in anticipation of taxes.

ARTICLE 43. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1914.

ARTICLE 44. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1915, in anticipation of the revenue of the financial year ending December 31, 1915.

ARTICLE 45. To see if the Town will vote to appropriate the sum of two hundred and fifty dollars ($250) to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

ARTICLE 46. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

ARTICLE 47. To see if the Town will vote to authorize the Selectmen to fully represent it in any and all matters of litigation and judicial proceedings in which the Town may be interested, with authority to engage, direct and discharge counsel as they may consider expedient or necessary.

ARTICLE 48. To see if the Town will vote to authorize the Warrant Committee to take such steps and measures, as they may from time to time consider wise, to secure Milton's proper representation in legislative matters affecting the Town's interests, and with authority to engage, direct and discharge counsel.

ARTICLE 49. To see what sum of money the Town will vote to appropriate towards the restoration of the Perpetual Care Fund.

ARTICLE 50. To see what sum of money the Town will vote to appropriate towards the restoration of the Jason Reed Cemetery Fund.

ARTICLE 51. To see what sum of money the Town will vote to appropriate towards the restoration of the Elizabeth T. L. Reed Park Fund.

ARTICLE 52. To see what sum of money the Town will vote to appropriate for the retirement of teachers in the public schools under the provisions of Chapter 498, Acts of 1908.

ARTICLE 53. To see what sum of money the Town will vote to appropriate for the present year for the purpose of providing pensions for members of the Police and Fire Departments retired and placed upon the pension roll under the provisions of Chapter 327, Acts of 1904.

ARTICLE 54. To see what sum of money the Town will vote to appropriate for pensions for laborers under Chapter 503, Acts of 1912.

ARTICLE 55. To see what sum of money the Town will vote to appropriate to be expended by the Selectmen for a band concert and fireworks for the celebration of the Fourth Day of July.

ARTICLE 56. To see if the Town will vote to accept as a gift the parcel of land belonging to Nathaniel B. Hinckley, located on Brook Road, and consisting of about 2.93 acres, and bounded as follows: On the north by land of James S. Russell; on the east by Brook Road; on the south or southeast by land of the Town of Milton known as Brook Road Playground; on the west by land of H. H. Wanamaker, the end of Viola Street, land of M. J. and Maria Kelly, and land of George E. and Waldo C. Burt, or however else it may be described; provided the title proves satisfactory to the Selectmen; and said land to be added to the parcel of land now held by the Town and known as Brook Road Playground, and to

be used as a part of the same and under the same management.

Article 57. To see, if in the event of the Town's accepting as a part of Brook Road Playground the plot now standing in the name of Nathaniel B. Hinckley, offered as a gift under an Article in this Warrant, the Town will vote to appropriate money and what sum, for the erection of a municipal gymnasium on the Brook Road Playground as thus enlarged; or what action it will take in regard to such municipal gymnasium.

Article 58. To see what sum of money the Town will vote to appropriate for the improvement of Pine Tree Brook; said appropriation to be expended by the Sewer Commissioners when they shall have received the necessary legislative authority.

Article 59. To see if the Town will vote to instruct the Selectmen to appear before the Legislative Committee on Municipal Finance either in person or by counsel, and urge the passage of Senate Bill No. 201, entitled, "An Act to authorize the Town of Milton to provide for surface water drainage."

Article 60. To see if the Town will vote to change Section 2 of Chapter 10 of the Revised By-Laws so as to read:

Section 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a Town way, the documents relating to such laying out shall be accompanied by a letter from the Selectmen, which shall be filed in the office of the Town Clerk, together with said documents,

before such way shall be accepted. This letter shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the Town.

Article 61. To see if the Town will vote to substitute one or both of the following sections for sections similarly numbered in Chapter 2 of the Revised By-Laws:

Section 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

Section 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

Article 62. To see if the Town will vote to direct its Selectmen to prepare a division of the Town into convenient voting precincts, as provided in Chapter 560, Section 195, of the Acts and Resolves of the General Court in the year nineteen hundred and seven.

Article 63. To see what action the Town will take toward increasing the Town Hall facilities.

ARTICLE 64. To see what action the Town will take toward continuing the improvement of the Town Landing, and what sum of money it will appropriate for the same.

ARTICLE 65. To see what action the Town will take in reference to the report of the "Committee on Revision of Building Laws of the Town," and to see if the Town will vote to amend the Town By-Laws by striking out Chapters 7 and 8, entitled, "The Construction and Inspection of Buildings" and "The Regulation and Inspection of Plumbing," respectively, or any part thereof, and insert in place thereof Chapters 7 and 8 as submitted in the report of said "Committee on Revision of Building Laws of the Town," or any part thereof, which report is on file with the Selectmen.

ARTICLE 66. To see what action the Town will take to prohibit the erection of bill boards within the limits of the Town.

ARTICLE 67. To see what sum of money the Town will vote to appropriate to be expended under the direction of the Board of Health, for the extermination of flies and fresh water mosquitoes the present year.

ARTICLE 68. To see if the Town will vote to petition the Director of the Bureau of Statistics for an audit of its accounts, in accordance with the provisions of Chapter 598 of the Acts of 1910 and amendments thereto.

ARTICLE 69. To see if the Town will vote to authorize the Selectmen to sell the whole or any portion of the parcel of land adjacent to Brook Road and Waldeck

Road, so-called, containing 2,500 square feet more or less, and to execute proper conveyance of same.

ARTICLE 70. To see if the Town will vote to instruct its Selectmen to appoint an additional night patrolman to cover the territory between Brook Road Boulevard and Centre Street, giving special attention to Randolph Avenue and Centre Street from Algerine Corner to the Milton Public Library.

ARTICLE 71. To see if the Town will vote to extend Kahler Avenue through to Thacher Street, as laid out by the Selectmen.

ARTICLE 72. To see if the Town will vote to accept Eliot Street at the intersection of Central Avenue, as altered by the Selectmen, as a Town way.

ARTICLE 73. To see if the Town will vote to accept Petersburg Avenue, as laid out by the Selectmen, as a Town way.

ARTICLE 74. To see if the Town will vote to accept Columbia Park running northwesterly from Brook Road, as laid out by the Selectmen, as a Town way.

ARTICLE 75. To see what sum of money the Town will vote to appropriate for installation of new fire alarm boxes.

ARTICLE 76. To see if the Town will vote to install a fire alarm box on Randolph Avenue near the Park line, and appropriate money for the same.

ARTICLE 77. To see if the Town will vote to install

a fire-alarm box on Warren Avenue at its intersection with Dyer Avenue, and appropriate money for the same.

Article 78. To see if the Town will vote to erect two electric lights on Grafton Avenue between State Street and Curtis Street, and appropriate money for the same.

Article 79. To see if the Town will vote to erect one electric light on Centre Street at the west entrance of the Hathaway driveway, and appropriate money for the same.

Article 80. To see if the Town will vote to erect one electric light on Whitlawn Avenue, and appropriate money for the same.

Article 81. To see if the Town will vote to erect five electric lights on Horton Place, and appropriate money for the same.

Article 82. To see if the Town will vote to erect an additional electric light on Warren Avenue between Blue Hills Parkway and Harold Street, and appropriate money for the same.

Article 83. To see if the Town will vote to erect an electric arc light, or one cluster of electric lights, at the junction of Adams and Willard Streets and Granite Avenue, and appropriate money for the same.

Article 84. To see if the Town will vote to accept the provisions of the following Act:

> Chapter 807 of the Acts of 1913, being an Act to provide for compensating laborers, workmen

and mechanics for injuries sustained in public employment, and to exempt from legal liability counties and municipal corporations which pay such compensation.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Town at least fourteen days before said meeting, and leaving printed copies hereof at the dwelling houses in said Town at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton, the fourteenth day of February, nineteen hundred and fourteen.

MAURICE A. DUFFY,
GEORGE R. EATON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

MILTON, MARCH 2, 1914.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton, as within directed, to meet at the time and place, and for the purposes therein mentioned, by posting attested copies of the same in the post-offices of the Town, and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

At a meeting of the inhabitants of the Town of Milton, held according to the foregoing Warrant, March 2, 1914,

the following proceedings were had upon the several articles in said warrant, namely:

Article 1. Felix Rackemann was chosen Moderator *pro tem.*

The following appointments of Ballot Clerks and Tellers were made by the Selectmen to serve at said meeting, viz.: Ballot Clerks: John J. Colgan, Harry C. Rideout, Charles E. Whalen, John H. Donovan, Thomas M. Lennon, L. Leamon Currier.

Tellers: Leonard M. Bradlee, Edward Gallagher, Prescott Skinner, Joseph A. Rein, George A. Lobban, Frederick N. Krim, Holbrook Lincoln, Joseph A. Shea, George W. Shand, Percy E. Bates, Robert J. Clark, Fred A. Packard, Joseph J. Mullen, George A. Partelow, Guy C. Howe, Peter J. Barry, J. Arthur Robson, Henry D. Mahoney, Lewis B. Currier, William A. Murray, Charles H. Woods, Thomas J. Bannin.

All of the above-named Ballot Clerks and Tellers being sworn by the Town Clerk.

At two o'clock and ten minutes, *Voted*, To close the Polls for Town officers in ten minutes.

All ballots cast for the various Town officers having been sorted, counted, declared and recorded, the result being as hereby appended, and the following officers chosen, viz.:

Article 2. Maurice A. Duffy, George R. Eaton, Jacob A. Turner were chosen Selectmen and Surveyors of Highways.

G. Frank Kemp was chosen Town Clerk.

Charles H. Horne was chosen Assessor.

J. Porter Holmes was chosen Town Treasurer.

Hester Cunningham, Reginald L. Robbins were chosen School Committee.

Josiah Babcock was chosen Tax Collector.

J. Herbert Raymond, William A. Will were chosen Auditors.

J. Sumner Draper was chosen Park Commissioner.

Asaph Churchill was chosen Sewer Commissioner.

Thomas B. Gordon was chosen Water Commissioner.

Charleton A. Rowe was chosen on Board of Health.

John S. Bowley, Peleg Bronsdon, Timothy McDermott, Maurice Pierce were chosen Constables.

Samuel Gannett was chosen Trustee of Cemetery.

Nathaniel T. Kidder was chosen Tree Warden.

Walter D. Brooks was chosen Overseer of the Poor.

Robert F. Herrick was chosen Moderator.

Voted, To accept Chapter 807 of the Acts of 1913, being an Act to provide for compensating laborers, workmen and mechanics for injuries sustained in public employment, and to exempt from legal liability counties and municipal corporations which pay such compensation, the vote being as follows Yes 626. No 176. Blanks 630.

Voted, To accept the provisions of Section 42, of Chapter 514 of the Acts of the year 1909, as affected by Chapter 494 of the Acts of the year 1911, which provides that eight hours shall constitute a day's work for city or town employees. The vote being as follows: Yes 583. No. 224. Blanks 625.

Voted, That no license be granted for the sale of intoxicating liquors in this Town. The vote being as follows: Yes 182. No 877. Blanks 373.

Article 3. The following officers were elected *viva voce*, namely: George E. Burt, Arthur H. Tucker, Sur-

veyors of Lumber; George Y. Badger, Malcolm A. LeFevre, Fence Viewers; Calvin H. Sanford, Pound Keeper.

Article 4. *Voted*, That the Auditors' (printed) Report be accepted and placed on file.

Reports of Committees

Milton, February 27, 1914.

To the Citizens of Milton:

Your Town Landing Committee, appointed at the Annual Meeting last March, organized with Mr. Russell, Chairman, Mr. Wigglesworth, Secretary, and reports as follows:

The Old Police Station was again rented to the Milton Boat Club for the current year. With the assistance of the Club a runway for launching and hauling out boats has been built just north of the wharf. Six concrete and oak seats have been installed on the landing, and a shelter placed over two of them. Some grading was done, largely for the benefit of the smaller children, who have no playground near at hand. The negotiations with the Godfrey Coal Company, of which we spoke in our last report, resulted in a decision by the company to leave the landing April 1, 1914. Your committee suggests the continuation of a Town Landing Committee for another year, and has put an article in the Warrant about it.

Respectfully,

(Signed) E. F. W. Bartol,
H. B. Horne,
Timothy W. Melley,
J. S. Russell,
Norton Wigglesworth,
Committee.

Voted, That the report of the committee be accepted and placed on file.

Report of Committee on Flies and Mosquitoes, 1914

Milton, February 28, 1914.

To the Citizens of Milton:

The Committee on Flies and Mosquitoes, appointed by the Moderator as directed by vote of the Town at the Annual Town Meeting of 1913, consisted of Dr. Harris Kennedy, John Balch, and W. K. Field. Early in the season Mr. Balch was obliged by the pressure of other work to resign from this committee; and his place was filled by the appointment of Dr. Edward Reynolds. The committee as thus constituted begs leave to report as follows:

The species of flies and mosquitoes which affect in any noteworthy degree the health and comfort of the citizens of Milton are few in number and are listed in the report made by the committee appointed in 1912. No reason has been found for extending this list. The problem of the house fly is a serious one, but probably not so serious for the community as it used to be. Increasing popular knowledge of these pests, and the danger to health which they represent, make them every year more unwelcome in dwelling houses, and hence they attract more attention wherever they occur; but the decrease in the number of stables, and the improvement in the methods of garbage disposal, are surely lessening their numbers. In many parts of Milton the only breeding places now available for house flies are neglected garbage cans; in these the insects multiply enormously. Obviously this is a matter for the individual attention of householders, with intervention by the Board of Health

at its discretion. The same may be said of the control of conditions in stables. The committee has inquired into various methods of conducting organized municipal campaigns against flies, but has found none which it would feel warranted in urging upon the Town of Milton at the present time.

The mosquito problem is a twofold one, dealing on the one hand with the various species—some merely annoying, others definitely connected with the spread of disease—which breed in fresh-water swamps and ponds, and in cisterns, gutters, and sewers; and on the other hand with two species which are restricted in their early development to the stagnant pools on the salt marshes; the latter do not breed in water that is strongly saline, and the former often occur in pools along the inland edges of the salt marshes; so that the distinction between them cannot be sharply maintained in any preventative or remedial work. However, the committee has definitely ascertained that mosquitoes coming from the salt marshes have been responsible for most of the annoyances which have been reported. This accords with the results of investigations made by many other New England towns situated near the coast.

Concerning the distribution of the "fresh-water" mosquitoes in Milton, the committee has little to add to the information contained in the 1913 report. The progress which has been made in the work of deepening the Neponset River in its course through the meadows above Paul's bridge affords ground for hope that the plague in that neighborhood has been lessened. That area is under the control of the Metropolitan Park Commission. This committee treated with oil, during the past spring, various quarry pools, the swamps along Randolph Avenue from Brook Road to Highland Street, the canal-like depression on the Vose farm near Gun

Hill Street, the swamp lands of Milton Cemetery and those along the course of Pine Tree Brook from Thacher Street to Canton Avenue. Large numbers of mosquito larvae were found in these places, and were destroyed by the temporary film of oil; but it is to be noted that all of them were of species which habitually remain near their breeding-places throughout their adult life. The facts observed do not appear to justify a repetition of the oiling campaign each year, save perhaps in the Gun Hill Street locality, which is probably the worst. A progressive policy of drainage and filling of the swamp lands is much more to be recommended. Such a policy has already been undertaken, in a small way, by owners of real estate in Milton, and the practice will doubtless spread. It is the only permanent remedy for the situation now existing.

The salt marsh mosquitoes were greatly reduced in numbers during the past year by the prompt and effective work of draining the marshes which was done by the Metropolitan Park Commission. Toward the end of the summer—the time when the plague has usually been at its worst—very few mosquitoes were to be found in Milton. Below Granite Bridge there is a marsh area of approximately seventy-five acres which lies within the Town of Milton but is not under the control of the Metropolitan Park Commission; this is a typical breeding-ground for mosquitoes, and demands immediate attention. The committee has made a careful preliminary survey of the area in question, has made such improvements as the Town appropriation permitted, and has recently been enabled by private subscriptions of money to enter into a contract for the complete drainage of the place. The members of the committee have executed this contract with the ditching company as individuals, and not as a Committee of the Town of

Milton; and their activity as a Town committee is brought to a close with the presentation of this report. It is fitting, however, that acknowledgment should be made in this report of the generous public spirit of the owners of the marsh lands and the many other persons who have subscribed liberally toward the immediate completion of this important undertaking.

It is greatly to be hoped that the reduction in the number of mosquitoes coming from the salt marshes will not lead the citizens of Milton to forget that some vigilance must be exercised to keep the drainage ditches open, lest the old conditions return. The committee has carefully deliberated this point but having no proper data on which to base a recommendation for an appropriation, merely advises that during the summer and autumn of 1914 the Board of Health shall observe the condition of the ditches, and use its best efforts to have them preserved in effective condition; and, if further action seems necessary, shall bring before some succeeding Town Meeting a specific recommendation for such action. If in the future the maintenance of the ditches occasions some small annual expense to the Town, the committee is confident that the reduction of the mosquito plague will amply justify the outlay.

Beyond the limits of the Town of Milton are small areas of salt marsh belonging to the City of Boston, and very extensive areas belonging to the City of Quincy. The Boston areas are negligible, for the present at least, as affecting the mosquito problem of Milton. The Quincy areas are important, and the co-operation of the City of Quincy in the work of mosquito control is much to be desired. The committee has conferred with the health officers of Quincy, and with various other citizens of that city, who have shown great interest in

the matter; but up to this time no definite official action has been taken.

The committee offers the following specific suggestions:

1. With reference to the house fly problem: that, in view of the menace to health involved in the multiplication of house flies, greater care be taken by all citizens to keep garbage cans tightly covered and to cleanse them periodically.

2. With reference to the mosquito problem:

(a) That the filling or draining of stagnant pools and swamps be urged upon property owners by the Board of Health, and encouraged in every reasonable way;

(b) That the depression holding a stagnant pond on the Vose farm, near Gun Hill Street, receive special attention; the surface of the pond to be treated with fuel oil or kerosene once annually, about the 10th of April, until such time as it may be feasible to fill or drain the place effectively;

(c) That effort be made to keep the salt marsh drainage ditches in proper working condition.

The committee recommends that these matters be entrusted to the Board of Health, with instruction to seek the co-operation of the Boards of Health of adjoining cities and towns.

Respectfully submitted,

(Signed) William L. W. Field,
Harris Kennedy,
Edward Reynolds,
Committee.

Voted, That the Town accept the report of the Committee on Flies and Mosquitoes, and instruct the Board

of Health to carry out the recommendations contained therein.

ARTICLE 5. *Voted,* To appropriate $74,500 for the support of the schools the present year; to appropriate the further sum of $2,000 for the purchase of pianos.

ARTICLE 6. *Voted,* To appropriate $1,520 for the transportation of pupils the present year.

ARTICLE 7. *Voted,* To appropriate $800 for the medical inspection of the pupils of the public schools the present year, the same to be expended under the direction and at the discretion of the School Committee.

ARTICLE 8. *Voted,* To appropriate $100 to be expended by the Park Commissioners in conjunction with the School Committee in the improvement of school lots the present year.

ARTICLE 9. *Voted,* To appropriate $52,000, plus the excise tax received from the street railways for General Expenses as per the following items:

For work of the nature of permanent and new construction on the main thoroughfares of the Town; said work to be done by contract or otherwise as the Selectmen consider for the best interest of the Town, $30,000.

For other General Expenses, $22,000, plus excise tax.

For Sidewalk Purposes, $3,000.

For Street Watering and Oiling, $11,000.

For Removal of Ice and Snow, $1,000.

For a Five-ton Auto Truck and Scarifier, $5,000.

ARTICLE 10. *Voted,* To appropriate $14,004.16 for street lighting for the present year.

ARTICLE 11. *Voted,* To appropriate the sum of $22,500 for the general expenses of the Fire Department the present year.

ARTICLE 12. *Voted,* That this Article be indefinitely postponed.

ARTICLE 13. *Voted,* That this Article be indefinitely postponed.

ARTICLE 14. *Voted,* That the sum of $250 be appropriated for maintenance; that the sum of $250 be appropriated for renewal of battery plates at Central Station, and that the further sum of $100 be appropriated for the installation of wires underground, and other purposes.

ARTICLE 15. *Voted,* That this Article be indefinitely postponed.

ARTICLE 16. *Voted,* To appropriate the sum of $25,329.75 for the Police Department the present year.

ARTICLE 17. *Voted,* To appropriate the sum of $1,400 to purchase a Stanley Steam Automobile for the use of the Police Department.

ARTICLE 18. *Voted,* To appropriate the sum of $8,000 together with all fines received in 1914, and the Dog Tax of 1913, for the use of the Public Library the present year.

ARTICLE 19. *Voted,* To appropriate the sum of $1,670 for the improvement of the Cemetery the present year.

ARTICLE 20. *Voted,* To appropriate the sum of $2,500

for the general uses of the Board of Park Commissioners the present year.

Article 21. *Voted*, To appropriate the sum of $300 for the development of Crane Field, formerly sometimes known as Belcher Circle, taken by the Park Commissioners as a Public Park in accordance with the vote under Article 50 of the Warrant for the March Meeting, 1913.

Article 22. *Voted*, That this Article be indefinitely postponed.

Article 23. *Voted*, To appropriate the sum of $1,500 together with the receipts of the department for the use of the Tree Warden, to be expended in the care and planting of shade trees, and the destruction of insect pests injurious to trees, the present year.

Article 24. *Voted*, To appropriate the sum of $8,500, together with any funds received from the State on this account, to be expended by the Local Superintendent for the Suppression of Gypsy and Brown-tail Moths in the extermination of the gypsy and brown-tail moths the present year.

Article 25. *Voted*, To pay no salary to the Tree Warden.

Article 26. *Voted*, To appropriate the sum of $1,200 for the erection of a building to be used for the needs of the Tree Warden's Department.

Article 27. *Voted*, To appropriate the sum of $5,000, together with the proceeds from the Town Farm and reimbursements from other cities and towns, for the

support of the poor the present year; to appropriate the further sum of $1,500 for repairs.

ARTICLE 28. *Voted,* To appropriate the sum of $1,040 for Soldiers' Relief the present year.

ARTICLE 29. *Voted,* To appropriate the sum of $1,200 for State Aid the present year.

ARTICLE 30. *Voted,* To appropriate the sum of $625 for the Maintenance of the Sewer Department the present year.

ARTICLE 31. *Voted,* To appropriate the sum of $9,000 out of the Sewer Assessment Account, for the extension of the Sewerage System the present year.

ARTICLE 32. *Voted,* To appropriate the sum of $2,500 for the extension of water mains the present year.

ARTICLE 33. *Voted,* To appropriate the sum of $9,000 for hydrant service; and the further sum of $600 for water service to Public Fountains the present year.

ARTICLE 34. *Voted,* To appropriate the sum of $2,083 for the Health Department the present year, and that this appropriation include the expense of inspection of sewer connections.

ARTICLE 35. *Voted,* To appropriate the sum of $3,333.33 to be expended under the direction of the Board of Health, for the collection of ashes and garbage during the present year from such places as said Board in its discretion may designate.

ARTICLE 36. *Voted,* To appropriate the sum of

$8,249.92 for the salaries for the present year, to be disbursed as follows:

Selectmen: Chairman, $583.33. Other members $416.66 each.

Assessors: Chairman, $500. Other members $416.66 each.

Treasurer, $1,000. Town Clerk, $416.66.

Collector of Taxes, $1,000. Auditors, $208.33 each.

Registrars of Voters: Clerk, $83.33. Other members $41.66 each.

Inspector of Animals, $250.

Inspector of Buildings, $666.66.

Inspector of Milk, $250.

Inspector of Plumbing and Deputy Inspector, $3 for each permit, the amount required to be taken from Miscellaneous Account.

Clerk of Selectmen, $750, with the understanding that the services for which this salary is paid shall include the bookkeeping work required by the Overseers of the Poor.

Sealer of Weights and Measures, $125.

Clerk for Assessors, $416.66.

ARTICLE 37. *Voted,* That this Article be indefinitely postponed.

ARTICLE 38. *Voted,* To appropriate the following sums for miscellaneous expenses the present year:

For general expense, $3,000.
For interest charges, $8,865.
For Contingent Fund, $3,500.
For Town Hall and lot, $1,500 and receipts.
For printing, $2,300.
For insurance, $4,000.

ARTICLE 39. *Voted,* To appropriate the sum of $600 for the general uses of the Board of Assessors the present year.

ARTICLE 40. *Voted,* That the Collector of Taxes be and hereby is authorized to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

ARTICLE 41. *Voted,* To fix the rate of interest on taxes unpaid after November 1, 1914, at six per cent.

ARTICLE 42. *Voted,* That this Article be indefinitely postponed.

ARTICLE 43. *Voted,* That the Town Treasurer, with the approval of the Selectmen, be, and hereby is, authorized to borrow to an amount not to exceed $200,000 in anticipation of the revenue of the financial year ending December 31, 1914, and to issue a note or notes therefor payable within one year from the date thereof; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1914.

ARTICLE 44. *Voted,* That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1915, to an amount not to exceed $50,000 in anticipation of the revenue of the financial year ending December 31, 1915, and to issue a note or notes therefor payable within one year from the date thereof; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1915.

ARTICLE 45. *Voted,* To appropriate the sum of $250

to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Article 46. *Voted*, That the Selectmen be and hereby are authorized to employ counsel to represent the Town at hearings before Committees of the General Court.

Article 47. *Voted*, That this Article be indefinitely postponed.

Article 48. *Voted*, That this Article be indefinitely postponed.

Article 49. *Voted*, To appropriate the sum of $2,000 towards the restoration of the Perpetual Care Fund; that such sum be deposited by the Town Treasurer in the same manner and upon the same terms as the appropriation of 1910.

Article 50. *Voted*, To appropriate the sum of $626.67 towards the restoration of the Jason Reed Cemetery Fund; that such sum be deposited by the Town Treasurer in the same manner and upon the same terms as the appropriation of 1910.

Article 51. *Voted*, To appropriate the sum of $2,368.51 towards the restoration of the Elizabeth T. L. Reed Park Fund; that such sum be deposited by the Town Treasurer in the same manner and upon the same terms as the appropriation of 1910.

Article 52. *Voted*, To appropriate the sum of $645.86 for the retirement of teachers in the public schools under the provisions of Chapter 498, Acts of 1908.

Article 53. *Voted*, To appropriate the sum of $2,256.75

for the present year for the purposes of providing pensions for the members of the Police and Fire Departments retired and placed upon the pension rolls under the provisions of Chapter 327, Acts of 1904.

Article 54. *Voted*, To appropriate the sum of $714.57 for pensions for laborers under Chapter 503, Acts of 1912.

Article 55. *Voted*, To appropriate the sum of $300 for band concerts.

Article 56. *Voted*, To accept as a gift the parcel of land belonging to Nathaniel B. Hinckley, located on Brook Road, and consisting of about 2.93 acres, and bounded as follows: On the north by land of James S. Russell; on the east by Brook Road; on the south or southeast by land of the Town of Milton known as Brook Road Playground; on the west by land of H. H. Wanamaker, the end of Viola Street, land of M. J. and Maria Kelly, and land of George E. and Waldo C. Burt, or however else it may be described; provided the title proves satisfactory to the Selectmen; and said land to be added to the parcel of land now held by the Town and known as Brook Road Playground, and to be used as a part of the same and under the same management.

Article 57. *Voted*, That the question of a municipal gymnasium be considered by a committee of five citizens, consisting of the Chairman of the Park Commissioners, the Chairman of the School Committee, and three named by the permanent Moderator, said committee to fill vacancies occurring in it, and to report in writing to the Town at the Annual Meeting of March, 1915, or earlier as it deems best; said committee to also consider and report upon the general development of the Brook Road

Playground as enlarged by the Hinckley addition and that $500 be and hereby is appropriated for the necessary expenses of said committee.

ARTICLE 58. *Voted,* That the report of the Committee on Pine Tree Brook be accepted, and that the Board of Sewer Commissioners is hereby authorized to obtain the enactment of a statute substantially as recommended in said report, with such amendments as to said Board shall deem advisable; said Board may deepen, widen, clear of obstruction, straighten, alter and divert Pine Tree Brook and the channel thereof between Pope's pond and Turner's dam at Canton Avenue, first obtaining all necessary and proper legal authority for their acts, from all persons whose interests may be affected, or otherwise, and may obtain for the Town by gift or otherwise such rights and easements in and along said stream and in and to said Turner's dam, and in behalf of the Town may enter into such agreements, as recommended in said report, or as may seem advisable to said Board; said Board may also change, alter and rebuild the highway bridge over said Pine Tree Brook at Thacher Street, provided, however, that before work is commenced on said bridge, plans therefor shall be approved by the Selectmen, and may do all other things necessary or proper to carry into effect the purposes of this vote, including the employment of counsel to represent the Town at hearings before committees of the General Court, and for other purposes; and that $5,000 is hereby appropriated for the aforesaid purpose to be expended by said Board.

ARTICLE 59. *Voted,* To instruct the Selectmen to appear before the Legislative Committee on Municipal Finance, either in person or by counsel, and urge the

passage of Senate Bill No. 201, entitled, "An Act to authorize the Town of Milton to provide for surface water drainage."

ARTICLE 60. *Voted,* To change Section 2 of Chapter 10 of the Revised By-Laws so as to read:

SECTION 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a Town way, the document relating to such laying out shall be accompanied by a letter from the Selectmen, which shall be filed in the office of the Town Clerk, together with said documents, before such way shall be accepted.

The letter shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the Town.

ARTICLE 61. *Voted,* To substitute the following sections for sections similarly numbered in Chapter 2 of the Revised By-Laws:

SECTION 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officersto be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

SECTION 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting

to the following Saturday at one-thirty o'clock in the afternoon.

NOTE: The foregoing amendments to the Revised By-Laws, voted under Articles 60 and 61, were duly approved by the Attorney-General December 10, 1914.

ARTICLE 62. *Voted*, That this Article be indefinitely postponed.

ARTICLE 63. *Voted*, That the committee appointed under the Town Hall Resolution of March, 1913, be continued for one year, that it prepare and submit to the Town at a future meeting, not later than the Annual Meeting of March, 1915, detailed plans and specifications, and to obtain bids covering the needs of increasing the Town Hall facilities; and to appropriate the sum of $2,500 for the purpose of this committee.

ARTICLE 64. *Voted*, That the Committee on the Town Landing, consisting of Edward F. W. Bartol, Horace B. Horne, Timothy W. Melly, James S. Russell, and Norton Wigglesworth, be continued for the ensuing year as a committee of five members, vacancies therein at any time to be filled by the remaining members of the committee, said committee, on behalf of the Town, to take charge and management of the property known as the Town Landing, consisting of upland and flats, with power to improve, alter or change the same, to make rules and regulations as to the use thereof by the public, to erect and maintain suitable and proper structures thereon, and to rent the same for terms expiring not later than March, 1915, to enter into agreements with owners of abutting lands relative to the use of said Town property, to protect and enforce the rights of the Town therein, and prevent unlawful infringement of said rights,

and to do all things necessary or proper in the premises, including the bringing of suits and the employment of counsel, and that the sum of $500, together with any unexpended balance from previous appropriations for said committee or receipts by it, and any sums which may be received as rentals of said property during the ensuing year, is hereby appropriated for the use of said committee; said committee to report in writing at the next Annual Town Meeting.

ARTICLE 65. *Voted*, That the Committee of Three on Revision of Building Laws be continued, any vacancies occurring in it to be filled by the permanent Moderator; said committee to report to the Town at the Annual Meeting of 1915, or earlier, as it deems best; and that the unexpended balance of the $500 appropriated March, 1913, for the use of the committee, be at its disposal as continued.

ARTICLE 66. *Voted*, That this Article be indefinitely postponed, as the Town has no authority to take action.

ARTICLE 67. *Voted*, That this Article be indefinitely postponed.

ARTICLE 68. *Voted*, That this Article be indefinitely postponed.

ARTICLE 69. *Voted*, That the Selectmen be and hereby are authorized to sell the whole or any portion of the parcel of land adjacent to Brook Road and Waldeck Road, so-called, containing 2,500 square feet, more or less, and to execute proper conveyance of same.

ARTICLE 70. *Voted*, That the Selectmen be and hereby are instructed to appoint an additional night patrolman

to cover the territory between Brook Road Boulevard and Centre Street, giving special attention to Randolph Avenue and Centre Street from Algerine Corner to the Milton Public Library.

Article 71. *Voted,* To extend Kahler Avenue through to Thacher Street, as laid out by the Selectmen; and to appropriate the sum of $3,000 for land damages and construction.

Article 72. *Voted,* To accept Eliot Street at the intersection of Central Avenue, as altered by the Selectmen, as a Town way.

Article 73. *Voted,* To accept Petersburg Avenue, as laid out by the Selectmen, as a Town way; and to appropriate the sum of $200 for construction.

Article 74. *Voted,* That this Article be indefinitely postponed.

Article 75. *Voted,* That this Article be indefinitely postponed.

Article 76. *Voted,* To appropriate the sum of $252 for installing a fire alarm box on Randolph Avenue near the Park line.

Article 77. *Voted,* To appropriate the sum of $165 for installing a fire alarm box on Warren Avenue at its intersection with Dyer Avenue.

Article 78. *Voted,* To erect two electric lights on Grafton Avenue, between State Street and Curtis Street, and to appropriate the sum of $34.24 for the same.

ARTICLE 79. *Voted,* That this Article be indefinitely postponed.

ARTICLE 80. *Voted,* To erect an electric light on Whitelawn Avenue, and to appropriate the sum of $17.12 for the same.

ARTICLE 81. *Voted,* To erect three electric lights on Horton Place, and to appropriate the sum of $51.36 for the same.

ARTICLE 82. *Voted,* To erect an electric light on Warren Avenue, between Blue Hills Parkway and Harold Street, and to appropriate the sum of $17.12 for the same.

ARTICLE 83. *Voted,* That this Article be indefinitely postponed.

ARTICLE 84. This Article being placed upon the ballot by statute called for no voice action at the meeting, and the result of the vote has been previously recorded.

The following resolutions being presented to the meeting were read and unanimously accepted.

Resolved: That we, the citizens of Milton in our annual meeting assembled, express our great sorrow in the untimely death of Henry H. Barnes, Chairman of the Board of Selectmen. For many years he took an active part in our Town affairs, and as Auditor and Selectman he gave to this municipality sincere devotion to public duties, coupled with untiring energy and unquestioned integrity. We mourn the loss of an able public official and of a genial friend. Be it further resolved, that these resolutions be entered on the records of the Town, and that a copy be sent to the family of Mr. Barnes.

Resolved: That the citizens of Milton in town meeting

assembled desire to place on the records of the Town an expression of their appreciation of the character and work of the late George F. Choate, who was for many years connected with the Fire Department and Department of Wires. Mr. Choate was conspicuous for the devotion and intelligence with which he always performed his onerous duties. He gave his time and energy to the people at all hours of the day and night, always in earnest, but always modestly. His sound judgment was a safe guide for the officers and members of the departments. We should value his example and cherish his memory.

Voted, That the thanks of the Town be extended to the Warrant Committee and Chairman.

March 2, 1914, at 8 hours 15 minutes P.M., *Voted,* That the meeting be dissolved.

The foregoing meeting was opened at 6 o'clock A.M. by the Town Clerk (who proceeded to read the Warrant); upon the conclusion of the reading of the third article it was moved that the further reading of the Warrant be dispensed with. Said motion being put was unanimously carried and the further reading of the Warrant (except the concluding paragraphs) was dispensed with.

At the meeting aforesaid the total number of ballots cast was 1,546, 114 ballots being cast by women voters for School Committee.

A true record.

Attest:

G. FRANK KEMP,
Town Clerk.

Warrant Committee

The following citizens were appointed by the permanent Moderator as a Warrant Committee for the ensuing

year in accordance with Chapter 2 of the Revised By-Laws, viz.:

Theodore T. Whitney, Jr., George L. Anthony, William B. Batchelder, George L. Bauldry, Peleg Bronsdon, Ralph S. Carpenter, Philip Y. DeNormandie, Waldo Forbes, Benjamin R. Fuller, Michael Gibbons, Dr. Joel E. Goldthwaite, Michael W. Hansbury, James Lawrence, Jr., Frank E. Orcutt, Samuel H. Wolcott.

Town Officers Sworn, 1914

March 2. The following Town Officers were sworn by the Moderator in open Town Meeting, namely:
G. Frank Kemp, as Town Clerk; Maurice A. Duffy, as Selectman and Surveyor of Highways; J. Porter Holmes, as Town Treasurer; Thomas B. Gordon, as Water Commissioner; Maurice Pierce, Timothy McDermott, and Peleg Bronsdon, as Constables.

2. William A. Will, as Auditor.
2. Charles H. Horne, as Assessor.
2. J. Herbert Raymond, as Auditor.
3. Carleton A. Rowe, as a member of Board of Health.
4. Josiah Babcock, as Collector of Taxes.
4. Reginald L. Robbins, as a member of School Committee.
4. Nathaniel T. Kidder, as Tree Warden.
5. Jacob A. Turner, as Selectman and Surveyor of Highways.
5. Asaph Churchill, as Sewer Commissioner.
6. George R. Eaton, as Selectman and Surveyor of Highways.
6. Hester Cunningham, as a member of School Committee.
7. Joseph H. Duffy, as Selectmen's Clerk.
9. John Shea, as Public Weigher.
9. James Sangster, as Superintendent of Town Hall.
9. James Sangster, as Sealer of Weights and Measures.
9. James Sangster, as Special Police.
9. Maurice Pierce, as Keeper of Lockup.
10. Henry D. Capen, as Special Police.
10. Frederick D. Southard, as Special Police.
11. J. Sumner Draper, as Park Commissioner.
11. Joseph W. Pond, as Special Police.
11. Edson D. Sawyer, as Special Police.
12. Calvin H. Sanford, as Special Police.
12. Calvin H. Sanford, as Pound Keeper.
12. Joseph F. White, as Special Police.

March	13.	James Spencer, as Inspector of Animals.
	16.	Frank A. Splaine, as Special Police.
	16.	Joseph F. Forbes, as Special Police.
	16.	Walter D. Brooks, as Overseer of Poor.
	18.	Samuel Gannett, as Trustee of Cemetery.
	20.	Chester F. B. Lewis, as Public Weigher.
	20.	James O'Hare, as Special Police.
	20.	Thomas H. Kelly, as Special Police.
	24.	Norman P. Bowman, as Permanent Patrolman.
	24.	John P. Driscoll, as Permanent Patrolman.
	24.	J. Herbert Raymond, as Public Weigher.
	24.	Ralph H. Dodd, as Public Weigher.
	25.	Ernest E. Choate, as Superintendent of Wires.
	25.	George E. Burt, as Surveyor of Lumber.
	25.	George E. Burt, as Inspector of Buildings.
	25.	John S. Bowley, as Constable.
	25.	George Y. Badger, as Fence Viewer.
	27.	Samuel A. Morse, as Public Weigher.
	30.	Lawrence R. Donahue, as Special Police.
	31.	Charles C. Copeland, as Public Weigher.
April	7.	Michael Hansbury, as Special Police.
	10.	Malcolm LeFevre, as Fence Viewer.
	14.	George A. Simpson, as Special Police.
	24.	Walter W. Conley, as Public Weigher.
	30.	J. Harry Homes, as Fire Engineer.
	30.	M. Joseph Manning, as Fire Engineer.
May	1.	Horatio Gilbert, as Fire Engineer.
	18.	Ernest E. Leavitt, as Special Police.
	23.	William H. Byrnes, as Special Patrolman.
	23.	John B. Shields, as Special Patrolman.
June	16.	William H. Chadbourne, as Field Driver.
	16.	William H. Chadbourne, as Special Police.
	22.	John Cambell, as Special Police.
July	3.	Thomas A. Douglass, as Special Police.
Aug.	3.	Patrick F. Mahoney, as Registrar of Voters.
	15.	James J. Cummings, as Special Police.
Sept.	22.	James S. Gallagher, as Fire Engineer.

Acceptances

Jan.	13.	Nathaniel T. Kidder, as Forest Warden.
	13.	Nathaniel T. Kidder, as Local Superintendent for Suppression of Gypsy and Brown-tail Moths.
March	6.	Harry K. White, as Trustee of Public Library.
	7.	Arthur H. Tucker, as Trustee of Public Library.
	9.	Roderick Stebbins, as Trustee of Public Library.
April	1.	Roger L. Scaife, as Art Commissioner.

SEPTEMBER PRIMARY

WARRANT

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton, qualified to vote at elections, to meet in the Town Hall in said Milton, on Tuesday, the twenty-second day of September next, at four o'clock in the afternoon, then and there to bring in their ballots to the primary officers for the nomination of candidates of political parties for the following offices: Governor, Lieutenant-Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney-General, all for the Commonwealth; Congressman for the Fourteenth Congressional District; Councillor for the Second District; Senator for the First Norfolk District; Representative in the General Court for the Fourth Norfolk District; County Commissioner for the County of Norfolk; District Members of State Committee for each political party for the First Norfolk Senatorial District; Members of the Democratic Town Committee; Members of the Republican Town Committee; Members of the Progressive Party Town Committee; Delegates to the State Conventions of Political Parties.

All the above candidates and officers are to be voted for upon one ballot. The polls may be closed at 9 o'clock P.M.

And you are directed to warn the inhabitants qualified as aforesaid to meet at the time and place and for the

purposes herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Milton at least fourteen days before the date of said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton this 4th day of September, nineteen hundred and fourteen.

JACOB A. TURNER,
MAURICE A. DUFFY,
GEORGE R. EATON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, September 22, 1914.

NOVEMBER MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton, qualified to vote at elections, to meet in the Town Hall in said Milton, on Tuesday, the third day of November next, it being the Tuesday after the first Monday in said November, at six o'clock in the forenoon, then and there to bring in their ballots for Governor, Lieutenant-Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney-General, all for this Commonwealth; Member of Congress for the Fourteenth Congressional District; Councillor for the Second District; Senator for the First Norfolk District; Representative in the General Court for the Fourth Norfolk District; County Commissioner for the County of Norfolk; also to see if the Town will vote to accept the provisions of the following Chapters of the Acts of 1914, Chapter 217, entitled "An Act relative to vacations of laborers employed by cities and towns." Chapter 688, entitled "An Act to make Saturday a half-holiday for laborers, workmen and mechanics employed by or on behalf of the Commonwealth, and otherwise to regulate their employment." Chapter 790, entitled "An Act to abolish the enrolment of members of political parties and to limit the membership of ward and town committees."

All to be voted for on one ballot. The polls may be closed at 4 o'clock P.M.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Milton, at least fourteen days before the date of said meeting and leaving printed copies hereof at the dwelling houses in said Milton at least four days before said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton, this 16th day of October, nineteen hundred and fourteen.

JACOB A. TURNER,
MAURICE A. DUFFY,
GEORGE R. EATON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, November 3, 1914.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as therein directed, to meet at the Town Hall, in said Milton, upon the date above mentioned for the purposes therein set forth.

DEPARTMENTAL REPORTS

REPORT OF THE ASSESSORS OF TAXES FOR THE YEAR 1914

Honorable Board of Selectmen:

The Assessors of Taxes of the Town of Milton herewith submit their annual report for the year 1914.

In the first two months of the year the Assessors, in addition to transacting routine business, squared their abatement account with the Collector of Taxes.

At the annual election of Town officers, held in March, 1914, Mr. Charles H. Horne was elected Assessor of Taxes for the term of three years, succeeding the late Mr. Nickerson, and qualified immediately.

In March the board organized as follows: Chairman, Wm. W. Churchill; secretary, Herbert B. Tucker. Mr. Wallace Tucker was reappointed clerk for the board for the ensuing year.

During the month of April the Assessors made the customary tour of the Town for the purpose of listing the names of poll tax payers, statistics of tangible personal property, verifying the list of women voters and gathering other information, as required by law and vote of the Town. Mr. Tucker covered the East District of the Town. Mr. Horne covered the Central District of the Town. Mr. Churchill covered the West District of the Town.

The Assessors posted the usual notices and advertised the same, calling upon all tax payers to bring in to them, on or before May 15, 1914, a true list of their polls, real and personal property which is liable to taxation here.

The Assessors take this opportunity to urge all in-

dividuals to file their sworn lists in order that a just and fair assessment may be levied on all.

The months of May, June and July were devoted to levying the tax on real estate and taxable intangible property. In September the tax rate of $11.80 per thousand dollars was declared. Regularly scheduled meetings of the board were held Thursday evenings in October to listen to petitioners for abatements on their taxes. Additional meetings were held at intervals through November and December for the purpose of clearing up our docket.

Between December 10 and December 20 several meetings were held to levy additional taxes. One member of the board has attended the public meetings of the Registrars of Voters.

The population of the Town is 8,573.

Additional statistics are as follows:

Total number of horses	596
Total number of cows	539
Total number of neat cattle other than cows	0
Total number of swine assessed	0
Total number of fowls assessed	2,290
Total value of fowls	$2,200
Total number of dogs	509
Total number of dwelling houses	1,670
Total number of acres assessed	6,224

The Town received in corporation and bank taxes, $97,973 20

TAXES ASSESSED IN TOWN OF MILTON FOR THE YEAR 1914

Valuation of personal property, including resident bank tax	$17,411,529 00	
Valuation of real estate, including buildings	14,191,310 00	
Total valuation		$31,602,839 00
Tax rate, $11.80 per thousand; total tax		372,913 50

Town tax	$232,401 32	
State tax	60,462 50	
County tax	23,156 84	
South Metropolitan Sewer tax	21,515 56	
Metropolitan Park, including State Highway tax	20,419 18	
Charles River Basin tax	3,048 66	
Overlays	11,909 44	
		$372,913 50
2,211 poll taxes	4,422 00	
Local town sewer tax	5,416 45	
Gypsy Moth Tax	2,515 90	
Sidewalk assessments	1,739 72	
Non-resident bank tax	1,329 86	
Bay State St. Ry. Co. Excise tax	2,143.60	
Blue Hill St. Ry. Co. Excise tax	626 34	
Additional tax in December	10,258 09	
Additional poll tax	94 00	
		28,545 96
Total tax levied		$401,459 46

Respectfully submitted,

WILLIAM W. CHURCHILL,
HERBERT B. TUCKER,
CHARLES HORNE,
Assessors of Milton.

REPORT OF THE TRUSTEES OF CEMETERY FOR 1914

To the Citizens of Milton:—

The Trustees of Cemetery make the following report: We have made 108 interments, 47 of which were from out of town; 22 lots taken by citizens; 4 single graves sold; 20 lots were regraded and seeded; 12 perpetual care lots were regraded and seeded; 15 lots were taken under perpetual care; 18 graves planted to myrtle and English ivy; 15 foundations for monuments were made; 19 foundations for headstones and markers were made; 9 markers set; 14 graves were evergreened; 5 removals were made; 2 tombs were taken down and lots made on the sites; 48 lots laid out in 1913, 23 were finished. Elm Avenue from Shamrock to Wilson Avenue was graveled.

The above was done besides the general care of the cemetery. Eleven and a half cords of wood were sold. Mr. Kidder has been asked about the gypsy moth. He says, "The gypsy moth condition in the cemetery is improving, but it is not as much better as we might wish. The trees should all be sprayed this year again in both parts of the cemetery, not only for the gypsy moths, but also because of the presence of a good many forest tent caterpillars and the likelihood of canker worms on certain kinds of trees. Co-operation in this work is important, and we hope that the neighboring woodlots will be sprayed by their owners."

We respectfully ask for $2,500.

Samuel Gannett,
C. Minot Weld,
Thomas K. Cummins,
J. Frank Pope,
Henry E. Sheldon,
Trustees of Cemetery.
Thomas W. Pond,
Supt. of Cemetery.

ENGINEERS' REPORT

MILTON, MASS., January 13, 1915.

To the Honorable Board of Selectmen:

GENTLEMEN:—The Board of Engineers submit their report for the year 1914 as follows:

The board organized with J. Harry Holmes as chief and Horatio Gilbert as clerk. M. J. Manning resigned as a member of the board, and James S. Gallagher was appointed to fill the vacancy.

There have been 169 alarms, of which 49 were bell alarms, and of these, 17 were calls to Boston and 3 to Quincy. Boston responded to 7 alarms in Milton.

The value of the property at risk was $205,985.

The total loss by fire was $32,651.09, on which $27,776.59 in insurance was paid.

The Central Station, Combination House and shed in rear, and Hose 2, have been painted.

The permanent men have painted the interior of the several houses.

Two horses have been sold, 1 killed and 1 placed in a good home. Two new ones have been purchased.

Two new fire alarm boxes have been installed, 131, corner Dyer and Warren Avenues, and 351, on Randolph Avenue near Town line.

One permanent man has been pensioned and 1 permanent man appointed.

There have been 3 deaths in the call force—1 callman has resigned and 4 callmen appointed.

The rear seat of the Chief's automobile has been removed and a chemical tank with 150 feet of hose has been put on in its place.

Eighty-four garages have been inspected during the

year; 22 permits for blasting and 33 permits for burning have been issued.

The department has laid 12,500 feet of hose as against 5,000 feet last year.

The Engineers believe that fire alarm boxes should be established in several new locations.

It also seems advisable to have keys kept in the locks of all fire alarm boxes behind glass, thus doing away with the present system of having to run to somebody's house in order to get a key. This work can be done gradually without asking for an extra appropriation.

We strongly recommend the purchase and installation of 3 pieces of automobile fire apparatus as follows: 1 auto pumping engine and hose car; 1 auto ladder and chemical truck; 1 auto combination hose and chemical car.

By so doing, the following pieces now in service, can be done away with: 1 steam fire engine; 1 hose wagon; 1 ladder truck; 1 combination hose and chemical wagon.

It would also do away with 9 horses, whose cost to the Town for one year for feed and horse-shoeing alone, was $1,581.89.

Under this arrangement the chemical house can be closed up. The cost of repairs on wagons, harnesses, stalls, and also the cost of veterinary services, will be eliminated.

Reports received from 35 towns, where automobile apparatus is now in service, show an average cost for maintenance and operation, of approximately $75 per car per year. Thus, these machines will pay for themselves in a surprisingly short space of time.

Motor apparatus would greatly improve the efficiency of the Fire Department.

In the first place, an auto pumping engine has a capacity of about 750 gallons of water per minute, and could

deliver good fire streams through 3 lines of hose, whereas the capacity of the present steamer is not over 500 gallons per minute and can only handle 2 lines of hose.

The proposed ladder truck would be equipped with a large chemical tank not found in the present equipment.

Upon arrival of the present apparatus at a fire, 6 men are required to look out for it and are unable to work directly on the fire: 1 man to hold steamer horses; 1 man to stoke steamer; 1 man to run steamer; 1 man to hold hose wagon horses; 1 man to hold ladder truck horses; 1 man to hold combination hose and chemical horses.

With proposed motor apparatus installed, one man to run the pumping engine would be all that would be required.

Fires are generally small at the start and spread with varying rapidity until the Fire Department arrives. If apparatus arrives promptly, many incipient fires can be extinguished with chemicals alone, that after a short delay, the whole department with all its hose and destructive water cannot prevent from being a serious loss. Motor apparatus will arive at a fire in about one-third the time taken by horse-drawn apparatus.

The Engineers have endeavored to figure out the most economical way to motorize, and intend to use as much of our present equipment as possible.

In case the proposed motor apparatus is not installed, it will be necessary for the Town to appropriate $2,000 for the purchase of 5 new horses for the department. One horse has already been disposed of, and 4 more are no longer fit for service.

We recommend an appropriation for the maintenance and operation of the Fire Department of $25,400.

We recommend a special appropriation for the pur-

chase of 3 pieces of automobile fire apparatus, and making necessary changes in buildings to house same $17,000.

Respectfully yours,

J. Harry Holmes, *Chief,*
Horatio Gilbert,
James S. Gallagher,
Board of Engineers.

Note: Inasmuch as six months of the year will be gone before motor apparatus can possibly be installed in case the Town votes to purchase it, the difference in the cost of maintenance of the Department under the two systems will not be so great this year as in years to come.

RECORD OF ALARMS OF FIRE FOR THE YEAR ENDING DECEMBER 31, 1914

REPORT OF THE BOARD OF HEALTH

MILTON, MASS., January 1, 1915.

To the Citizens of Milton:

The number of cases of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1914	1913	1912
Diphtheria	8	10	8
Scarlet Fever	52	18	10
Measles	7	23	29
Typhoid Fever	5	3	5
Tuberculosis	9	13	15
Chicken Pox	27	21	8
Whooping Cough	16	5	29
Mumps	3	3	3
Tonsilitis	0	10	0
Ophthalmia Neonatorum	1	0	3
German Measles	1	0	0
Cerebro-Spinal Meningitis	1	0	0
Septic Sore Throat	5	0	0

The whole number of deaths recorded in 1914 is 110 (male 62, female 48), giving a death rate of 12.71 per thousand inhabitants.

	1914	1913	1912
Number of deaths	110	101	90
Rate per thousand	12.71	12.28	11.46

Ten cases of scarlet fever occurring in the Tucker School district in March and eighteen cases in the center of the Town in May was the cause of the number of contagious diseases above normal. A few cases of diph-

theria, scarlet fever and tuberculosis have been sent to hospitals; the others were cared for at their homes.

Hospital cases are treated at the Massachusetts Homeopathic Hospital in Brighton at an expense of $10.50 per week and $6 for ambulance. Tuberculosis cases are sent to a State sanatorium, the Town paying $4 per week, the State assuming the same amount.

TUBERCULOSIS

Milton is at present fortunate in her small number of people afflicted with tuberculosis; there being but eight cases on record at the present time, and of this number several are considered as arrested cases by their attending physicians.

The number of incorrigible or unteachable consumptives is at a minimum.

It is not the desire of the board to burden that portion of the public who are accessible to the many sources of anti-tubercular information with advice, but if there should be any who are inaccessible or unfamiliar with anti-tubercular treatment let them at once seek advice from their attending physician or confer with the Board of Health; always remembering that the day when the consumptive was considered a social outcast is past and the earliest possible diagnosis makes this disease more amenable to treatment.

All physicians are respectfully requested to notify the Board of Health as early as possible of any case, be it positive or suspicious.

APPOINTMENTS

F. G. Kemp, Agent for Issuing Burial Permits; L. E. Young, Inspector of Plumbing; C. H. Sandford, Caretaker of Hospital; A. W. Draper, Agent for the Board of Health; W. C. Tucker, Inspector of Milk; W. C.

Tucker, Inspector of Slaughtering. J. R. Lawrence was given a permit to empty vaults and cesspools. Peter McIntyre was given a permit to slaughter cattle, sheep and swine for food.

Several inspections have been made by the board.

Sanitary conditions were generally good and will be improved when the sewer system is extended to the more congested parts.

MILTON, MASS., January 13, 1915.

Board of Health, Milton, Mass.:

GENTLEMEN:—I hereby submit my report for the year ending 1914:

14 vaults cleaned,

64 cesspools, 154 loads from same.

Respectfully yours,

JOHN R. LAWRENCE,

Milton, Mass.

MILTON, MASS., January 12, 1915.

To the Board of Health:

GENTLEMEN:—I herewith submit my report for the collection of ashes and garbage for the year ending December 31, 1914. There has been collected 118,785 barrels of ashes and 91 cords of garbage. There are also 45 more dwellings that have received the service the past year. There are also a great number of houses that do not provide the proper garbage pails.

Yours, F. T. HANNA.

Respectfully submitted,

JACOB S. LINCOLN,

ABIJAH W. DRAPER,

CARLTON A. ROWE, M.D.,

Board of Health.

REPORT OF THE INSPECTOR OF ANIMALS

MILTON, MASS., January 12, 1915.

To the Honorable Board of Selectmen:

GENTLEMEN:—I have the honor to present as Inspector of Animals, the following report for the year ending December 31, 1914. I inspected 104 stables where cattle are kept, and found them with but few exceptions in good sanitary condition, meeting requirements in regard to light, water supply, drainage, ventilation, etc. I gave a physical examination to 848 cows, 16 bulls, 38 sheep, 18 young, and 121 pigs, all of which I found free from tuberculosis or any other contagious disease. I quarantined 3 cows for tuberculosis, turning same over to the State. They were killed.

I have also examined all cattle entering the Town from outside the State and reported on same to the Department of Animal Industry.

Respectfully submitted,

JAMES SPENCER,
Inspector.

REPORT OF THE INSPECTOR OF BUILDINGS

MILTON, MASS., January 1, 1915.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my annual report for the year ending December 31, 1914.

There have been 147 applications made, and permits issued, for same. I have made 817 inspections. There have been 18 buildings examined for permits to move and 13 permits issued.

WORK OF THE BUILDING DEPARTMENT BY MONTHLY REPORT

Months	Permits for Wooden Buildings	Permits for Stone, Cement and Brick Buildings	Valuation by Application
January	7		$30,960 00
February	5	1	10,100 00
March	17	1	48,250 00
April	14	10	48,225 00
May	13		31,500 00
June	9	2	53,165 00
July	8	4	63,925 00
August	1	1	6,200 00
September	8	1	27,475 00
October	12	3	43,995 00
November	18		55,240 00
December	9	3	26,400 00
	121	26	$445,435 00

Making the valuation, as per applications, $445,435.

Respectfully submitted,

G. E. BURT,
Inspector of Buildings.

REPORT OF THE INSPECTOR OF MILK

MILTON, MASS., January 1, 1914.

To the Board of Health:

GENTLEMEN:—As Inspector of Milk I report for the year ending December 31, 1914, the following:

Thirty-six licenses for the sale of milk and cream were issued—10 to stores and 26 to wagons. Of these 25 were to residents and 11 to non-residents; 297 samples of milk and cream were taken for chemical tests, and 103 samples for bacteriological examinations. As usual dairies have been inspected and suggestions offered for improvement of the same.

Again I would remind consumers that I am ready and glad to help them to secure satisfactory, clean, and pure milk.

Respectfully,

WALLACE C. TUCKER,
Inspector.

REPORT OF THE INSPECTOR OF PLUMBING

MILTON, MASS., January 1, 1915.

To the Honorable Board of Health:

GENTLEMEN:—I beg leave to submit the following report for the Department of Inspection of Plumbing for the year ending December 31, 1914.

One hundred ninety-four permits to perform plumbing have been issued from this office, the approximate valuation of the work being forty-seven thousand four hundred sixty dollars ($47,460).

Sixty-six buildings have been connected with the Town sewers, the larger part of these connections having been made possible by the installation of new sewers.

While encouraging progress in extending the Town sewerage system has been made the past year, there is still great need of further extensions, especially in those localities where contracted sizes of house lots make it impossible to locate cesspools at a safe distance from basement walls.

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF THE INSPECTOR OF SLAUGHTERING

MILTON, MASS., January 1, 1915.

To the Board of Health:

GENTLEMEN:—As Inspector of Slaughtering I report that for the year ending December 31, 1914, I have examined and stamped 77 carcasses—35 hogs, 33 sheep, 9 calves.

Respectfully,

WALLACE C. TUCKER,
Inspector.

REPORT OF THE PARK COMMISSIONERS

MILTON, MASS., December 31, 1914.

To the Citizens of Milton:

The most important work of the Park Commission for the past year has surely been at Brook Road Playground where the supervision of all the sports and industries was taken over this year for the first time by the Park Commission. Various systems of direction have been in force here during the past few years, but now the Town has taken absolute charge and should continue on the present basis for the future. Miss Amy R. Howland, Assistant Supervisor, who had been in charge for the past year, began work this year on the 1st of May, and on the 25th of June Mr. Carl S. Hall, with the title of Director of Playgrounds and Physical Training, was put in charge of the system with Miss Howland as his assistant. Mr. Hall's time, as his title suggests, is divided between the playgrounds and the schools. Up to the middle of September his time was entirely occupied on the playground, and from then on was mostly given to the schools. The Park Commission has been much gratified by the developments under Mr. Hall's directorship, and refers to his report appended hereto for the details of the summer's work. For his work in the schools reference should be had to the report of the School Committee.

The further study of the desirability of a gymnasium on the Brook Road Playground was at the March meeting referred to a special committee appointed by the Moderator. As the Chairman of the Park Commission is also Chairman of the Committee on Gymnasium, it seems unnecessary to duplicate the report on this, but we take

this occasion to reiterate that the Park Commission is heartily in favor of increased accommodations for gymnasium work, and of the centralization at Brook Road of all the activities connected with physical education and recreation. The present locker buildings are entirely inadequate. It seems to us important to dignify this work by thus concentrating it rather than to have it scattered about in various portions of the Town. Though we realize that by some authorities it is thought best to have a gymnasium in each school, we believe that a central plant such as we have above referred to could be more efficiently and economically administered. The Hinckley lot was accepted by the last March Meeting, and its use awaits the decision of the Committee on Gymnasium.

The work of the children's gardens, for which land at one end of the playground was lent to the Education Society, has been conducted by the public schools under the superintendence of Miss Turner, and its description hardly seems a part of this report, yet we may say in passing that it has been more successful under the closer attention which has been possible this year than it was during the previous year when it was conducted in the spare moments left over from the main objects of the playground. We understand that school gardens, heretofore conducted experimentally, are to be taken over as a part of the regular school work, but no definite arrangement has as yet been made in regard to the particular piece of land in question.

The appropriation made to be expended by the Park Commission and School Committee has not been all used. This is owing to the difficulty of finding work which will fit into the hundred-dollar appropriation rather than to any lack of opportunity for spending. The money has been applied this year in digging and manuring at several of the school lots.

Hollingsworth Field and East Milton Playground have had no special work done beyond the bare necessities of clearing up and of spraying the trees. From the latter the Street Department has had 402 double loads of gravel and sand for use on the highways.

At Crane Field advantage was taken of the waste material from the trenches in Adams Street where the Metropolitan Water and Sewerage Board laid pipes this summer. As this filling was given us for the hauling, the surface is being restored practically to its original grade. This rough filling cost so little that even with the small appropriation granted us we have been able to arrange for a surfacing of loam. The work is not yet finished, but will be completed in the spring within the limits of the appropriation. No trees, however, have been planted here and this ought to be done at an early date. We ask for this purpose $200, which should furnish a row along the edges and scattered trees on the slope.

Dollar Lane Playground has needed no attention excepting in so far as the disreputable dump next to Blue Hill Avenue which remains an eyesore. Last year our recommendation of an appropriation of $200 to make this presentable was refused. We renew the recommendation this year.

To sum up, our recommendations for appropriations are as follows:

General appropriation	$3,650
Trees on Crane Field	200
Dollar Lane Playground	200
Park Commission and School Lots	100

Respectfully submitted,

NATHANIEL T. KIDDER,
CHARLES E. ROGERSON,
J. SUMNER DRAPER,
Park Commissioners of the Town of Milton.

MILTON, MASS., December 31, 1914.

Park Commission, Town of Milton, Mass.:

Report of the playground work for the season of June 25 to September 12, 1914, is hereby respectfully submitted.

The Brook Road Playground has been open to the public for organized activities two sessions every week day from 9 to 12 and 1.30 to 5, giving a noon recess of one hour and a half. The age of the visitors has varied from children of two to grown-up men and women.

As far as possible daily records have been kept of the attendance but doubtless the number present considerably exceeds the records, since the attendance has been recorded only twice a day. The smallest attendance record has been 10; the largest 625 in one day. The average attendance has been 183 a day.

The activities have consisted of:

I Opening exercises in the morning.
II Games (running, jumping, ball, circle, blind fold, guessing, occupation, imitation).
III Story-telling and dramatics.
IV Dancing, from simple hopping to folk dances.
V Gymnastics and drills.
VI Raffia and reed work for girls from eight years and up.
VII Athletics and tumbling exercises for boys.

Baseball teams for both girls and boys were formed and some very interesting contests have taken place. Once a week the playground has been visited by some outside baseball team for a contest with our "Town Team."

Tennis has proven to be one of the most popular activities. Since the completion of the courts on August 8, they have been engaged by 616 different parties.

On August 26 a playground display was given on the grounds, demonstrating some of the activities of the summer. Contests in track athletics for boys in two different classes were held and suitable prizes were awarded to the individual winners, as well as two of the boys winning the highest number of total points. Raffia and reed work done by the girls during the summer was on exhibition in one of the Locker Buildings. The occasion was a most happy one and was visited by a large number of interested parents and friends of the work.

It has been the aim of your director as well as his assistant to exercise a systematic supervision, to maintain general good order and discipline, to make the playground an institution of joy to the children with safe conditions and good moral influence, giving a natural outlet for the surplus energies of the individual, directing them along lines of instructive, constructive and healthful play.

Material on the grounds such as sand boxes, bean bags, light quoits, basket and volley balls, heavy quoits, etc., has been used constantly during all sessions.

For another season the following recommendation will seem appropriate:

1. The grading of one or both baseball diamonds.
2. The purchase of a durable, permanent swing and a set of seesaw.

In concluding his first report your director wishes to state that he has the welfare of the growing generation deeply at heart and is directing his entire effort toward making the Department of Playgrounds and Physical Education of Milton second to none in the country. Good results must follow where standard, aims and enthusiasm are kept high. With the co-operation, en-

couragement and support which the work is enjoying in our Town, it is safe to predict other successful seasons of playground activities.

Respectfully submitted,

CARL S. HALL,
Director of Playgrounds and Physical Education.

POLICE DEPARTMENT

To the Honorable Board of Selectmen:

GENTLEMEN:—I have the honor to submit for your consideration the annual report of the Police Department for the year ending December 31, 1914.

Superintendent.—Maurice Pierce.
Deputy Superintendent.—Timothy McDermott.

PATROLMEN

MISCELLANEOUS WORK

Accidents reported and assistance rendered	24
Buildings found open and secured or owners notified	79
Complaints investigated	73
Dead bodies	2
Defective streets and sidewalks	32
Defective water pipes	3
Defective wires	17
Dogs killed	7
Electric street lights out	329
Injured and sick persons assisted	42
Lighted lanterns furnished on streets at night	5
Lost children found and cared for	14
Officers off duty and reporting at fires	5
Officers detailed for public occasions	56
Officers detailed by request of citizens	31
Residences temporarily unoccupied and special attention requested	127
Stray animals found	7
Stray teams found	3
Street obstructions removed	5
Water running to waste	9
Wires burning trees reported	7
Wires broken, telephone and electric light	12

STOLEN PROPERTY

Amount reported stolen	$768.25
Amount recovered	525.00

CHANGES

Patrolman George B. Bradlee, sick since December 2, 1913. Pensioned March 1, 1914. Died April 8, 1914.

Charges have been preferred against one patrolman for violating the rules governing the department and after a hearing before the Board of Selectmen, the patrolman resigned.

THE FORCE

The members of the force, as a rule, have shown a disposition to conform to all requests made of them, and have displayed promptness and energy in the discharge of their duties and I am thankful to them for the work they have done.

CRIME

During the year three unoccupied houses were entered. From one there was some jewelry stolen and the property has been recovered; from the other two houses nothing was taken.

There was also a house entered in the evening by what is called a porch climber and a number of pieces of jewelry stolen.

Two stores were entered in the night time and the thieves were caught with the goods on them and all the property recovered.

A stable was entered in the night time and a motor cycle stolen. The thief was caught and the motor cycle recovered.

AUTOMOBILE SERVICE

The ambulance and automobile patrol has responded to 42 calls for accidents and sickness. A number of

fast trips have been made to the hospitals in emergency cases. It has proved its value to the Town since it went into commission, August 23, 1913, and the car has never been out of commission since, and is doing the work of the department in a thoroughly satisfactory manner.

The Stanley steam automobile has been in constant use and has done splendid service in answering emergency calls and general patrol work. The number of miles run was 11,917.

CONCLUSION

I desire at this time to thank the Honorable Board of Selectmen for kind assistance and hearty co-operation. My thanks are due to Judge Albert E. Avery of the District Court for valuable advice and assistance, and Lawrence W. Lyons, Clerk of the Court, and all others who have assisted in any way in promoting the welfare of this department; also all members of the force for their endeavors in trying to uphold the good name and reputation of the Town.

Respectfully,

MAURICE PIERCE,
Superintendent of Police.

REPORT OF OVERSEERS OF THE POOR

MILTON, MASS., December 31, 1914.

To the Citizens of the Town of Milton:

The Board of Overseers of the Poor beg leave to submit their annual report for the calendar year 1914.

The personnel and organization of the board has remained the same as last year. The services of Mr. Albert Rounseville as agent, and of Mrs. Lavina H. Brackett as visitor have also been retained at the same salary. Mr. Rounseville's expert knowledge of the statutes governing the matter of settlements, his interest in the work and his unfailing courtesy, and Mrs. Brackett's combination of judgment and sympathy in dealing with those who seek or receive aid, render the services of these assistants of the Board well-nigh invaluable. Mr. and Mrs. Calvin H. Sanford were also re-elected superintendent and matron at the Town Farm at a salary of $100 increase.

The Board has held the usual number of meetings, and, after full discussion of such matters as presented any difficulty, has in all cases arrived at a unanimous conclusion.

An appropriation for needed repairs on the buildings was secured last year, and the repairs have been made. The roof coverings have been renewed or otherwise put in order where it was needed; windows have been renewed and changed about so that all are now in good repair; a bulkhead has been constructed; areas have been built at the cellar windows; all the buildings have been painted; besides such minor repairs being made as seemed necessary. The buildings are now in very comfortable condition and present a creditable appearance.

Per capita net cost per week, $6.48.
Per capita net cost per year, $337.89.

The law popularly known as the "Dependent Mothers'" law, Chapter 763, Acts of 1913, has been in operation this year, and the Board expected substantial help from the State in ministering to the needs of mothers with dependent children, although the first effect of the law's operation was to increase the calls for help. Five cases which seemed to your Board to lie within the application of the law were referred to the State Board of Charities, and later one other case, with the result that everyone of them were adjudged as outside the application of the law. Owing to differences of opinion between the State Board and Town Boards, the former Board arranged several conferences at the State House with Town Boards, at every one of which your Board was represented. As a result, your Board has referred four cases further to the State Board, three of them being renewals of cases previously denied. On these cases the decision of the State Board is still pending.

An item to which reference has been made in one or two previous reports seems important enough to justify further mention—that is, the matter of installing electric lights at the Town Farm. This was discussed in the report of 1910, wherein the use of kerosene lamps was referred to as "a continual source of anxiety, as all the inmates are old and feeble." But the cost of installing either gas or electricity was so great that the subject was dismissed. The report of 1912 informs us that "electric wires were unexpectedly extended up the Town Farm Lane to the property." The Board also reported that they had received bids for the installing of lights, but the cost was so great that it could not be met with the appropriation for the year, and it was hoped at some future time it could be met from the regular appropriation. Under existing financial conditions, and with the increased expenditure reported by

your Board, they do not feel justified this year in asking for a special appropriation for the installation of electric lights. But there are an increased number of old and feeble inmates at the Farm, and delay in substituting electricity for kerosene in lighting means not only continued inconvenience but continual danger of accident. The time must come very soon when the Town should face the question of granting a small appropriation for the installing of electric lights.

There have been two deaths among the inmates at the Farm during the year, both of the deceased having been there for a considerable period of years. Six more have been added, making now a total of eight inmates.

The Overseers have been compelled to exceed the appropriation of last spring in order to meet the demands upon them. The increase in the number of inmates at the Farm has been but a slight part of this demand. There is a certain outlay for running the Farm, whatever number are boarded there. A few more reduces, as a smaller number increases, the per capita cost of maintenance. But there has been a considerable increase in the number to whom it has been necessary to grant outside relief, some of it being due doubtless to obvious conditions in the business world, and some apparently mere happening. There have been an unusual number of hospital cases, several of them expensive surgical cases, among the calls for relief. So while your Board has helped only where help seemed absolutely necessary, and the settlement has been rigidly investigated in every doubtful case, the result has been the necessity of exceeding the appropriation. A comparison of the items of expense with the corresponding ones of the previous year will prove illuminating.

In November your Board asked the Warrant Committee for a grant of $1,000 from the contingent fund.

The committee transferred $500, and a few weeks later an additional $350, making a total of $850. Extraordinary demands required an expenditure, however, of $1,111.30 up to December 31. Your Board, therefore, recommends an appropriation of $261.30 to meet bills remaining unpaid, and $7,738.70 for the year 1915, making a total of $8,000, in addition to proceeds of sales from the Town Farm and reimbursements from other municipalities.

Respectfully submitted,

ARTHUR H. TUCKER, *Chairman*,
WALTER D. BROOKS, *Secretary*,
HORACE N. PLUMMER,
ALBERT D. SMITH,
CAROLINE E. WILLIAMS,
Overseers of the Poor.

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY FOR THE YEAR ENDING DECEMBER 31, 1914

MILTON, MASS., January 1, 1915.

To the Citizens of Milton:

We have the honor of calling your attention to the report of the Librarian which is herewith submitted for your consideration, as the report of the Trustees.

The Trustees feel a just pride in the character and scope of the work accomplished by the Librarian and her assistants in the ten years since the Library building has offered satisfactory opportunity. It would be most gratifying to us if an increasing number of our citizens would become familiar with, and use for reference, or, as a basis for literary work, the splendid resources of the Library. A courteous and willing assistance can be assured to all.

There has been a slight falling off in the circulation of books the past year, but this is due, as the Librarian points out, to the interest of our reading public in relief work made necessary by the European war. In these trying days there is less time for reading.

The use that the schools are making of the Library is especially noteworthy and encouraging. We would call attention to the classes from the High School instructed by Miss Allen in the use of the card catalogue, the location of books, the value of indexes, etc. These classes have proved so valuable that the principal of the High School has made attendance at them compulsory. In this way our citizens are being early educated in the

intelligent use of the Library which will unlock its treasures to them as never before.

The Mattapan Branch is doing an ever-increasing work, and soon other and larger accommodations will be necessary.

The list of gifts to the Library is generous and distinguished, indicating a widespread appreciation throughout the Town of the varied needs of the Library.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman,*
CHARLES E. ROGERSON, *Treasurer,*
RODERICK STEBBINS, *Secretary,*
ORRIN A. ANDREWS,
JOHN F. PERKINS,
FRANK E. LANE,
ARTHUR H. TUCKER,
FREDERIC M. STONE,
HARRY K. WHITE,
Trustees of the Milton Public Library.

REPORT OF THE LIBRARIAN

MILTON, MASS., January 1, 1915.

To the Trustees of the Milton Public Library:

I have the honor to submit my report for the year ending December 31, 1914.

One of the most difficult problems that a librarian has to solve is how to make his library known.

In Milton this problem is peculiarly difficult because the residents of the various sections of the town are so separated, that it is almost impossible to reach all of the people all of the time.

In the old days, when the libraries were for scholars only, it was sufficient to collect books and store them; to-day with the growth of public libraries, the problem is not only to collect books, but also to get them used.

To this purpose, the Library has three branch reading rooms, and a house-to-house delivery system, covering one section of the town. It sends books to the Convalescent Home, to the Town Farm, and to the public schools. It prints a bi-monthly bulletin, giving titles of books recently added, together with notices of exhibits and other matters of interest. It also distributes, from time to time, short lists of books on various and timely subjects. And to further such publicity, the Editor of the Milton Record has been generous in giving the Library space for booklists, for notices of exhibits, and for special notices of all kinds.

Notwithstanding all these efforts, there are, undoubtedly, many people in Milton, who have very little knowledge of the resources of the Library.

Next to having a plentiful supply of books, perhaps

the best way of interesting people in a library is through the exhibit; the exhibit may be bookish or otherwise, but whatever its nature, it is sure to attract some people who would not otherwise come to the library.

The most popular exhibit of the year was the one arranged by the Brush Hill Bird Club, under the direction of Dr. Harris Kennedy, General Manager. It opened January 17, and closed March 15, during which time, 1,466 persons visited it.

The Sunday attendance was particularly large, due to the fact that Dr. Kennedy was on hand to give an informal talk. The scope of the exhibit is best told in Dr. Kennedy's own words, as printed in the First Report of the Brush Hill Bird Club.

"When completed, in addition to the nesting boxes and feeding stations, the exhibit included a variety of bird baths, a large collection of branches of berry-bearing and seed-bearing trees and shrubs, and the seed stalks of weeds (displayed under the heading 'Nature's Method of Feeding the Birds'), an assortment of grains, a collection of selected books and pamphlets on bird life, the texts of game laws and posters, numberless colored pictures of birds, a sparrow trap, suet pudding, a food stick, and a bird Christmas tree."

"The section of the exhibit that aroused the greatest interest, perhaps, was that entitled, 'Nature's Method of Feeding the Birds.' This appealed both to bird lovers and botanists. It consisted of a collection of branches of trees and shrubs bearing berries and seeds. The object of this collection was to show visitors actual specimens and urge them to plant one or more varieties. . . . There were no pressed specimens: the twigs and fruits were in their natural condition, and the variety and colors of the berries were a revalation to the majority of persons visiting the exhibit. Through the kindness of

the Arnold Arboretum of Harvard University, a series of foreign specimens was secured. This nucleus was supplemented by pasture weeds and roadside shrubs and trees collected in Milton. The whole collection was displayed on a home-made screen $6\frac{1}{2}$ feet high by 25 feet long. A background of white cotton sheeting gave the effect of snow and brought out the color and form of the berries and seeds.

"To interest the children, educational leaflets issued by the National Association of Audubon Societies, consisting of a folder with descriptive text, a lithograph picture of a bird and an outline drawing to be colored, were given out gratis from the children's room of the Public Library. The outline drawings were returned by the children after they had been filled in. Thirteen kinds of birds were used—cardinal, rose-breasted grosbeak, scarlet tanager, bluejay, bluebird, redwing blackbird, Baltimore oriole, song sparrow, barn swallow, bobolink, robin, bob-white, and snowflake.

"Seven hundred and fifty such outlines were returned, and contributed a very interesting feature to the Bird Club exhibit. It is obvious that regardless of the crude way the children may fill in these outlines, they will know the bird and be on the watch for him when he arrives in the spring. The Club exhibited these plates done by the children of the township during the summer months, in the Milton Public Library.

"While the plates were on exhibition, Mr. Cyrus E. Dallin, the sculptor, and Mr. Frank T. Merrill, the artist, performed a generous service by judging the work of the children. They spent an entire evening inspecting the pictures and selecting those worthy of praise. The honor list was published in the Milton Record of August 29.

"The honor list plates, colored by the children, were bound in one volume and placed in the children's room

of the Milton Public Library. This course was adopted for three reasons:

1. We want the children to recognize that they personally contributed to the bird work going on in the township.
2. We feel that the moral lesson to the individual child of doing something for the Public Library of the town is good.
3. We are securing from the interest in these plates the attendance at the library of persons who had never before stepped foot in the building."

The other exhibits of the year, though not so largely attended, were all interesting in their own way. The list follows: January 3 to 14, paintings by Mrs. William Rotch Ware: attendance 50; March 18 to May 15, color drawings by Harriot B. Newhall, and miniatures and portrait drawings, by Annie Hurlburt Jackson: attendance 152; May 7 to 13, jewellery and enamels designed and made by Frank Gardner Hale: attendance 84; September 9 to 30, water colors, mostly of gardens, by Abigail B. P. Walley, and Gertrude Beals Bourne: attendance 87; October 2 to November 24, etchings and dry points, by Albert A. Blum, lent by Messrs Hart and Watson of Boston. The collection included the Boston set of twelve plates, together with thirty-five other works, four of which are owned by the Milton Public Library. This exhibit although visited by only forty-seven people, was one of distinction and deserved a larger attendance. The last exhibit of the year was arranged by the Art Committee of the Education Society, and consisted of designs and photographs of small suburban estates, parks, etc., by Arthur A. Shurtleff, landscape architect: attendance 141. The total attendance at all the exhibits was 2,027.

Coming to the more specific work of the Library, the

important undertaking of the year has been the instruction in the use of the Library, given by Miss Allen to the freshman class of the High School. A beginning was made last year, when Miss Luard went to the High School to talk to the classes in economics, current events, and American history. This year, Mr. Curtis decided that it would be better to have the pupils come to the Library. Accordingly, the freshman class was divided into groups: each group having three lectures, together with practice work. A regular period of forty minutes has been assigned to some lessons, and a double period of eighty minutes to others. So far, fifty-two pupils have been given this instruction, and the remainder of the class will come for their work after the Christmas vacation. The first lesson was on the classification of the Library, and the arrangement of the books on the shelves; the second on the use and value of the catalogue, and the third on periodical indexes. Special emphasis has been laid on the practice work connected with each lesson. With the first talk, pupils were asked to find certain books on the shelves; with the second, questions were given which involved the use of the catalogue, and which required written answers; a similar list of written questions made up the third lesson. Mr. Curtis considers the course of sufficient importance to make it compulsory. The interest of the pupils has been keen, and there can be no question of the value of such instruction from the standpoint of the Library.

In January, instruction was given to the eighth grade of the Vose School. The class of fifty-three pupils was divided into three groups, the first two groups including fifteen pupils; the third, twenty-three pupils. A short talk, during a period of forty minutes, was given on the use of the catalogue, and on the use of the book: e.g. how to use the table of contents, index, etc., and the value

and significance of the imprint, especially in the case of a scientific work. The Vose School was chosen because it was near, and because giving instruction to the eighth grade was in the nature of an experiment. Miss Allen in reporting the work says that she questions the wisdom of continuing such instruction, since definite and required work along more advanced lines, is to be given regularly, each year, to the freshman class of the High School.

The total circulation for the year has been 74,508, against 75,424 for 1913, a loss of 916. The circulation from the Central Library has been 36,661; from East Milton, 18,707; from Mattapan, 16,284; from Russell Reading Room, 2,856. The circulation at East Milton shows a total gain of 370: 151 adult and 219 juvenile; at Mattapan, a total gain of 1,058: 996 adult and 62 juvenile; at Russell Reading Room, a total gain of 227: 156 adult and 71 juvenile. On the other hand, the circulation at the Central Library shows a total loss of 2,571: 2,022 adult and 549 juvenile. This was due largely to Red Cross and Belgian relief activities. With so much actual relief work to be done, many people have had less time to read. The house-to-house delivery has had a steady gain in both adult and juvenile. In all, 5,516 books have been sent out, against 4,977 in 1913, a gain of 143 adult and 396 juvenile. The circulation per capita has been 9.4, and the percentage of fiction 67.

The work of the Children's Room, under the direction of Miss King, has been carried on in the same general way as when under Miss Allen's direction.

The circulation has been 12,516, against 13,065 in 1913, a loss of 549.

No record of attendance has been kept.

Miss King in reporting the work of the room, says: "New juvenile fiction is no longer issued for seven days only. As a result, there are fewer requests for a 'new

book,' and there seems to be more willingness to read any book recommended by the assistant.

"A suggestive list for summer reading, compiled by the Library, was distributed at the Library and at the grammar schools in June.

"The usual Christmas exhibit of new books and special editions of children's classics was held from November 21 to December 21.

"The school circulation was 2,528, or 287 less than last year.

"The greatest opportunity for strengthening the relation between schools and library, lies, of course, in work with the high school. This fall, upon suggestion from the Library, about fifteen titles were added to the High School list for required reading in English, and the Library was authorized to substitute certain other titles at its discretion.

"About one hundred and fifty pictures have been mounted for the use of the teachers in the public schools.

"The experiment of a library reading circle has been made this fall. A group of eighth grade girls was chosen from the Mattapan district and the first meeting was held at Kidder House on October 27. Weekly meetings have been held since then, with an attendance varying from two to nine. A few girls come regularly. Distance of Kidder House from their homes, errand running, a dancing class meeting at the same time, and inability to avoid being kept after school are some of the reasons why the attendance is so irregular. The circle is as yet too young to receive final judgment as a success or a failure."

The Sunday attendance has been 727 adult and 247 juvenile, a total of 974, as against 862 adult and 303 juvenile, a total of 1,165, in 1913. The Sunday circulation for 1914 has been 1,020, against 905 in 1913.

Sunday opening is still a question not easily settled. The attendance has not been large on any one Sunday: on the other hand it has compared favorably with week day use. Probably the strongest argument in favor of Sunday opening is the fact that the Library is used more for reading and less for the mere taking out of books. It is also used a good deal from the civic side, especially, when as at present, there are on exhibition models of the soldiers' monument and the proposed gymnasium at Mattapan.

No statistics of attendance at the Central Library have been kept, except on Sundays.

The attendance at the East Milton Branch has been 16,163, of which 9,054 has been adult and 7,109 juvenile. As compared with 1913, this is a gain of 374 adult and a loss of 898 juvenile, making a net loss of 524 for the year. Long continued good skating at Cunningham Park undoubtedly accounts for the loss in juvenile attendance.

To offset this loss in attendance, there has been a gain in circulation of 370.

A much needed improvement at the Branch has been made by the addition of two electric lights near the periodical shelves.

At Mattapan, there has been an increase in the use of the Branch by adults. The total attendance has been 18,567, of which 4,737 has been adult and 13,830 juvenile, against 3,472 adult and 14,658 juvenile in 1913. This shows a gain in adult attendance of 1,265, and a loss in juvenile of 828.

The circulation shows a gain in both adult and juvenile.

Although a rearrangement of furniture makes the Branch more workable, it will not be long before the present room is outgrown.

The sale of Red Cross stamps, by members of the Woman's Club, worked to the advantage of the Library.

It brought to the Branch women who had not used it before, and who will, we hope, become regular borrowers, since several of them expressed surprise at the number and kind of books and periodicals which they found there.

It having been suggested that it would be better to open Russell Reading Room on Tuesday and Saturday evenings, instead of on Friday and Saturday evenings, the experiment has been made for six weeks. Miss Kennedy reports that the change is apparently more satisfactory to those who use the room most, and that those who did not vote for the change have no preference.

On Saturday afternoon, February 21, Miss Luard told stories to thirty children of the neighborhood, who gathered at the Reading Room. The children were of various ages from four years up, and seemed to enjoy the story hour thoroughly.

The attendance at Russell Reading Room has been 1,975, of which 1,080 has been adult and 895 juvenile, against 821 adult and 751 juvenile in 1913, a gain of 403.

There has also been a gain in circulation of 227: 156 adult and 71 juvenile.

Considering the small number of residents in that part of the town, these are notable gains, and bear out Miss Kennedy's report of last year that the character of the work at Russell Reading Room is changing.

The notable gifts of the year have been a copy of the Naval Monument, Boston 1816, published by A. Bowen, and sold by Cummings and Hilliard, no. 1 Cornhill, from Miss Catherine W. Faucon; one copy each of Adams, Trans-Atlantic Historical Solidarity, Angell, The Great Illusion, Von Bernhardi, Germany and the Next War, Cramb, Germany and England, Usher, Pan-Germanism, and How Armies Fight, from Nathaniel T. Kidder, Esq.; a copy of Angell, The Great Illusion, and Arms and Industry, also other miscellaneous volumes from Mrs. J.

Malcolm Forbes; 3 volumes of Birds and Nature, from Dr. Harris Kennedy; 5 miscellaneous volumes from the Milton Branch of the Massachusetts Association Opposed to the Further Extension of Suffrage to Women; a copy of Jones, The Old Silver of American Churches, from the Milton members of the Massachusetts Society of Colonial Dames; a copy of Beard, The Supreme Court and the Constitution, from Horace E. Ware, Esq.; a set of the works of Jonathan Edwards in eight volumes, from Miss Julia F. Clary; 3 volumes and 2 numbers of Birds and Nature, from the Brush Hill Bird Club; 21 miscellaneous volumes from the Columbine Book Club; 37 bound volumes of Harper's Weekly, from the estate of James Tucker; a copy of the Life and Letters of Thomas Kilby Smith, from his daughter, Mrs. George Gifford Esler; a copy of Alaskan Bird Life, edited by Ingersoll, from Miss Fanny Brooks; The Old Farmer's Almanac for 1915, from William B. Weston, Esq.; and 70 miscellaneous volumes, 2 pamphlets, 1 map, and 258 pictures, mounted and unmounted, together with a facsimile of the first foilio Shakespeare, from Mrs. Mary W. Tileston.

The collection of books by Milton authors has had three additions, namely—Nature Stories for Youngest Readers, and Stories of the United States for Youngest Readers, by Mrs. George K. Davis; and a pamphlet entitled, The Founder of Blue Hill Observatory, by Professor Alexander G. McAdie, all gifts from the authors.

The Milton collection is further enriched by one of Abigail Ford's book plates, the gift of Miss Ellen F. Vose, and by the prize essay—The Birds of Milton—written by Anna C. Moran of the Milton High School. This essay was the result of a prize of ten dollars gold, offered to any member of the Junior Department of the Milton Woman's Club, for the best essay on the birds of Milton. The same person who offered the prize had

the essay bound, and it was afterward given to the Library by the author.

The anonymous donor of the collection of etchings, noted in the report for 1912, has added to the collection seven etchings, by Albert A. Blum,—Mingo Beach, Beverly Farms, Bath Beach, New York, Revere Beach, Gloucester Harbour, Paul Revere House, Copp's Hill, and the Bell-in-Hand.

In addition to the usual meetings of the directors and various committees of the Education Society, of the Historical Society, of the Woman's Club, and of the Social Service League, there have been meetings of the First Parish Sunday School Committee; of the Girls' Friendly Club of the First Evangelical Church; a meeting of visiting librarians; three meetings of the Milton Memorial Association, one of which was a special Veterans' night for the purpose of considering the model for the soldiers' monument. On November 3, the Woman's Club held a special meeting in the historical room, at which Dr. Samuel McComb spoke on the Belgian situation; the attendance was 68. On November 23, the Social Service League held its annual meeting in the historical room, with an attendance of 60. There have also been held at the Library, 3 regular meetings of the Historical Society; 7 meetings of the First Aid Class of the Woman's Club; 8 meetings of the Millinery Class, also connected with the Woman's Club; 13 meetings of a club of small girls under the direction of Mrs. Harrison O. Apthorp; and 2 meetings of the Wireless Club, composed of eight boys from the ages of eighteen to twenty; in all, a total of 90, with a total attendance of 1,017.

There have been, as usual, several changes in staff. On February 2, Miss Marian H. King, a graduate of Vassar College, took charge of the Children's Room,

which position had formerly been filled by Miss Carrie S. Allen.[1]

Miss Allen has been appointed to the position of head of the staff and reference assistant.

On February 5, Miss Katharine Wells resigned. On March 16, Miss Ethelwyn Manning entered the service. Miss Manning is a graduate of Smith College and of the Pittsburgh Training School for Children's Librarians: she has filled positions in several libraries, her last one being at Burlington, Iowa, where she was first assistant.

On April 11, Joseph F. Forbes, who was appointed janitor April 1, 1904, resigned to take another position. Mr. Forbes took charge of the new building before the Library was moved from the Village, and during all of those trying days of moving, as well as in the later years of occupancy, his intelligence and his all round ability laid the foundations, which are still contributing to the comfort and efficiency of the Library. His successor, Ernest E. Leavitt was appointed May 4.

On September 8, Miss Aimee F. Draper entered the service as an apprentice.

In addition to these changes, the Library has suffered a great loss in the resignations of Miss Margaret E. Gilman, and Miss Lucy D. Luard. Miss Gilman entered the service November 21, 1905, and was soon appointed first assistant, which position she held up to the time of her leaving. Miss Luard entered the service November 1, 1908, and was put at once in charge of the reference work of the Library. Through her initiative this most valuable part of the work was built up. Both women, by their trained minds, by their high ideals, and by their breadth of vision, have left an impress on the Library, and through the Library, on the town, which will not soon be forgotten, and

if, in the future, the Library goes on to greater service, it will be due in a large measure to their splendid work.

Respectfully submitted,

GERTRUDE E. FORREST,
Librarian.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

MILTON, MASS., January 13, 1915.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my report as Sealer of Weights and Measures for the year ending December 31, 1914.

Number of scales, weights and measures sealed	482
Number of scales, weights and measures condemned	12
Total	494
Weights found incorrect and adjusted	22
Scales found incorrect and adjusted or repaired	8
Total	30
Number of complaints of short weights and measures investigated	5

In connection with this work I have at various times made inspections and reweighings at the different places of business and in transit, and find as a whole that the storekeepers are using their best efforts to comply with the law.

I would respectfully call to your attention the matter of furnishing supplies to the different departments of the Town, and that the Town should be in a position to check up such supplies. A large percentage at the present time is hauled by motor truck, and as the scales owned by the Town, on Blue Hill Avenue and Randolph Avenue, are of 10-ton capacity, it is not possible to get proper reweighings. I would recommend that scales of at least 15-ton capacity be installed, and a scale of the same capacity at some convenient place in East Milton.

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF THE BOARD OF SELECTMEN OF MILTON

The Board of Selectmen submits its seventy-ninth annual report.

Bonded debt January 1, 1914	$347,000
Bonds paid during 1914	29,000
Bonded debt January 1, 1915	318,000

Every department of the Town is in adequate condition financially.

The Highway Department has kept well within its appropriation, notwithstanding the large amount of money paid for new machinery to enable the Superintendent of Streets to accomplish so much good work which his report so states. The unfinished work on the highway can now be completed to the satisfaction of the people.

Heads of other departments have all filled their respective offices in an able and businesslike manner to the gratification of the Selectmen.

The Clerk of Selectmen deserves special mention for the able and efficient manner of his work.

The new bridge over Neponset River, on Granite Avenue, was completed and open for travel about December 1, 1914. A bronze table has been placed on the bridge giving the names of those in charge of the work, which has been done in a thorough and satisfactory manner. The cost is about $70,000, paid for as follows: County of Suffolk, 40% or about $28,000; County of Norfolk, 40% or about $28,000; City of Quincy, 10% or about $7,000; Town of Milton, 10% or about $7,000. The draw is worked by electricity.

Respectfully submitted,

JACOB A. TURNER,
MAURICE A. DUFFY,
GEORGE R. EATON,
Selectmen of Milton.

REPORT OF THE SEWER COMMISSIONERS

The Board of Sewer Commissioners make the following report of the operations of the Sewer Department during the year ending December 31, 1914.

General		
Population by census of 1910		7,924
Estimated length of streets of Town (miles)		50
Percentage of length provided with sewers		26⅓%
Method of disposal		Metropolitan system
Collection Mains	**For Sewage Only**	**For Sewage & Surface Water**
Lineal feet pipe (measured)	69,480.11	700 (storm overflow)
Lineal feet extended during year*	6,258.68	
Number of inverted siphons	1	
Number of manholes	296	
Number of storm overflows	1	
House Connections		
Number made during year	65	
Number of stoppages coming to notice of department	4	
Discharge of Sewer		
Estimated population using sewer system	4,300	
Number of buildings connected	743	
Financial		
Total cost of collection mains to December 31, 1914		$143,730 17
Bonded debt at date		23,000 00
Average rate of interest on bonds		4¼%

For details of sewer construction and maintenance account reference is made to the Financial Reports compiled by the Auditors as shown elsewhere.

Respectfully submitted,

JOHN BALCH,
ASAPH CHURCHILL,
CHARLES G. WAITT,
Board of Sewer Commissioners.

*The extensions made during the year were in Plymouth Avenue, 299.50 feet; Kahler Avenue, 860.80 feet; Viola Street, 280 feet; Orona Street, 292.50 feet; Eliot Street, 227 feet; Eliot Circle, 183.20 feet; Blue Hills Parkway, east side, 1,152 feet; Blue Hills Parkway, west side, 482.98 feet; Warren Avenue, 1,934 feet; Grove Stpeet, 249.70 feet; Randolph Avenue, 297 feet.

REPORT OF THE SUPERINTENDENT OF OF STREETS

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit the report of the Street Department for the year ending December 31, 1914.

NEW CONSTRUCTION

Two miles of parts of the following streets have been completely rebuilt during the year:

Canton Avenue, from Brush Hill Road to Blue Hill Avenue, 860 feet.

Brook Road, north of Frothingham Street, 600 feet. In order to bring this street to the established grade it was necessary to remove one foot of the old surface, which was used to build Kahler Avenue extension. In the widening of Brook Road at this point, preliminary to the construction of a granolithic sidewalk, it was necessary to build a retaining wall for a distance of 800 feet.

Brook Road, from Parkway to Central Avenue, 3,900 feet. Considerable of the old road bed was carted to Kahler Avenue.

Central Avenue, easterly side, from Hinckley Road to Griggs Avenue, 2,100 feet.

White Street, northerly side, 1,700 feet.

Reedsdale Road, northerly side, opposite Transfer Station, 700 feet.

Adams Street, from Quincy line to Granite Place, 775 feet. It was intended to rebuild this street from the Quincy line to Centre Street, and begin the work early in the season, but owing to the laying of a new water main for the Metropolitan System, we were unable to

commence work before November and the above section was all that it was possible to build owing to the lateness of the season. This street is subjected to the heaviest traffic of any street in Town.

All of the above sections were of water bound macadam construction and were in very poor condition. They are now rebuilt by the most improved method of bituminous macadam construction, with the exception of White Street.

Total length, 2.01 miles; total area, 24,210 square yards; total cost $15,776.96; average cost per square yard, 65 16/100 cents.

This average cost per square yard compares favorably with the cost of similar work in other municipalities, whether done by contract or by Town labor.

The cost of labor on this work was $5,964.12, or 37 per cent, and the cost of materials $9,812.84, or 63 per cent of the total cost, and I would call your attention to the cost of the stone and oil required to build these roads, apart from the cost of labor. It is impossible to build good roads without using the necessary materials, but with the amount of money available it is impossible to purchase this material and also give employment to the laborers of the Town during the entire year. If we are to continue this improved form of construction, which I recommend, and also give employment to the Town laborers during the entire year, it will be necessary to have an appropriation greater than that of the past year.

Other important work was done on the following streets:

Atherton Street, entire length resurfaced with gravel.

Brush Hill Road, resurfaced with gravel and crushed stone, over entire length, where most necessary. There are certain sections of this street which should be completely rebuilt.

Blue Hill Avenue, resurfaced from Brush Hill Road to Canton Avenue, and rest of street patched. This street is in very bad condition the entire length. It is a main thoroughfare and is perhaps more largely used by residents of other towns than by our own citizens, and I would recommend that action be taken leading to its adoption as a State Highway.

MAINTENANCE

The general cost of street maintenance is increasing from year to year, and is becoming a serious problem in every municipality.

A great many of our roads are main thoroughfares, or trunk lines, to other localities, and are subjected to unusually heavy motor traffic. These roads are of gravel or water bound macadam construction, and experience has proven that these types of road are no longer adequate to meet the demands imposed by rapidly moving motor vehicles. Consequently, the surfaces of these roads are being constantly worn, and require continual repairs, with the expenditure of a large amount of money without permanent results. About all that can be done on these roads is to keep them in a passable condition; any large outlay, outside of a complete rebuilding by a more improved form of construction, will result in a waste of money.

I would recommend that these roads be rebuilt, using the most modern and improved method suitable to their traffic requirements, which will result in greater permanency and a reduced cost of maintenance.

The fact must not be lost sight of that our new roads require maintenance as well. A leading authority on road construction says:

". . . . There can be no question that our (United States) construction, when newly completed, is in every

way equal to or better than the foreign construction, and for the first few months our new roadways are equally as good or better than the foreign roads, but then ours begin to drop behind and in a relatively short period are as a rule far inferior to the foreign roads, simply because the foreign road authorities keep their roads continuously as good as when first completed, while ours are allowed to wear and deteriorate. My investigation has proved, and it has been unanimously agreed upon by other investigators, that the apparent superiority of foreign roads is due simply and solely to the better maintenance accorded . . . ."

During the past year I inaugurated the system of road patrol, placing a certain definite section under the care of one man, he making all minor repairs, the patching materials being left at convenient stations near the work. This system is in universal use in foreign countries, but has not received the recognition that it deserves in America. There is no doubt that it is the proper system of road maintenance, and a further extension is contemplated.

Improvement of roadways and sidewalks on Kahler Avenue, Walnut Street, Grafton Avenue, parts of Canton Avenue and Brook Road, and numerous other short sections, was made possible by utilizing the old surface material removed from the streets rebuilt of bituminous macadam. As it was necessary to remove the old road surface preliminary to new construction the cost of removal and cartage was properly charged to new construction, but by using this material on nearby streets the cost of cartage was reduced and needed repairs made at a very low cost.

SPECIAL APPROPRIATION

The special appropriations for the construction of Petersburg Avenue and Kahler Avenue extension have been expended on these streets.

SIDEWALKS

Sections of granolithic walk were built on Brook Hill Road, Canton Avenue and Brook Road.

Gravel walks were constructed on Hillside Street from Randolph Avenue to the Houghton School, Brook Road from Central Avenue to Ridge Road, and sections of varying lengths on Warren Avenue, Houston Avenue, Pleasant Street, Reedsdale Road and Canton Avenue, besides repairs on numerous other streets.

STREET OILING

It is difficult to define the line separating the use of oil for the suppression of dust and its additional value for road maintenance and to equitably distribute the cost.

Different kinds of oil and different methods of application must be employed on the several streets, the kind of oil and the frequency of application being determined by varying conditions such as the form of construction, volume of traffic, weather conditions, etc. All the streets of the Town are treated in some manner.

This department, the ensuing year, will require a new broom for the street sweeper, two new tanks, and an additional sand spreader. The general condition of the tanks on the old street sprinklers is very poor.

NEW EQUIPMENT

To do the work in an expedient and economical manner it was necessary to purchase considerable new equipment.

A five-ton auto truck and a scarifier were purchased at a cost of $5,000, especially appropriated for this purpose.

In addition to the above there were purchased a new ten-ton steam roller, a traction grader, electric motor and portable bins for stone crusher, and a two-horse

road machine, amounting in all to about $4,000, which sum was taken from the general appropriation.

This equipment was used to advantage during the year and justified the expenditure, and while the initial outlay was large its usefulness will extend over a period of several years.

With the exception of the old steam roller, which needs a general overhauling, the department is now well equipped.

CONCLUSION

In conclusion I cannot too strongly emphasize the necessity and importance of adopting a general definite policy of street improvement for a term of years, and adhering to it.

While this may require a larger appropriation for a few years, in the end it will give results which cannot be attained by haphazard expenditures from year to year, without relative regard to the value of one year's work to another, and to our street system as a whole.

In closing I wish to express my thanks to your honorable board for your uniform courtesy, consideration and advice, and to the employees of the department for their assistance during the year.

INVENTORY OF STOCK AND TOOLS OF THE HIGHWAY DEPARTMENT, DECEMBER, 1914

Inventory of Stock and Tools of the Highway Department December, 1914	
Stable and sheds	$4,500 00
Stone crusher and bins	1,500 00
2 steam rollers	4,000 00
Hay scales and fixtures	1,000 00
Seven horses	1,250 00
Harness, stable fixtures and supplies	400 00
Automobile	900 00
Miscellaneous tools for street work	500 00
Wagons, carts, etc.	1,350 00
Crushed stone and general supplies	900 00

Auto truck	$4,470 00
Scarifier	530 00
Traction road grader	400 00
Electric motor	546 00
Two-horse road machine	110 00
	$22,356 00

Street Watering Department

9 watering carts	$1,050 00
Oil heater, tanks, pumps, etc.	1,000 00
Street sweeper	200 00
Sanding machine	425 00
	$2,675 00

Ice and Snow Department

17 snow plows	$650 00
4 pungs	250 00
2 gutter plows	200 00
	$1,100 00

Respectfully submitted,

IVERS M. LOW,
Superintendent of Streets.

REPORT OF THE SUPERINTENDENT OF WIRES

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith present the report of the Department of Wires for the year ending December 31, 1914.

	1913	1914
Certificates issued for light and power	167	203
Number of inspections	473	520
Number of incandescent lights wired for	3,153	3,792
Number of motors installed	10	14
Total horse-power	75	17½
Number of rectifiers installed	6	2
Total watts	28,200	8,900
Number of electric heaters	7	11
Total watts	7,225	22,265

OVERHEAD WIRES

The New England Tel. & Tel. Co. line of poles on Hillside Street, starting at Randolph Avenue and extending 4,000 feet westerly, have been replaced by new ones. The New England Tel. & Tel. Co. and the Edison Electric Illuminating Co. have replaced their wires with new construction.

The fire and police alarm wires have been changed from top of poles to lower locations. This alteration puts this part of line in first class condition. On Eliot Street, from Adams Street to Blue Hills Parkway, the New England Tel. & Tel. Co. has rebuilt old line. All high tension wires have been placed on top of poles, low tension wires taking lower locations.

Defective poles have been reported to the Edison Electric Illuminating Co., New England Tel. & Tel.

Co., and Bay State Railway Co. Part of these poles have been replaced, others are under construction.

FIRE AND POLICE ALARMS

New storage battery plates have been installed at Central Fire Station.

Two new fire alarm boxes have been added to Fire Alarm System. Box 131, located corner of Warren Avenue and Dyer Avenue, 700 feet of two-conductor loom cable were used. Also Box 351, located on Randolph Avenue, near Park line, 1,600 feet of two-conductor loom cable were used.

The horse used by the Wire Department being unfit for further use was on June 1, 1914, replaced by an automobile, an express body being attached to carry the necessary equipment.

The Fire and Police Alarm Signal systems, although at present giving satisfactory service, are not in a first-class condition. To bring these systems up to the standard they should be in, will require extra help.

RECOMMENDATION

For the purchase of material for repairs and maintenance of the Wire Department, I recommend an appropriation of two thousand dollars ($2,000).

Respectfully submitted,

ERNEST E. CHOATE,
Superintendent of Wires.

REPORT OF THE TREE WARDEN

MILTON, MASS., January 1, 1915.

To the Citizens of the Town of Milton:

Although the last part of the summer was so dry as to make planting seem almost hopeless, I set out a good many trees along our streets in various parts of the town. After they were planted we had a little rain, and we must hope for the best. A row of trees, red oaks and poplars alternately, was set out on Brook Road Playground along Brook Road. The poplars are meant to be temporary only, or to insure some shade in case the oaks meet the same fate as our previous planting here. The following list shows the main work of setting out trees this autumn: Warren Avenue, 100 maples; Houston Avenue, 21 maples; along Brook Road at other points than the Playground, 27 maples; Eaton Street, 30 maples; Petersburg Avenue, 12 maples; and Bradlee Road, 65 elms. With a scattering tree or two here and there on other streets, the total comes to 309. The nurseries both at the Town Farm and at East Milton are thus pretty well depleted, and should be re-stocked with small trees for further use.

The struggle against gypsy moths remains the chief work of the department. By various amendments to the original legislative act this work has been separated from the Tree Warden Department, and in many towns the two lines are followed out by different heads. No such line of demarcation seems necessary in Milton, and this report covers both subjects. The center of gypsy moth infestation has moved toward the western part of the Town, and the eastern part is better on the average.

Not that there is any difficulty in finding the nests anywhere; they are spread throughout the Town. The total number of nests would appear to be the same as a year ago or not materially greater. I am informed by the State's representative that conditions through this part of Massachusetts are somewhat worse than last year. Brown-tail moths are not so abundant as for several years past, and indeed do not appear to threaten us just at present.

The imported beetle (calosoma sycophanta) which preys on the gypsy moth does not stay to clear up any one place, but travels about with the hordes, or perhaps rather thrives and multiplies where the caterpillars are plenty. It requires an expert to detect the presence of the true parasites, so that it is hard to say whether they are multiplying in any given locality. The government officers in charge of this end of the work speak hopefully. One interesting fact in this line is that through the decrease in the number of the brown-tail moth nests, one of the parasites of the gypsy loses its winter shelter. The weather during the feeding season of the caterpillars this year was not sufficiently hot and humid to help out the work of the wilt disease, so that this was very little in evidence.

Of the various methods of combating the gypsy moths spraying s perhaps the most effectual. It must, however, be done under the most advantageous circumstances, that is, it must be done thoroughly of course, and most particularly, as early as the season permits. In cases of bad infestation it is worth while to spray twice; once just as the leaf buds open, and again when the leaves are fairly expanded. Spray fruit trees just before the blossoms open and again just after the petals have fallen. If the infestation is very heavy a third spraying may be worth while. It is obvious that the Town sprayers

cannot do all of this for everyone. Much of the detail must be carried out by the owner of the trees, especially in the case of the orchards and other low trees and shrubs. Remember that there are various other leaf-eating insects which will be killed by the arsenate of lead spray, such as tent caterpillars and forest tent caterpillars, but do not expect this to kill plant lice or borers.

Some of the spraying of recent years has proved unsatisfactory because not done at the right time. A good deal of thought is necessary where hay or pasturage comes into the equation. Some of the questions are: Is the tree worth saving? Is the grass worth saving? Would it not be worth while to cut and feed the grass green? Would it be worth while to creosote the trees in the winter, at a considerable expense, and burlap or tanglefoot in the summer? Would it not be worth while to own such apparatus as would render it possible to adjust the work to meet any or all of the conditions which arise, which vary from year to year and which cannot be readily grasped by the spraying crew? More co-operation along these lines is necessary for good results.

The Town does not own enough machines to do all of the spraying before the grass has grown too high for spraying to be wholly safe. One of the machines is very old as such apparatus goes, and the other two are not new. It may seem best to get another machine this year.

During the spraying season a considerable number of men is necessary, but by means of an automobile the field superintendent can keep pretty well in touch with each of the crews. For the reason given above, namely, that spraying seems to be the most important method of fighting caterpillars, the force during the spraying season is at its maximum, a smaller number of men

being employed during the rest of the year. This expansion and contraction makes the question of foremen somewhat difficult of solution, but I think that the present plan of only one foreman under the field superintendent is more workable and economical than carrying more foremen. It is easier to fix the responsibility.

I want to urge again keeping land cleared up and cleaned up. Do not allow unsightly dumps or thickets overgrown with cat brier and screening old tin cans. Such tangles are in places permissible if they can be kept clean, but the cans are a menace and serve as breeding places for gypsy moths and mosquitoes, and the thickets are a fire menace. Mowing once or twice a year will keep down bushes and coarse weeds.

A good many citizens who have asserted their intention of themselves dealing with the gypsies have failed to do so. While I doubt not that in some instances this has been through carelessness, I suspect that with others the assertion was made simply as a blind. This is not what the law contemplates, and the law must be enforced.

A motor has demonstrated its usefulness in this work. Again the old car is being replaced, but the reasons need not be gone into as the exchange is costing the Town nothing.

An Article of last March Meeting asked for an appropriation for building a tool shed; $1,200 was voted, and with this the shed was begun. A complaint came in from the neighbors and it was necessary to select a new site. This was quickly done, thanks to the Selectmen, and the plan altered to fit the new location. This necessitated a structure covering more ground, and it was necessary to ask for a transfer from the contingent fund of $194. This being granted the building was quickly put up, and it has been equipped by men employed in

the department and has proved most convenient and economical.

Milton is now "self supporting" in the gypsy moth work. That is to say it receives no financial help from the State. We buy all supplies in the open market, and find this system more satisfactory on the whole. Its chief objection is that we have to pay sooner for what we buy, and this fact coupled with the fact that many of our bills are not paid promptly, leads to considerable financial difficulty in carrying on the work.

These appropriations are needed:

Gypsy and brown-tail work	$12,000
Care and planting of trees	2,000

Respectfully submitted,

NATHANIEL T. KIDDER,
Tree Warden and Local Moth Superintendent.

REPORT OF THE WATER COMMISSIONERS

To the Citizens of the Town of Milton:

The Board of Water Commissioners respectfully submits the following report of its operations for the year 1914.

At the annual meeting in March Mr. Thomas B. Gordon was elected for a term of three years, to succeed himself.

At the same meeting the Town appropriated $2,500 for the extension of mains (the same amount as the previous year) and the usual appropriation of $9,000 for hydrant service.

The total amount expended for new construction in public and private ways was $10,138.41, apportioned as follows:

PUBLIC WAYS		
Forest Street, 414 feet of 6-inch pipe	$ 550 31	
Tucker Street, 381 feet of 6-inch pipe	541 47	
Churchill Lane, 900 feet of 6-inch pipe	1,005 66	
Houghton Pond, Hillside Street, to Parker's Farm, 1,557 feet of 6-inch pipe	2,229 52	
Dana Avenue, 353 feet of 6-inch pipe	480 24	
Grafton Avenue, 797 feet of 6-inch pipe	902 02	
North Russell Street, 120 feet of 2-inch pipe	91 64	
		$5,800 86
PRIVATE WAYS		
Nahanton Avenue, 268 feet of 6-inch pipe	$ 384 23	
Canton Avenue, Woodlawn Road, 1,083 feet of 6-inch pipe	1,492 60	
Winthrop Street, 280 feet of 6-inch pipe	334 72	
Eliot Circle, 256 feet of 6-inch pipe	470 93	
Berlin Avenue, 511 feet of 6-inch pipe	775 60	
Churchill Street, 129 feet of 6-inch pipe	199 50	
Grove Street, 292 feet of 6-inch pipe	382 61	
Columbia Street, 231 feet of 6-inch pipe	297 36	
		4,337 55
		$10,138 41

It was found that in order to complete Grafton Avenue, the last extension undertaken during the year, that it would be necessary to exceed the usual limit of $10,000 slightly. The Commissioners deemed this wise in order to secure fire protection for the houses on the end of this street.

The request for water on private ways still continues, and all requests to November 1 were complied with. It should be borne in mind that after that date in each year the liability to freezing and unsettled weather renders it unwise to continue extension of mains in travelled ways, although service connections may be made with probable safety somewhat later.

The total number of feet of pipe laid during the year was 7,572 of which 3,050 feet were installed in private ways. All of this was six-inch pipe with the exception of 120 feet of two-inch pipe.

There were installed during the year thirteen hydrants in public ways and three in private ways, a total of sixteen, which makes the whole number of hydrants at present 405. Of these, 28 are in private ways.

The number of active services has increased from 1,678 to 1,760, making a net gain for the year of 82, or 9 less than the previous year.

The question of a further reduction in water rates has been given careful consideration by the Commissioners. It has finally been deemed unwise because of the amount of new work which we know is before us, and the probable demand which will continue for extensions in private ways, to undertake this reduction this year.

A statement of the cost of the Department to the Town since its purchase is submitted:

Amount paid for the Milton Water Co.		$199,608 35
Bonds of the Milton Water Co. paid off		120,546 67
Appropriation for extension in 1903		4,000 00
Appropriation for extension in 1904		5,000 00
Appropriation for extension in 1905		4,000 00
Appropriation for extension in 1906		7,000 00
Appropriation for extension in 1907		4,000 00
Appropriation for extension in 1908		4,000 00
Appropriation for extension in 1909		3,000 00
Appropriation for extension in 1910		2,000 00
Appropriation for extension in 1911		1,000 00
Appropriation for extension in 1912		3,000 00
Appropriation for extension in 1913		2,500 00
Appropriation for extension in 1914		2,500 00
		$362,155 02
Less balance reverting in 1904	$8,908 09	
Less balance reverting in 1906	220 59	
Less balance reverting in 1907	2,042 52	
Less balance reverring in 1908	1,520 80	
Less balance reverting in 1909	985 68	
Less balance reverting in 1910	1,900 75	
Less balance reverting in 1911	3,211 68	
Less balance reverting in 1912	1,465 53	
Less balance reverting in 1913	973 99	
Less balance reverting in 1914	1,305 95	22,535 58
Total cost to Town		$339,619 44

Respectfully submitted,

JESSE B. BAXTER,
THOMAS B. GORDON,
THEODORE T. WHITNEY, JR.,
Water Commissioners.

REPORT ON PINE TREE BROOK IMPROVEMENT

At the March Meeting of last year (1914) it was voted to accept the report of the Committee on Pine Tree Brook, to authorize the Board of Sewer Commissioners to obtain the enactment of a statute substantially as recommended in said report, to allow the Board to improve Pine Tree Brook between Pope's pond and Turner's pond, first obtaining all necessary and proper legal authority for their acts from all persons whose interests might be affected, or otherwise, and that the Board might obtain for the Town, by gift or otherwise, such rights and easements in and along said stream and in and to Turner's dam, and in behalf of the Town might enter into such agreements as recommended in said report, or as might seem advisable to the Board. For this improvement and expense connected therewith, $5,000 was appropriated.

The Board would now report that, having obtained the enactment of a proper statute, and having received from the Committee many preliminary releases obtained by them, it thereupon retained the services of a competent consulting engineer, Mr. H. A. Miller, and caused to be made a survey and layout necessary to determine the extent of the work and the exact terms of desirable releases and takings.

In the report of the Pine Tree Brook Committee, so accepted by the Town, it was recommended that "arrangements be made with Mr. Turner in order that the Town might be in a position to control the dams which regulate the flow of water in his ice pond, so that without lowering his ice pond or in any way injuring his prospective ice crop, the water in the dug channel extending around the outside of the ice pond might be lowered at time of flood

so as to give a free channel to the flood waters passing down the brook."

Mr. G. F. Kemp, the engineer of the Pine Tree Brook Committee, whose recommendation was given in their report, also stated that "the necessity of the Town obtaining control of Turner's dam could not be too strongly urged, as in the final analysis the dam was the key to the whole situation."

After a thorough and careful consideration of all the conditions likely to arise, the Board fully concurs in the belief that the necessities of the proposed improvement require that the Town to some extent have control of Turner's dam. We do not consider that the Town need have full control, but that it should have sufficient power to enable it, from time to time, and especially at periods of flood, to regulate the flow of the stream, having due regard, however, to Mr. Turner's rights in the waters of the stream for the purposes of his ice pond.

With this in mind, and noting that the Board had received from the Special Committee, among other agreements, one from Mr. Turner reading as follows:

"February 9, 1914.

"If the Town of Milton at the Annual Meeting of 1914 shall vote to take measures to straighten and clear Pine Tree Brook between Pope's pond and Turner's pond, I agree with said Town that without further consideration I will enter into an agreement with said Town to give said Town the right from time to time, whenever it shall be necessary, temporarily to lower to the bed of the stream, my dam at Canton Avenue for the purpose of allowing flood waters to run off, said Town to replace said dam in its usual condition after said flood waters have run off. I will erect suitable dams to retain water in my ice pond.

"Witness my hand and seal.

"(Signed) Jacob A. Turner (Seal)"

the Board drew up a tentative agreement with corresponding layout and presented them to Mr. Turner for such suggestions or alterations as might be necessary to make the form of agreement mutually satisfactory, preliminary to signing.

We now find, however, that he is unwilling to enter into a written agreement with the Town covering the matter at issue.

It would, of course, be possible under the act of 1914 above referred to, to take by eminent domain such rights as the Town might desire in the dam, but the Board does not recommend this course at the present time, for it would doubtless result in a lawsuit entailing possible damages to be paid by the Town in an uncertain amount. The Board is of the opinion, however, that the suggested improvement is wise and necessary and should be carried out, provided proper arrangements are made as to the rights of persons whose lands are directly affected. We still think that this may be accomplished and therefore recommend that the matter be allowed to remain in the hands of this Board for further consideration and action, and that the unexpended balance of the appropriation be left at the disposal of the Board.

We desire to make acknowledgment to Lincoln Bryant, Esq., for legal services rendered without compensation in connection with this work.

Respectfully submitted,

JOHN BALCH,
ASAPH CHURCHILL,
CHARLES G. WAITT,
Sewer Commissioners.

FUNDS HELD BY THE TOWN

PERPETUAL CARE FUND

Amount held December 31, 1914 . . . . . $31,961 00

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15–18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

JASON REED CEMETERY FUND

Amount held December 31, 1914 . . . . . $2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. REED PUBLIC PARK FUND

Amount held December 31, 1914 . . . . . $4,630.93

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

. . . . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

MARY L. PEABODY FUND

Amount held December 31, 1914 . . . . . $5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee submits herewith its Report for the year ending December 31, 1914.

The Proposed Municipal Gymnasium

In our report of last year we expressed our hearty approval of a municipal gymnasium, and called attention to the lack of facilities for physical training for the schools. A year of further consideration of the project confirms us in the opinion that a gymnasium, if built and used by the High, Tucker and Vose schools (the Belcher School using the Cunningham Gymnasium), will supply in a reasonable and satisfactory manner an important need in our public school system.

It is unlikely that many public school children of the present day in Milton, particularly those living in the more crowded parts of the town, will get physical training unless such instruction is made a part of the school curriculum. Here in Massachusetts, gymnasiums for schools have been and are being established—as at Attleboro, Beverly, Malden, Medford, Natick, Newton, Quincy, Revere, Waltham, Watertown, Winchester, and Winthrop, which all have gymnasiums in school buildings. Norwood has a municipal gymnasium supported by private funds; Brookline has a municipal gymnasium used by school children and citizens; North Easton has a gymnasium near the High School building maintained by the generosity of a citizen; Arlington and Dedham are about to build new High School buildings, for which well equipped gymnasiums are planned.

We refer a little later in this report to the matter of new accommodations for the High School. If the idea of a Municipal Gymnasium is not acceptable to the Town, the School Committee will be obliged to urge on the Town the necessity of providing a school gymnasium, with its accompanying dressing rooms and shower baths in any new quarters provided for the High School.

Physical Education in the Schools

Last summer the Park Commission engaged the services of Mr. Carl Hall and Miss Amy Howland, physical instructors, to have control of the Brook Road Playground, and, under the direction of the School Department, to conduct physical instruction in the schools.

For many years the grade schools have had calisthenics, breathing and setting up exercises lasting about fifteen minutes a day, and the girls in the High School have received instruction in light exercises. All this work was under the direction of a woman instructor.

The new arrangement has been beneficial to the schools. It has resulted in more systematic work for the girls of the High School and of the seventh and eighth grades of the Tucker, Belcher and Vose Schools, and, also in the beginning of gymnastic work for the boys in these schools, who have heretofore been entirely neglected owing to the lack of a male instructor.

Mr. Hall and Miss Howland are handicapped seriously in their work. In inclement and cold weather, out-of-door drills must be omitted, and at no time can exercises of a vigorous character, requiring light attire, followed by bathing, be used. A remedy is the building of the proposed municipal gymnasium.

There has been some doubt expressed as to how gymnastic work could be carried on in a gymnasium at some

distance from the school house without seriously disturbing the usual curriculum; but the seventh and eighth grades from the Belcher School are now receiving instruction regularly at the Cunningham Gymnasium—the hours being arranged so that certain classes meet at the Gymnasium at 9:00 A.M. without going first to the school, and other classes go to the Gymnasium during the hour before the noon recess, so that the pupils after exercising can go to their homes. This avoids breaking into the middle of the school sessions.

For the High School, tentative schedules have already been prepared.

It is proposed that all this shall be "required" work, subject, of course, to excuses for reasonable cause.

School Buildings

In our report of last year we called particular attention to the fact that the growth of the Town at East Milton and at Mattapan would soon make it necessary for the Committee to come to the Town for better and larger accommodations in these districts; and that the High School building was fast becoming inadequate. The Committee now recommends that the Town vote the appointment of a committee to study the problem with special reference to the needs of the High School.

The Superintendent's report of last year speaks of the phenomenal growth of High Schools in the last twenty-five years all over the United States, Milton being no exception to the general rule. The school has now over three hundred (300) pupils, and is growing, by conservative estimate, at the rate of over twenty-five (25) pupils a year. There will probably be three hundred and fifty (350) pupils in the High School next September. When the Consolidated and High Schools in 1909 reached an

average enrolment of about three hundred and fifty (350) —(both schools were then occupying the High School building)—it became necessary to conduct some classes in the corridors. In consequence the Vose School was built. It will be seen by these figures that the High School building is already inadequate again. Its assembly hall is much too small, even to seat two-thirds of the entire school; the laboratories are small and antiquated, likewise the manual training room; there is no proper lunch room; the cooking room is poor.

We wish to call the serious attention of the Town to the fire hazard of our grade schools, which, with the exception of the Vose School, are all wooden buildings, and point out the need of modern fireproof structures to supersede the present buildings.

School Gardens

The Committee of the Education Society on School Gardens—(Mr. Philip P. Chase, Mrs. Philip L. Saltonstall, Mrs. Ellerton James, Miss Julia Gordon, Mr. Nathaniel T. Kidder, Mr. Robert L. Shewell and Mr. Frank M. Marsh)—engaged the services of Miss Mabel Turner last spring. During the spring and summer she directed some seventy children of the Belcher, Tucker, Glover and Vose schools in starting and cultivating school garden plots, and some two hundred and fifty children who had gardens at home. The results as seen at the fall exhibition of the society showed the value of the undertaking. The children also exhibited in the Massachusetts Horticultural Society's display at Horticultural Hall in Boston and received the second and fourth prizes—in competition with schools all over the state—as well as some twenty-five individual cash prizes. The Massachusetts State Board of Agriculture also awarded, after inspecting

the work on the ground, a cup to the Town of Milton for the best Boys' and Girls' club garden work for the season of 1914. During the fall and winter Miss Turner has been giving instruction in soils and plant growing by starting window boxes and having the children plant and attend bulbs. Over four thousand bulbs have been purchased by the children. She is now laying out the work for the spring planting and continuing instruction to increase the children's interest and knowledge of plants and gardens.

The School Department has realized for some time that school garden work might be made a very valuable branch of common school education. When therefore the Committee of the Education Society proposed that the School Department take over this work, the School Committee declared itself ready to do so, as soon as the garden work appeared to have passed beyond the stage of mere experiment.

We feel that the success of this work has now been demonstrated, and, in our estimate of the requirements for this year have included the sum of one thousand dollars for paying the instructor and carrying on the department.

Special Instruction for Backward Children

In the schools of any community are a certain number of children who are not keeping pace with their classes. Some have been absent; some are slow about getting a grasp of a new subject; some are from other schools which are inferior, or at any rate employ different methods; others (and this is a rather large group) have only managed to get hazy perceptions of the fundamentals taught; some develop slowly and others still may never reach the development of the normal child. Without

attempting any exhaustive classification of the children, who for one reason or another, are behind the average, we would say that the question of dealing with these children has long given concern to school officers. The Committee on Public Education in its report to the Town in January, 1913, recommended the establishment of a special class for defective children. While the School Committee has considered this highly desirable, the expense and the administrative and geographical obstacles have deterred us from establishing such a class.

As a method, however, of beginning to deal with this grave problem, we have this year employed the services of Miss Isabel Menut to go about in schools to assist the children who are not up to the usual standard. Miss Menut is not only a successful grade teacher, but she has had special instruction to train her in dealing with backward children, and she is now attending weekly conferences on the subject held by those in charge of this work in Boston. Her work, which has been very helpful and encouraging, will be continued.

School Lunches

We reported last year that the management of the lunch rooms at the High School and the Vose School had been undertaken by the School Department with the opening of the fall term of 1913. These lunch rooms were originally organized and carried on through the energy and devotion of the Woman's Club. We now consider them to be well established, and if carried on as intelligently as at present will continue to be successful.

Gifts to the School

The Committee desires to gratefully acknowledge the following gifts, which have been made to the schools during the year:

High School:

Collection of art photographs of the Great Cathedrals of the World, bound; Framed photograph of Three Angels, representing a detail of the Great Tabernacle, by Fra Angelica, presented in memory of Miss Henrietta Tracy Hallowell, for thirty years a teacher in the Milton High School, by her family.

Picture—"Oral Tradition," from class of 1914.

Vose School:

Pictures—The Castle of Chillon, The Matterhorn, Stratford-on-Avon, from class of 1914.

Tucker School:

Victrola, from class of 1914.

Seven Silk Flags, from Women's Relief Corps.

Belcher School:

Picture—The Matterhorn, from class of 1914.

Engravings—Ready; Absorbed in Robinson Crusoe; from Mrs. Lavina H. Brackett.

$100, (One Hundred Dollars), towards purchase of Reflectoscope, from a friend.

Wadsworth School:

Two Silk Flags, from Women's Relief Corps.

For All Schools:

Reference Books, from Dr. Harris Kennedy.

Requirements for 1915

Your Committee has made careful estimates for the ensuing year and is of the unanimous opinion that the following amounts should be appropriated:

The estimates are—

General school expenses	$90,000 00
Children's Home and School Gardens . .	1,000 00
Transportation of pupils	1,900 00
Medical services and nurse	1,000 00

Reginald L. Robbins, *Chairman*,
Percy E. Sheldon, *Secretary*,
Stephen C. Mitchell,
Frank P. Fanning,
Hester Cunningham,
Harris Kennedy,
School Committee.

Statistics, 1914

Assessed valuation of the town	$31,602,839 00
Total amount raised by taxation	377,335 50
Total amount expended by School Department	92,370 07
Expended for use of School Buildings by town organizations	700 00
Net amount expended for general school purposes	$91,670 07
Amount expended for transportation of pupils	1,845 00
Amount expended for medical inspection	866 96
Total school expense	$94,382 03
Percentage of school expense to total tax levy (1913, .264)	.25
Percentage of school expense to valuation (1913, .0029)	.0029
Cost per pupil based on average membership (1913, $66.85)	$66 94
Cost per pupil based on total enrolment (1913, $60.59)	62 01

Calendar for 1915

Winter term begins Tuesday, January 5.
Winter term ends Friday, March 26.
Spring term begins Tuesday, April 6.
Spring term ends Wednesday, June 16.
Fall term begins Tuesday, September 14.
Fall term ends Thursday, December 23.

PART I
EDUCATIONAL SURVEY

REPORT OF THE SUPERINTENDENT

To the School Committee:

The following is submitted as my third annual report, which is the thirty-fifth in the series of Superintendents' Reports.

The first section of the report considers in a brief and general way some of the conditions, important changes, and activities, which have been going on in the school system; while the second section contains such statistics with reference to teachers, graduates, enrolment, etc., as will be useful for purposes of reference and comparison.

School Buildings

High School. The crowded conditions and unsatisfactory accommodations at the High School, which were described at some length in my report of last year, have become aggravated during this year on account of the anticipated large increase in numbers. Thus far during this school year the total enrolment has been 316, (three hundred and sixteen), with an average membership of 304, (three hundred and four), in contrast with a total enrolment of 271, (two hundred and seventy-one), and average membership of 252, (two hundred and fifty-two), for the year 1913. It seems to me that your own familiarity with the condition and needs of the High School makes it unnecessary to amplify in any way the statement in our previous report. In less than twenty years the High School population has more than trebled. According to the reports of that time the present building was planned to have a maximum capacity of 300, (three hundred), so that for a number of years besides the High School

pupils there were accommodated the pupils of the Consolidated School, until the increase in numbers of both the High School and the Consolidated School made it impossible to continue this arrangement. The building of the Vose School and its occupancy by these grammar school grades in 1910 relieved the High School building, but only temporarily. In the past eight years the enrolment has approximately doubled itself, so that the building at the present time is as inadequate for the present High School classes as it was formerly for the High School and Consolidated School together.

Some of the most urgent needs, as expressed in the High School Principal's Report, are

Proper gymnasium facilities,
Class rooms and lecture rooms of proper sizes,
Library or reference room,
Chemical, physical, and biological laboratories,
Room large enough to assemble the whole school at one time and for classes in chorus singing, which now have to be conducted at the Town Hall, when it is available,

and we would add

suitable and properly located rooms for classes in Domestic Science and for school lunches, also Manual Training and Mechanical and Free Hand Drawing rooms.

The fact that High School opportunities are being more and more appreciated and are being seriously utilized by the youth of the community is evident by the excellent attitude and accomplishments. The following items taken from the annual report of the Principal, under date of January 8, 1915, furnish proof of this appreciation.

"Percentage of attendance for school year ending June, 1914, 96.37; (ninety-six and thirty-seven hundredths).

"Of the total number of pupils in the school in June, 1914, only 13, (thirteen), or 4.8, (four and eight-tenths), per cent failed to be promoted; these were largely in the first year class."

Of last year's graduating class of fifty-three pupils, twelve entered colleges, seven entered normal schools, and seven are enrolled in various schools for technical or specific training. Entrance examinations of the following colleges have been passed by one or more members of this class: Harvard, Massachusetts Institute of Technology, Dartmouth, Simmons, and West Point. Others entered Tufts, Smith, and Boston University on certificates. No applicant failed to gain admission to college. Many of the other graduates are filling positions of responsibility commensurate with their individual abilities.

Elementary Schools. The three large school buildings, the Belcher, the Tucker, and the Vose, have practically reached their maximum working capacity. The Glover, Wadsworth, Houghton, and Sumner school buildings appear to be adequate for some years to come.

The policy of your Board, in recent years at least, to do something each year towards the renovation and proper upkeep of some of the buildings, both as to their interior and exterior, has kept most of the buildings in good repair. The next building which will need immediate and rather extensive alterations will be the Houghton School, on Hillside Street. The annual needs of so many wooden buildings are necessarily expensive.

The chief items of repair and renovation last year were the refinishing of the walls and woodwork in the Wadsworth School; the retinting and varnishing of the assembly hall at the Belcher School, together with the installation of a more adequate and safer lighting system; new boiler tubes and miscellaneous repairs at the Tucker

School; and the refinishing of about half of all the school furniture.

Organization

The Lunch Departments at the High School and the Vose School, which were undertaken by the School Department last year, continue to be conducted under the direction of the teacher of Domestic Science. As far as we have observed these lunches have been entirely satisfactory and have been conducted so that the cost thus far has been met by the income.

The reorganization and revision of the High School Courses of Study, which were begun last year and further extended for the present school year, have enabled the High School to meet the needs of the various types of pupils with reasonable success, and even though the enrolment has increased nearly twenty per cent, there has been no addition to the teaching staff.

The work of the elementary schools has been carried on with the usual efficiency.

Much has been accomplished that is unique and commendable in the departments of Music, Drawing, Manual Training, including Printing, Household Arts, including Sewing and Dressmaking, which is worthy of elaborate report, but which to be fully appreciated needs to be observed at first hand.

Perhaps the most definite change in organization was brought about by the co-operation of the Park Commissioners with the School Committee in providing for the physical education and playground and recreation activities for the entire year. The position of supervisor of physical training for the grades and instructor of girls in the High School was abolished. The pooling of the interests of the Park Commission and its playground activities made it advantageous for both departments to

employ, in addition to Miss Howland, who has had charge of the playground during the summer, a man trained in both playground work and physical education. This combination of forces has worked out very successfully and economically, in that it has made possible a much more complete and definite plan for physical education, not only for the elementary grade pupils, but for both the boys and girls of the High School. The complete success of this plan, it seems to me, will be much more fully realized if the proposed gymnasium facilities are provided for the eighth grades and High School pupils. Definite, intelligent development and care of the physical have too long been neglected. Mental training alone has received the emphasis and has preceded when it should follow or accompany the more foundational physical development. Those who are most intimately engaged in the alleviation or correction of human ills and failures are finding that the difficulty has been more often fundamentally and primarily due either to a lack of bodily strength or to a lack of physical adjustment, rather than to a lack of right moral training or mental attainment.

This belief and view is emphasized and elaborated by men of such national reputation and experience in educational affairs as Dr. C. Hannaford Henderson, of Chicago, Dr. Luther H. Gulick, of New York City, and Dr. Wood and Dr. Meylan, of Columbia University.

Teachers

A number of important changes in the teaching force have given considerable concern to the Department. Those who have left the service in Milton during the past year are: Mr. S. C. Hazelton, Mr. Harold B. Garland, Mr. Frederic B. Knight, Miss Christine L. Lewis, Miss Ethel M. James, Miss Edna P. Carret, Miss Marcia C.

Williams, Miss Louise Marston, Miss Grace E. Mackintosh. Teachers who have entered the service since the last report are, as follows: Mr. Reginald Nash, Mr. Walter G. Butler, Mr. Jasper R. Moulton, Miss Hazel E. Patterson, Miss Sallie B. Morse, Miss Frances Walley, Mr. Carl S. Hall, Miss Amy Howland. Miss Mary F. Conway was transferred from the Vose School to the High School. Miss Isabel A. Menut was transferred from the principalship of the Houghton School to act as a special teacher in various buildings working with individuals who are out of step with the regular grades by reason of sickness, backwardness, or other misfortunes. A detailed report of this work, so far as it has gone, which has been submitted to the School Committee, gives indication that much good may be accomplished in the way of assisting those who are able to be restored to normal grading.

Grammar School Graduations

The investigation by a special committee of the School Committee concerning the whole matter of grammar school graduations, which resulted in the ultimate decision of the Board to abolish the plan of pupils graduating except at the end of the complete public school course, will be far reaching. In a town like Milton, where a very large majority of the pupils attend High School, there is no educational or other excuse for giving to children or parents any encouragement in believing that they have completed anything educationally until they have really finished one of the public High School courses.

For those few pupils who may have to leave school, be it in the seventh, ninth, tenth, or any other year, certificates stating exactly what part of the school course has been covered will be furnished, and even though they are issued without ceremony will answer every requirement.

Common School Education

This whole matter of grammar school graduations and diplomas is more or less related and perhaps responsible in a measure for the very well-known lack of proper articulation between the grammar schools and the High School. The plan that has prevailed for years has been neither logical nor scientific. This arrangement has been due to the fact that New England people have cherished the common school as the hope of the nation. Common school education and elementary education grew to be regarded as one and the same thing. This devotion to the common school was the cause of the gradual lengthening of the course to nine years and in some cases more, but with the coming of the High School, which is of comparatively modern growth, the elementary school course has been curtailed. The High School course, consisting of four years, has unfortunately been considered, until recent years, not a real vital part of a common school education, but too often as a mere preparation for higher institutions. Recently, however, the phenomenal growth of high schools and the almost universal patronage of them by the youth from fourteen to eighteen years of age, considered in relation to the demands of almost any modern vocation, have made the high school a constituent and necessary part of a boy's or girl's common school education. Any artificial division or break in this common school education should be obliterated as far as possible.

"Six and Six Plan"

There are at the present time many efforts and experiments being tried to make this common school education a scientific, logical, and well-articulated series of steps covering twelve years of time. Among the suggestions most prominently mentioned and being tried is the

plan known as the "Six and Six Plan," which means devoting the first six years to acquiring the working tools of knowledge, reading, writing, and the elements of number, the remaining six years to be devoted to the broad and more general education, but sub-divided into three intermediate years, in which is a great variety of subjects, planned for the well rounded instruction of the child and organized so as to give the pupil a chance to experiment in such a way as to reveal his own aptitude and inclinations, and help the teachers to discover what may or may not be the paths into which boys and girls should finally be guided. In the final three years, courses are offered which can then be selected more wisely and with more certainty of being adapted to the needs and aptitudes of the pupil.

In these advanced years of the high school pupils may begin to concentrate their efforts toward ultimate goals, which may be preparation for college, scientific school, normal school, clerical or business position, specific trade, industry, or home making.

This plan seems so scientific and logical and so much more successfully does it appear that boys and girls may be started towards their industrial, business, or professional vocation, that I shall feel like asking your Board to seriously consider during the year the best experience and results along this line with a view to some rearrangement of our plan of grading. It may come about that your Board will determine that some modification of this plan will best fit the needs of Milton. For instance, my present opinion is that the real and essential work in acquiring the fundamentals and tools of education may be accomplished in the first seven years. All the present eighth grade pupils and the first year High School pupils could be organized as an intermediate or junior High School with more definite and logically diversified sub-

jects and courses, which should be followed as outlined above by the three years of advanced specialized work in preparation for definite ends. Besides the decided educational advantage of such an arrangement, a very unfortunate situation is avoided. It so happens that the compulsory age limit, (fourteen years), and the age when pupils complete the present eight years in the elementary schools usually coincide. This difficulty is emphasized by the artificial break and lack of articulation between the present eighth grade and the first year of High School. Here, often, doubts and fears detain many boys and girls from entering into the inheritance and privileges which rightly belong to them. These years, from fourteen to sixteen, are coming to be more and more useless in industry and business, except in those occupations which are known as blind-alley occupations, where little if any opportunity for advancement is afforded.

When boys and girls have once disconnected themselves from school and find themselves in these dead end callings they seldom have the courage to return to that all mportant training, which eventually they realize they have let pass by.

In the readjustment of the work in the last year or two of the elementary schools and the first year of the High School, as briefly outlined above, there is furnished not only the basis for guiding pupils as to their future studies, but we also have at hand through the various manual training, commercial, general science, art, home making, and other concrete subjects means for assisting pupils in determining their ultimate callings or occupations.

Vocational Guidance

In our last report hope was expressed that there might be developed some sort of organized scheme for giving

vocational advice and direction to our Milton boys and girls while still in school, as well as to follow up the successes or failures of these young people in their subsequent life.

If we can so rearrange the courses and methods of instruction for boys and girls during these strange and restless adolescent years as to hold and stimulate them to prolong their training, and at the same time test out their tastes and abilities in various fields, the first steps in vocational guidance will have been taken.

The wide-spread demand for a more live and sympathetic guidance of our young people, not only towards but in their chosen work, is entirely reasonable. We have the economic demand, coming from our industrial and commercial system for a more efficiently chosen body of employees. There is the educational demand that our schools enlarge their functions and give a more adequate preparation for immediate employment and even guidance in finding employment. In high schools and in some colleges, where courses of study have too often been adopted because of tradition, more clearly defined purposes and aims are being established, in order that the training may be better directed and more appropriate to the needs of the individual.

Vocational guidance has been defined as "the selection of, the preparation for, and the placement in a life work."

While the whole idea is comparatively untried, at least to the extent of having scientific data, it has such sensible aims and so much promise to the community that it is worthy of much consideration and even experimentation.

Miss Cunningham of the Committee is working upon a plan for giving vocational guidance with the assistance of those who have had experience in other places. This plan involves collecting and collating much data before any working scheme can be announced. The preliminary

work of testing the practicability of this plan is being undertaken voluntarily by Miss Cunningham, so that there will be no expense of any moment incurred until the plan has been demonstrated to be of real value.

The professional spirit and desire for a broader equipment on the part of teachers has led many teachers to take advantage of extension and Saturday courses of study, which are available in Boston. In addition, the Teachers' Association for two years, besides maintaining a healthy and helpful social spirit among themselves, has been brave enough to maintain high grade lecture courses, which have been available and profitable for both High School pupils, Academy pupils, and the public.

The most cordial spirit of service and co-operation on the part of the teachers towards the Department is much appreciated.

Respectfully submitted,

FRANK MONROE MARSH,
Superintendent.

January 22, 1915.

PROCESSION TO THE BUILDING

CLASS SONG

I

Out on the sea lies the frail ship, Life,
Now waiting for us to embark;
Though the course be long and the currents strong
And the tempests grim and dark,
Though we guide the wheel of the storm-tossed craft
Through the might of the raging blast,
Our gallant crew will guide her true
With colors firm at the mast,
And far o'er the rolling main,
Bring her safely home again.
Ship ahoy, Ship ahoy.

CHORUS

The class of the red and the gold, then,
United may we be,
With ties ne'er riven though the world may have striven
To conquer our spirit free;
Though, at times, we may drift from our destined course,
And the reefs of life may unfold,
We will journey along with spirit strong,
The class of the red and the gold.

II

When, in the future, our course is run,
The ship in its haven at last,
And we stop to think at the harbor's brink
Of the dangerous shallows passed,
May then to our minds the vision appear,
'Neath the sun's declining ray,
Of our comrades true, their journey through,
At rest at the end of the day.
There, after wanderings long,
Will echo our class song.
Ship ahoy, Ship ahoy.

TUCKER GRAMMAR SCHOOL

GRADUATION EXERCISES

School Hall, Friday Evening, June 12, 1914, 8 o'clock

PROGRAM

Sound, sweet song, from some far land,
Sighing softly close at hand,
  Now of joy, and now of woe!
  Stars are wont to glimmer so.
Sooner thus will good unfold;
Children young and children old
  Gladly hear the numbers flow.

Goethe

"FATA MORGANA" . . . . . *Henry W. Longfellow*
Class of 1914

COMPOSITION, "Folk Songs"
Jessie Mullan

CHORUS, "From Lyons as I Journeyed"

"ROMANCE OF DENOIS" . . . . . *From the French*
Eleanor Smith

"THE WHITE CZAR" . . . . . *Henry W. Longfellow*
Splaine Duffy

CHORUS, "The Cossack's Lullaby" . . . . . *Russian*

ITALY,— "A land of art and beauty rare,
Of sunny skies and balmy air"

"HOW THE GATES CAME AJAR" . . . . . *From the Italian*

"Lorelei"

PRESENTATION OF DIPLOMAS
Mr. Stephen C. Mitchell, *Local Committee*

Good-night! Good-night!
Far flies the light;
But still God's love
Shall flame above,
Making all bright.
Good-night! Good-night!
Victor Hugo

MEDICAL INSPECTION REGULATIONS

School Physician

1. The school physician is to visit the schools whenever he is directed to do so by the superintendent of schools.

2. The school physician shall make a prompt examination and diagnosis of all children referred to him as hereinafter provided, and such further examination of teachers, janitors, and school buildings, as in his opinion the protection of the health of the pupils may require. The school physician shall make a prompt examination of every child who wishes to obtain an age and schooling certificate, as provided in Section 60 of Chapter 514 of the Acts of the year 1909, and who presents to said physician an employment ticket, as provided in said section, and the physician shall certify in writing whether or not in his opinion such child is in sufficiently sound health and physically able to perform the work which the child intends to do.

3. There shall be referred to the school physician for examination and diagnosis every child returning to school without a certificate from the Board of Health, after absence on account of illness or from an unknown cause.

4. The school physician may be consulted by the superintendent of schools on any matter pertaining to the health of the children.

5. Principals shall promptly notify the superintendent by telephone, whenever in their judgment the services of the school physician are needed.

School Nurse

1. The school nurse shall assist the school physician, follow up his recommendations, and so far as possible see that his directions are carried out.

2. She shall visit each school at such times as she may be directed by the superintendent of schools, observe the general health conditions, inspect the children as to cleanliness and obvious defects, and help the teachers by advising them on matters of health.

3. She shall report in person to the principal of the school or the teacher in charge, immediately upon her arrival each day and before her departure.

4. She shall keep such records in such form as the superintendent may determine.

5. She may visit excluded pupils at their homes; provided that such visits shall not be made in cases of smallpox, scarlet fever, diphtheria, measles, whooping cough, or mumps, and keep a record of all her visits, and the results of all her visits. She shall revisit from time to time as may be necessary.

6. She may visit the homes where there are flagrant cases of pediculosis and show the mothers how to treat the condition and encourage persistence.

7. She shall not treat cases of trachoma, but shall urge upon parents where necessary the need of treatment, and if advisable take the child to a dispensary.

8. She shall under the direction of the school physician give first aid in cases of minor cuts and bruises.

9. She shall check up vaccination records.

10. She shall make the sight and hearing tests of the children.

11. She shall urge upon parents, where necessary, the importance and value of a proper care of the teeth.

12. In general, under the direction of the superintendent of schools, she shall perform such other professional duties, consistent with the nature of her work, as will promote better hygienic living in school and home.

Diseases

1. No child shall be admitted to school who has not been vaccinated, except upon presentation of a certificate granted for cause stated therein, signed by a regular practicing physician, that he is not a fit subject for vaccination.

2. A child who is a member of a household in which a person is ill with smallpox, diphtheria, scarlet fever, measles, or any other infectious or contagious disease, or of a household exposed to such contagion from another household as aforesaid, shall not attend any public school during such illness until the teacher of the school has been furnished with a certificate from the Board of Health, or from the attending physician of such person, stating that danger of conveying such disease by such child has passed, and that in the case of smallpox, diphtheria, and scarlet fever, at least two weeks, and in case of measles, at least three days, have elapsed since the recovery, removal, or death of such person.

3. A child sick with either smallpox, scarlet fever, measles, chicken pox, tuberculosis, diphtheria, or influenza, tonsilitis, whooping cough, mumps, scabies, trachoma, or other infectious disease, shall be excluded from school, and shall not be allowed to return until the teacher of the school has been furnished with a certificate from the Board of Health or from the attending physician of such person, stating that danger of conveying such disease by such child has passed; and that in case of smallpox, diphtheria, and scarlet fever, at least two weeks, and in case of measles, at least three days, have elapsed since the recovery, removal, or death of such person.

4. Notice of the disease or defects, if any, from which any child is found to be suffering, shall be sent to his parent or guardian. A child showing symptoms of smallpox, scarlet fever, measles, chicken pox, tuberculosis, diphtheria, or influenza, tonsilitis, whooping cough, mumps,

scabies, or trachoma, is to be sent home immediately, or as soon as safe and proper conveyance can be found, and the Board of Health shall at once be notified.

5. Children showing symptoms of pediculosis, ring worm, or impetigo, shall be excluded until danger of contagion has passed, and the parent or guardian shall be notified at once of the exclusion.

6. Whenever it is found advisable, a child who is a member of a household in which a person is ill with any infectious or contagious disease other than the foregoing, may be excluded until the teacher has been furnished with a certificate from the Board of Health of the town, or from the attending physician of such person, stating that danger of conveying such disease by such child has passed.

7. Each child in the public schools shall be separately and carefully tested and examined at least once in each year to ascertain whether he is suffering from defective sight or hearing, or from any other disability or defect tending to prevent his receiving the full benefit of his school work, or requiring a modification of the school work in order to prevent injury to the child or to secure the best educational results. Notice of any defect or disability requiring treatment shall be sent to the parent or guardian of the child, and a physical record of each child shall be kept in such form as the State Board of Education shall prescribe.

8. A household includes all persons occupying the same rooms and using the same entries.

If two or more families occupy the same house, but with separate entrances, and they use no rooms in common, such families are considered to be separate and distinct households. All doubtful cases shall be referred by the superintendent to the Board of Health for decision.

9. A monthly report of medical inspection shall be sent to the superintendent by the principal on blanks furnished for the purpose.

79th

ANNUAL TOWN REPORT

OF

MILTON

MASS.

FOR THE YEAR ENDING

DECEMBER 31, 1915

COMPILED BY

THE AUDITORS

POOLE PRINTING CO., INC.
251 CAUSEWAY STREET
BOSTON

STATEMENT OF THE AUDITORS

To the Citizens of Milton:

In accordance with the Revised Laws and the By-Laws of the town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending December 31, 1915, and have found the same correct.

Respectfully submitted,

J. HERBERT RAYMOND
ERNEST P. LIBBY } *Auditors*

MILTON, MASS., December 31, 1915.

*Term expires March, 1916. †Deceased.

REVISED BY-LAWS

TOWN OF MILTON, MARCH 2, 1902

Adopted by the Town and approved by the Superior Court May 20, 1902.

The amendments to Chapters 2, 3, 7, 8, and 10 adopted by the Town March 2, 1914, March 13, and September 1, 1915, were approved by the Attorney-General, December 10, 1914, May 8, and September 22, 1915.

CHAPTER 1

General Provisions

Section 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the Town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any

By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

SECT. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the Town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The word *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Laws shall, when received, inure to the use of the Town, and be paid into the Town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the Town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the Town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any

order of any Town officer or board of Town officers, issued under any of the By-Laws of the Town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the Town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the Town may be repealed or amended, or other By-Laws may be adopted, at any Town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2

TOWN MEETINGS

SECTION 1. The warrants for all Town meetings shall be directed to the constables of the Town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the Town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the Town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of Town officers shall be held upon the first Saturday of March, the polls to be open at fifteen minutes before six o'clock in the forenoon, and they shall remain open until four o'clock in the afternoon for the election of such other Town officers as are required by law to be elected by ballot, all said officers to be voted for on official ballots. At any time after said four o'clock a vote may be passed to close the polls in not less than ten minutes.

Sect. 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of said meeting to the following Saturday at one-thirty o'clock in the afternoon.

Sect. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

Sect. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the house called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative, respectively, shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator.

Sect. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

Sect. 7. When a question is before the meeting, the following motions, viz.:—

to adjourn,
to lay on the table,
for the previous question,
to postpone to a time certain,
to commit (or recommit) or refer,
to amend or substitute,
to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the Town meeting of the ensuing year.

CHAPTER 3

THE WARRANT COMMITTEE

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the Town, the subject-matter of which is generally included in the warrants for its Town meetings; and the officers of the Town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the Town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the Town meetings held during the period for which they were appointed including the various articles in the warrant for the annual Town meeting next after their appointment; they shall also consider all questions submitted to the

voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town."

CHAPTER 4

The Town's Finances and Property

Section 1. The financial year shall begin with the first day of March.

Sect. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the Town, a detailed report of all moneys received into and paid out of the Town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report shall be printed the records of all meetings of the Town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the Trustees respectively, and a statement of all other funds belonging to the Town or held for the benefit of its inhabitants; also statements of the liabilities of the Town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain

such other matters as may be required by the By-Laws of the Town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the Collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part 1, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

SECT. 5. No person being an officer of the Town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

SECT. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. No order shall be drawn by any officer or

committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount which overdraws the appropriation against which it is made, whether general or special; and the Town Treasurer shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not honor any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special.

SECT. 9. To provide for extraordinary expenditures of departments, should any become necessary in excess of appropriations made, the Town shall annually appropriate a certain sum of money to be known as the Contingent Fund. No direct drafts against this fund shall be made, but transfers from the fund may be made by vote of the Warrant Committee to the account of any other appropriation. A certified copy of such vote shall be sent to the Town Treasurer, and the Treasurer shall transfer accordingly, and honor drafts against the funds so transferred as if originally appropriated.

SECT. 10. No board, committee, or officer of the Town shall commit the Town to any expenditure or liability which would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to

the Town, either by the Selectmen or other Town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

SECT. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town,

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

SECT. 14. Two Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5

THE CEMETERY

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual Town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the Town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by

the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such landmarks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to

give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such Tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

Sect. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.

2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.

3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.

4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.

5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.

6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6

Police Regulations

Section 1. No person shall move or assist in moving any building, over any way which the Town is obliged to keep in repair, without the written permit of the Selectmen being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desire to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any

public way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the Town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be

propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

Sect. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

Sect. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

Sect. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, hand-cart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the Town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Sect. 15. Any person or persons who shall play or

perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any sign board of the Town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe

from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum nor less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars, or advertisements through the Town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, fire-arm, torpedo, fire-cracker or fireworks in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighgorhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the

Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

SECT. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the Town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the Town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle

or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

Sect. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

Prosecutions and Penalties

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7

The Construction and Inspection of Buildings

Section 1. This Chapter shall constitute and be known as the Building Code and may be cited as such. It provides, in conjunction with Chapter 635, Acts of 1912, known as the "Tenement House Act," for all matters concerning the construction, equipment, alteration, repair, demolition or moving of buildings or structures erected or to be erected in the Town of Milton.

Sect. 2. Whenever the word "Inspector" occurs in this Chapter it means the Inspector of Buildings.

Sect. 3. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within the Town at any reasonable hour.

SECT. 4. In this Chapter the following terms shall have the meanings respectively assigned to them:

First Class Buildings: A first class building shall consist of fireproof material throughout, with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra cotta or other masonry arches or with concrete or reinforced concrete slabs. Wood may be used only for under and upper floors, window and door frames, sashes, doors, interior finish, hand rails for stairs, necessary sleepers bedded in cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

Second Class Buildings: Second class buildings shall include all buildings not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks or other equally substantial and fireproof material.

Third Class Buildings: Third class buildings shall include all buildings not of the first or second class.

Thickness of Wall: The minimum thickness of such wall.

Grade: Average grade of the ground immediately adjoining a building.

Cellar: A story more than one-half below the average grade of the ground immediately adjoining a building.

Wooden Frame Building: Any building of which an external wall is constructed wholly or partly of wood. Wood frames covered with metal, wire lath and plaster or brick shall be deemed to be wood structures.

Reinforced Concrete: By the term "reinforced concrete" is meant an approved concrete mixture reinforced by steel of any shape so combined that the steel takes up the tensile stress and assists in the resistance to shear.

Story: That part of a building between the top of any floor beams and the top of the floor or roof beams next above.

Permits

Sect. 5. Before the erection, construction or alteration of any building or part of any building, structure or part of any structure, wall, or any platform or flooring to be used for standing or seating purposes, is commenced, the owner or lessee, or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration shall, except for ordinary repairs, submit to the Inspector a detailed description of the location, purpose and construction of the proposed structure or work on proper blanks to be furnished by the Inspector, and full and complete copies of the plans of such proposed work, and such structural detailed drawings as the Inspector may require.

Such plans and detailed drawings shall be furnished in duplicate and, if approved by the Inspector, one set shall be kept at the building during the progress of the work, open to the inspection of the Inspector or his representative. The other shall be kept on file in the office of the Inspector.

The Inspector may require an applicant for a permit to submit with the plans of a building or other structure detailed drawings and calculations of any portions thereof subjected to unusual stresses, or of complicated construction, or for a steel frame or reinforced concrete construction, or of any type of construction not particularly described in this chapter.

Nothing in this section shall be construed to prevent the Inspector from granting his approval of the erection of any part of a building or structure where the general

plans and detailed descriptions have been filed for the same, before the entire detailed plans have been submitted.

SECT. 6. It shall be the duty of the Inspector to approve or reject any plans filed with him pursuant to the provisions of this chapter within a reasonable time and within ten (10) days in any event, and no work shall be commenced until a permit is issued.

SECT. 7. Upon approval of plans the Inspector shall issue a permit. The permit shall be void unless work is commenced within three (3) months from the date thereof.

SECT. 8. No building shall be lathed nor shall any metal ceiling, plaster board or other covering be put on until the Inspector has been notified that the building is ready for such work, and until he has given written consent thereto.

SECT. 9. If a proposed building or structure is of a size or character not provided for by this chapter, plans and specifications of such building or structure shall be submitted to the Inspector and referred by him, with his recommendations thereon, to the Board of Selectmen for approval.

CONSTRUCTION

SECT. 10. The Inspector shall examine all buildings in the course of erection or alteration as frequently as is necessary, to see that the Law and the By-Laws of the Town are complied with.

SECT. 11. Every portion of every building or other structure in process of construction, alteration, repair or removal and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

Sect. 12. All masonry below the finished grade shall be laid up in mortar no poorer than one part Portland cement and three parts sand.

All masonry above grade shall be laid up in mortar no poorer than one part Portland cement, one part lime, and six parts sand.

Sect. 13. Every building or structure hereafter erected shall have a masonry foundation resting upon the solid ground, piles, or other durable structure. Said foundation shall be securely and properly built, and shall be of such thickness as to properly sustain the weight it is intended to support; provided, however, that the Inspector may, in his discretion, permit the use of other materials for foundations of buildings not over one and one-half stories high.

Sect. 14. The underpinning above grade, if of concrete, shall be not less than ten (10) inches in thickness; if of brick, not less than twelve (12) inches in thickness; if of stone, not less than sixteen (16) inches in thickness; and shall be laid in cement mortar, as prescribed in Section 12.

Sect. 15. All foundation walls and pier footings shall be laid at least three (3) inches below cellar bottom and not less than three (3) feet six (6) inches below any adjoining surface exposed to frost.

Sect. 16. All piers shall be built of stone, good hard burnt brick laid in mortar, or reinforced concrete. Isolated brick piers shall not exceed in height ten (10) times their horizontal dimensions and, if of reinforced concrete, fifteen (15) times their least horizontal dimensions, which shall not be less than twelve (12) inches. Cement filled iron columns may be substituted for piers if of suitable size to carry the superimposed load. Such columns shall have cast iron caps and bases and shall rest on foot-

ings of masonry, stone, or concrete which shall be at least twelve (12) inches in each dimension.

SECT. 17. For buildings other than frame, where the walls are of brick or solid concrete, the minimum thickness in inches of all exterior and dividing walls carrying the loads of floors and roofs and including foundation walls for the same shall be not less than specified in the following table:

Height	Foundations	Basement	Stories 1	2	3	4	5	6
1 Story	16	12	8					
2 Stories	16	12	12	8				
3 Stories	20	16	12	12	8			
4 Stories	20	16	16	12	12	8		
5 Stories	20	16	16	16	12	12	8	
6 Stories	24	20	16	16	16	12	12	8

The height of stories for the thickness of walls given shall not exceed:

First Story	17 feet
Second Story	15 feet
Third Story	13 feet
Fourth and Upper Stories	12 feet

and if any story exceeds the foregoing heights, it shall be counted as one additional story for each twelve feet in height or fraction thereof and the thickness of the walls not diminished from the thickness of the lower portion of such story.

If stone is used in place of brick or solid concrete, the thickness of walls shall be made four (4) inches thicker than above specified.

In external walls of the thickness specified in this section, the area of openings for windows, doors, flues, etc., shall not exceed 50 per cent of the gross sectional area.

In case the width of such openings exceeds one-half the length of the wall, the thickness of piers between openings shall be increased so as to maintain an area of at least fifty (50) per cent of the gross area required by the specified thickness; provided, however, that in the upper half of any vertical portion of the wall required to be of constant thickness a smaller addition may be made to the thickness of piers, if the stresses allowed by this code are not exceeded. Curtain walls of brick or concrete between piers, where carried to the piers by arches or lintels at each story, shall be not less than eight (8) inches in thickness.

SECT. 18. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 19. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight (8) inches thick, in which case the excess over four (4) inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four (4) inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

SECT. 20. Reinforced concrete construction will be accepted for buildings of the first class, and must be designed in accordance with the recommendations of the Joint Committee of the American Society of Civil Engineers, or American Society for Testing Materials, and all materials used in the construction must conform to the requirements of the standard specifications of the American Society for Testing Materials.

The Building Inspector shall have authority to require tests to be made of all materials used in the construction. Such tests shall conform to the requirements as approved by the American Society for Testing Materials.

Only stone or gravel concrete shall be allowed in the construction of reinforced concrete buildings, except that slag or cinder concrete may be used for fireproofing purposes and for floors or roofs where the super-imposed load does not exceed fifty (50) pounds per square foot, and the spacing between supports does not exceed six (6) feet.

The allowable unit stresses shall not exceed those recommended by the Joint Committee above mentioned.

Before issuing permit for the construction of reinforced concrete buildings, the Inspector of Buildings shall require the owner to submit a complete set of working drawings and details of the proposed construction with the approval of some well-known consulting engineer written upon each sheet of the drawing, and the cost of such approved drawings shall be paid by the owner.

SECT. 21. The studding in outside walls shall be at least two (2) by four (4) inches in size and spaced not over sixteen (16) inches on centers.

Studs next door and window openings shall be at least three (3) inches by four (4) inches and shall be mortised into sills and girts.

Openings in outside walls shall be trussed if the Inspector so requires.

SECT. 22. Every wooden building hereafter erected or altered shall have all parts of sufficient strength to carry the weight of the super-structure; shall be built with sills, posts, girts, studs and plates all properly framed, braced and secured together by mortising, strapping or halving, to the satisfaction of the Inspector.

The posts and girts shall be not less than four (4) inches in size except intermediate posts, which shall be not less than four (4) inches by eight (8) inches in size. Studs in interior partitions shall be placed not more than twenty (20) inches on centers. Plates shall be not less

than four (4) inches by four (4) inches in size, but may be two (2) inches by four (4) inches doubled. Sills shall be not less than four (4) inches by six (6) inches in size.

Sect. 23. The studding of main or carrying partitions shall be not less than two (2) by four (4) inches in size, and shall rest on a sole piece of hard pine two (2) by four (4) inches. All openings in main partitions of more than thirty-six (36) inches shall be trussed and have studs doubled at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding and two (2) inches thick, at least once in height.

Partitions over twelve (12) feet in height shall be bridged at least once in every six (6) feet.

When carrying partitions rest directly over each other, the studs shall run down between the floor beams and rest on the header of the partition below.

Headers of carrying partitions shall be at least two (2) inches by four (4) inches in size, doubled and of hard pine.

Sect. 23 A: All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons.

Sect. 24. All wooden beams of floors or flat roofs shall be properly bridged with cross bridging at least one (1) inch by three (3) inches in size, and the distance between bridging or between bridging and walls shall not exceed eight (8) feet.

Sect. 25. No part of any floor timber shall be within two (2) inches of any chimney; no studding or furring shall be within one (1) inch of any chimney; and no

timbers or woodwork shall be within two (2) inches of the back wall of any fireplace. The header beam, carrying the tail beams of a floor and supporting the trimmer arch in front of a fireplace, shall be not less than eighteen (18) inches from the finished chimney breast.

SECT. 26. Every wooden beam, except header beams, shall rest four (4) inches in the wall at each end, or upon a girder or column as authorized by this chapter, unless the wall is properly corbelled out of four (4) inches, in which case the brickwork or corbelling shall extend to the top of the floor beams.

SECT. 27. The ends of all wooden beams of floors where they rest on brick walls, and the ends of all wooden roof beams in parapeted walls, shall be cut to a bevel of three (3) inches in their depth.

SECT. 28. No cutting of timbers for any purpose shall be done so as to reduce the strength of the supporting parts below that required by the provisions of this chapter. No floor timber, header or trimmer beam of any building shall be cut into more than two (2) inches in depth for piping without a permit from the Inspector. Holes for electric wires through wooden beams, girders or floor beams shall not be located more than one (1) inch from the neutral axis thereof.

SECT. 29. Every second and third class building hereafter built shall have in each story all vertical space in the exterior walls, and carrying partitions thoroughly stopped with fireproof materials not less than four (4) inches in height. These steps may be omitted on approval of the Inspector in cases where the studding is to remain open and uncovered. In every building used solely as a mill or factory there shall be a fireproof stop between the upper and under floor. This fire stop may, however, be omitted if the floor boards are at least two (2) inches

thick and splined or tongued together and the space between the timbers of the floor open and uncovered.

SECT. 30. All floors shall be of sufficient strength to bear the weight imposed thereon and of sufficient strength in all parts to safely bear (in addition to the weight of the material of which the floor is composed), upon every square foot of its surface not less than the weights named below for the specified purposes for which such floors are respectively used or designed to be used:

Dwelling houses and hotels [except public rooms having a floor area of over five hundred (500) square feet and corridors], fifty (50) pounds; unfinished attics used for storage purposes only, thirty (30) pounds; schoolhouses, except corridors and assembly halls, sixty (60) pounds; stairs, landings, platforms, fire escapes, office floors, places of public assembly and public buildings having permanent seats, seventy-five (75) pounds; stables, private garages and the portions of public garages not containing machinery, seventy-five (75) pounds; corridors of hotels, of public buildings and of schoolhouses and rooms in hotels exceeding five hundred (500) square feet in area, one hundred (100) pounds; retail stores and buildings for light manufacturing purposes, one hundred and twenty-five (125) pounds; places of public assembly and public buildings having movable seats, dance halls and gymnasiums, two hundred (200) pounds; warehouses and buildings for heavy manufacturing purposes, two hundred and fifty (250) pounds. Loads not included in the above classification shall be determined by the Inspector.

SECT. 31. The pressure upon brick masonry in walls or piers, of which the thickness or least dimension is more than one-sixth of the height, when lime mortar is used, shall not exceed eight (8) tons per square foot; with lime and cement mortar, twelve (12) tons per square

foot; with cement mortar, eighteen (18) tons per square foot. When the thickness or least dimension is between one-sixth and one-twelfth the height, and lime mortar is used, the pressure shall not exceed seven (7) tons per square foot; lime and cement mortar, ten (10) tons per square foot; with cement mortar, fifteen (15) tons per square foot.

On first class stone work laid in cement, pressures shall not exceed: on sandstone, thirty (30) tons per square foot; on marble or limestone, forty (40) tons per square foot; on granite, sixty (60) tons per square foot.

Hollow blocks of terra cotta or concrete when used for bearing walls shall have not more than fifty (50) per cent of cellular space. Concrete blocks shall not be used in construction until they have attained the age of twenty-eight days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken of the cellular spaces. The average ultimate compressive strength for terra cotta blocks laid with cells vertical shall be not less than twelve hundred (1200) pounds per square inch; the average for concrete blocks laid with cells vertical shall be not less than eight hundred (800) pounds per square inch. Concrete blocks shall be not less than thirty-six (36) days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed one hundred (100) pounds per square inch of gross area for terra cotta blocks, or seventy-five (75) pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizon-

tal, the allowable working stress shall not exceed thirty (30) pounds per square inch of gross area.

The maximum stress in pounds per square inch in woodwork shall not exceed the following:

	Long-leaved Yellow Pine Oak and Locust	Other Woods
Direct tension on compr. or fiber str.	1,500	1,000
Direct comp. side grain	500	300
Shear across fiber	1,200	800
" with "	150	100
Short columns	1,000	700

Columns may be used with a length not exceeding forty (40) times the least dimension. The unit strain for lengths up to ten (10) times the least dimensions shall be as given in the above table, with a reduction of one hundred (100) pounds per square inch for every increase of ten in the ratio of length to least dimension.

The maximum stress in tension in cast iron, or tensile fiber stress in case of beams, shall not exceed three thousand (3000) pounds per square inch. The maximum compression in short pieces or compressive fibre stresses in beams shall not exceed sixteen thousand (16,000) pounds per square inch. Cast iron columns may be used with a length not exceeding twenty (20) times their least external diameter. The unit stress for lengths up to three (3) times their least diameter shall not exceed eleven thousand (11,000) pounds per square inch, with a reduction of five hundred (500) pounds per square inch for every increase of 3 in the ratio of length to least diameter.

In rolled steel the maximum stresses shall not exceed the following:

Tension and fiber stress, 16,000 lbs. per square inch; compression in columns, 13,000 lbs. per square inch.

Columns may be used with a ratio of length (1) to least radius of gyration (r) not exceeding 16, 1 being expressed in feet and the r in inches. The unit stress allowed shall be 13,000 pounds per square inch for 1/r from 2 to 4; 12,000 from 4 to 6; with a decrease of 1000 pounds for each succeeding increase of 2 in the ratio of 1 to r.

Shear in rivets, 10,000 lbs. per square inch; shear in rough bolts, 9000 lbs. per square inch; shear in web (stiffened), 8000 lbs. per square inch; bearing on rivets, 18,000 lbs. per square inch; bearing on rough bolts, 15,000 lbs. per square inch.

The maximum stresses in wrought iron shall not exceed seventy-five (75) per cent of those allowed in rolled steel.

Materials not specifically mentioned above shall not be allowed to carry stresses exceeding one-quarter the stresses which would cause fracture or cracks in specimens of such materials of average quality under similar conditions of loading. In cases of doubt of the strength of such materials, the owner may be required to make such tests as the Inspector shall deem necessary to determine the strength, said tests to be made in the presence of the Inspector or his authorized representative.

Sect. 32. Frame buildings veneered on the outside with four (4) inches of brick or stone work shall have such brick or stone work supported on a foundation of masonry, and shall be properly anchored to the frame structure. The height of any such veneer shall not exceed twenty-five (25) feet above the solid masonry.

Sect. 33. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling, unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

SECT. 34. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipe. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

SECT. 35. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe—having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

SECT. 36. All walls, ceilings and partitions inclosing drying-rooms, when not made of fireproof material, shall be wire lathed and plastered, or covered with metal, tile or other hard, incombustible material.

SECT. 36 A: No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4)

feet to the line of any adjacent lot or to any other building of the first or sceond class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17.

Sect. 37. In first or second class buildings all openings in walls within four (4) feet of adjoining property lines shall be protected by metal shutters or by metal sash, frames and wire glass.

Sect. 38. Every building of the third class hereafter erected to form a block of two or more buildings shall have a wall of brick, or Portland cement concrete, or other equally substantial and approved fireproof material between adjoining buildings, completely separating same. Such walls to be of thickness specified in Section 17, carried to under side of roof boarding.

Sect. 38 A: Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress.

Electric Wiring and Fixtures

Sect. 39. All wires, appliances and apparatus in the interior of a public building or on private premises, which are intended for the transmission of electricity and to be connected with an outside circuit, shall be made and at all times kept safe, and shall be placed, arranged, attached, changed and maintained by the person, firm or corporation owning or using the same, to the satisfaction of the Inspector of Wires appointed in accordance with the provisions of Chapter 337 of the Acts of the year 1899. The Inspector of Wires shall have access at all reasonable times to such wires, appliances and apparatus.

Before any person, firm or corporation shall arrange, fix, or essentially change any such wires, appliances and apparatus, the Inspector of Wires shall be notified and given full opportunity to inspect the said wires and their arrangement and fixtures before the same are covered or enclosed. Wires in the interior of buildings and on private premises shall not be connected with an outside circuit which crosses or runs along, over or under any street or way of the Town without written permission therefor having been first obtained from the Inspector of Wires.

Companies and contractors making any repairs on or installing any electric plants in the Town of Milton shall send a notice to the Inspector of Wires before the work is commenced.

All work and material must be supplied and installed in accordance with provisions of the National Electric code and any amendments or additions thereto.

Gas Fixtures

Sect. 40. The burners of all gas fixtures shall be at least three (3) feet below any ceiling or woodwork, unless the same is properly protected by a shield, in which case the distance shall be not less than eighteen (18) inches. No gas bracket on any lath and plaster partition or woodwork shall be less than five (5) inches in length, measured from the burner to the plaster surface or woodwork.

Sect. 41. Gas pipes in any building or structure shall be installed in accordance with the rules and regulations prescribed by the company furnishing gas. All gas pipes shall be inspected and tested by the gas company before the pipes are covered, and a certificate of the same from the gas company shall be placed on file with the Inspector of Buildings by the owner of the building or his

representative. The method of installation of the gas pipes shall be subject to the approval of the Inspector of Buildings.

Sect. 42. Every hot water boiler hereafter installed, to be used for heating purposes, shall be provided with a safety or relief valve of a size not less than that known commercially as one-half (½) inch. Such valve shall be attached either directly to the boiler or to some pipe connected therewith at a point not more than one foot from the boiler.

Regulations Made by the Fire Engineers According to the Provisions of Chapter 32, Section 46 of the Revised Laws in Regard to Chimneys, Flues, Fireplaces and Heating Pipes.

Sect. 43. All chimneys hereafter erected shall be built of brick, stone or other incombustible material.

Sect. 44. All chimneys hereafter erected, if walls are less than eight (8) inches thick, shall be lined on the inside with terra cotta or tile pipe, made smooth on the inside from two (2) feet below girder, or from the throat of the fireplace, if the flue starts from the latter, and carried up continuously to the top. The ends of all such lining pipes shall be made to fit close together, and the pipe shall be built in, as the flue or flues are carried up. The walls shall be at least four (4) inches thick. No parging mortar shall be used on the inside of any fireplace, chimney or flue. The firebacks of all fireplaces hereafter erected shall be not less than eight (8) inches in thickness if of solid brickwork nor less than twelve (12) inches if of stone. When a grate is set in a fireplace, a lining of firebrick at least two (2) inches in thickness shall be added to the fireback, unless soapstone, tile or cast iron is used and filled solidly behind with fireproof material.

All chimneys shall extend at least three (3) feet above the highest point at which the chimney cuts the roof and at least six (6) inches above any roof surface within ten (10) feet in a horizontal line.

Sect. 45. Imitation fireplaces intended for use with gas or electricity and not having a flue shall be constructed throughout, including the hearth, of fireproof material not less than two (2) inches thick.

Hearths of all fireplaces and chimney breasts where mantels are placed shall be supported by trimmer arches of brick, stone, burnt clay or concrete at least eighteen (18) inches in width measured from the face of the finished chimney breast and not less than sixteen (16) inches longer than the width of the finished fireplace opening. Wooden centers under trimmer arches shall be removed before plastering the ceiling underneath. Hearths may be supported on steel cantilever beams built not less than sixteen (16) inches into the chimney.

Sect. 46. No chimney shall be supported by, started or built upon any woodwork.

In no case shall a chimney be corbelled out more than two-thirds the thickness of a wall to which it is attached, and in all such cases the corbellings shall consist of at least five course of brick. Where chimneys are supported by piers, the piers shall start from the foundation on the same line with the chimney breast, and shall be not less than twelve (12) inches on the face, properly bonded into the walls. When a chimney is to be cut off below, in whole or in part, it shall be wholly supported by stone, concrete, brick, iron or steel.

All chimneys which become dangerous in any manner whatever shall be repaired and made safe, or taken down.

Sect. 47. All hot air furnaces, low pressure boilers, and hot water heaters shall be placed at least two (2) feet from any wooden or combustible partition or ceiling,

unless such partition or ceiling is properly protected by incombustible material, when the distance shall be not less than one (1) foot.

Sect. 48. No wood shall be placed within one (1) inch of any smoke flue or metal pipe used to convey hot air. No smoke pipe shall pass through any wood floor. No smoke pipe shall be placed nearer than twelve (12) inches to any woodwork unless it is properly guarded by metal shields; if so guarded smoke pipes shall be not less than six (6) inches distant. Where smoke pipes pass through a lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least twelve (12) inches larger in diameter than the pipes, or by galvanized iron thimbles surrounded by solid masonry extending through the partition and eight (8) inches larger than the pipes. No smoke pipe shall pass through the roof of any building unless a special permit be first obtained from the Inspector of Buildings.

Sect. 49. Steam or hot water heating pipe shall not be placed within two (2) inches of any timber or woodwork, unless the timber or woodwork is protected by a metal shield; then the distance shall be not less than one (1) inch. All steam or hot water heating pipes passing through floors and ceilings or lathed and plastered partitions shall be protected by a metal tube one (1) inch larger in diameter than the pipe—having a metal cap at the floor.

All pipes or ducts used to convey air warmed by steam or hot water shall be of metal or other fireproof material. All steam and hot water pipe coverings shall consist of fireproof materials only.

CHAPTER 8

The Regulation and Inspection of Plumbing

Section 1. There shall be in the Town a department for the inspection of plumbing in accordance with the provisions of Chapter 103 of the Revised Laws.

SECT. 2. The word "Inspector" without further addition wherever used in this chapter means the Inspector of Plumbing.

SECT. 3. Every plumber before commencing work on any part of the drainage system in a building, except in the case of the repair of leaks, shall file at the office of the Inspector upon blanks provided for that purpose, a description of the proposed work. No such work shall be done in any building unless approved by the Inspector and after a permit is issued therefor. Permits to perform plumbing shall be issued only to master plumbers. Drawings of the proposed work shall be filed when required by the Inspector.

SECT. 4. No drainage, waste or ventilation pipes shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two (2) working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All drainage, waste and ventilation pipes shall be subjected to the water test before the fixtures are set. After all the fixtures are set, said pipings and fixtures shall be subjected to pneumatic or other reliable pressure test. All such tests shall be made in the presence of the Inspector.

SECT. 6. The drainage and waste piping of every building shall be connected with the public sewer when such sewer is located in a street, way or other land adjacent to the lot upon which the building is located, if the sewer is within two hundred (200) feet of such building and is so located as to take the sewerage therefrom. If the building is more than two hundred (200) feet from

the sewer or a sewer is not accessible, connection may be made with a proper cesspool, provided a permit is granted therefor by the Board of Health.

SECT. 7. The soil pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil pipes shall be of extra heavy cast iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast iron with leaded and caulked joints, but galvanized wrought iron pipe may be used for vent purposes. All pipes shall be properly secured to walls and ceilings with wrought iron hangers. Waste pipes shall be of cast iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast iron recessed fittings. No soil pipe of any building shall be less than four (4) inches inside diameter, except by written permission of the Board of Health. No vent pipe shall be less than one and a half (1½) inches inside diameter. No waste pipe shall be less than one and a quarter (1¼) inches inside diameter.

SECT. 8. All drain pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point ten (10) feet outside of the cellar wall. The pipe from the sewer or cesspool to within ten (10) feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside of the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least two (2) feet above the highest window on the roof. Every drain pipe, except a drain pipe from a building having but one sink, or but one sink with adjoining trays, shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain pipe leaves the building. All changes in direction of soil pipes shall be made by Y branches or by curved pipes. No ventila-

tion pipes on the outside of any building shall be less than two (2) inches inside diameter.

Sect. 9. All joints in iron drain pipes, soil or vent pipes shall be made by thoroughly caulking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full sized wiped joint and caulking the ferrules to pipes which are of cast iron, or screwing them to pipes which are of wrought iron.

Sect. 10. Every water-closet, urinal, sink, basin, bath-tub, slop hopper, and every tray or set of four or less wash trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins, or a sink and a set of four or less wash trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe.

All fixture traps shall be protected from syphonage or air pressure by special vent pipes having a diameter not less than the diameter of the waste pipe and connected with the waste pipe at a point not lower than the seal of the trap in such manner as to make the vent pipe a continuation of or a Y branch from the waste pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent pipe unless the length of the waste pipe from the trap of said fixture to the said stack exceeds three (3) feet. Vent pipes for water-closets shall be of not less than two (2) inches bore and may be connected with the water-closet waste pipe below the level of the trap seal. Two or more vent pipes may be connected together or with a soil pipe, but such connection with a soil pipe shall be above the uppermost fixture connected with such soil pipe. Lead

vent pipes may be used only where they are exposed to view.

Sect. 11. No drip or overflow pipes from safes under water-closets, urinals, or other fixtures, no overflow pipes from tanks or cisterns, no waste pipes from refrigerators or other receptacles in which food is stored, no rain water conductors, and no steam exhaust pipes, or steam waste pipes shall be connected with any soil pipe. No openings shall be allowed in the soil or waste pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil or waste pipe.

Sect. 12. Every water-closet shall be supplied with water from a tank or cistern, and shall have a flushing pipe of not less than one and a quarter ($1\frac{1}{4}$) inches inside diameter. Flushing valves attached directly to a water-closet may be used, but when used the method of installation shall conform in every particular to the requirements of the Inspector.

Sect. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

Sect. 14. No water-closet shall be enclosed with any woodwork.

Sect. 15. None of the provisions of the foregoing sections of this chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

Sect. 16. Every closed tank or boiler hereafter installed, which is to be used for the storage and supply of hot water, shall, if fed by direct pressure from any source

outside of the building, have a safety or relief valve and a vacuum valve. Each valve shall be of a size not less than that known commercially as one-half (½) inch.

Sect. 17. Any person violating any of the provisions of Chapters numbered Seven and Eight shall be liable to a fine of not less than twenty (20) dollars nor more than one hundred (100) dollars for each offense, to be paid into the treasury of the Town of Milton.

Sect. 18. Upon the approval of Chapters 7 and 8 by the Attorney-General of the Commonwealth and the publication as required by law, they shall go into effect, and all building laws heretofore adopted by the Town shall be thereby repealed, except that in cases where permits have been issued prior to the approval and publication as above provided, the laws then existing shall govern the work to be performed under said permits.

CHAPTER 9

Street Railways

Section 1. The annual report shall contain the following concerning the street railways in the Town and the street railway companies owning or operating the same, viz.:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the Town by street railway companies during the preceding calendar year,

which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the Town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the Town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10

TOWN WAYS

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a Town way shall be not less than thirty feet in width.

SECT. 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a Town way, the documents relating to such laying out shall be accompanied by a letter from the Selectmen, which shall be filed in the office of the Town Clerk, together with said documents, before such way shall be accepted. This letter shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the Town.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON

March 19, 1866. *Voted,* To establish a High School, according to the provisions of Section 2 of Chapter 38 of the General Statutes.

March 2, 1874. *Voted,* To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the Town of Milton.

March 4, 1878. *Voted,* To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers.

March 3, 1879. *Voted,* To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee.

December 8, 1879. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

March 1, 1880. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

March 5, 1883. *Voted,* To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children.

March 7, 1881. *Voted,* To accept the Act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners."

March 3, 1890. *Voted,* To accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled, "Of Betterments, and Other Assessments on Account of the Cost of Public Improvements."

February 12, 1891. *Voted,* To accept the Act authoriz-

ing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882.

MARCH 2, 1891. *Voted,* To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of Town Officers.

FEBRUARY 3, 1894. *Voted,* That the Town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of the Legislature of Massachusetts passed in the year 893, relative to the election of a separate Board of Assessors.

NOVEMBER 28, 1894. *Voted,* That the Town hereby accepts the provisions of Chapter 324 of the Acts of the Legislature of 1894, entitled, "An Act Relative to the Reservation of Spaces in Public Ways."

MARCH 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 309 of the Acts of 1885, entitled, "An Act Authorizing Cities and Towns to License Groves, to be Used for Picnics and Other Lawful Amusements."

MARCH 4, 1895. *Voted,* That the Town hereby accepts the provisions of Section 272 of Chapter 417, Acts of the Legislature of 1893, relating to the election of Sewer Commissioners in towns.

MARCH 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 462 of the Acts of the Legislature of 1893, entitled "An Act to Authorize the Establishment of a Building Line on Public Ways."

MARCH 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 218 of the Acts of the Legislature of 1894, as amended by Chapter 473 of the Act of the same year, being "An Act Relative to the Election of Boards of Health in Towns."

MARCH 4, 1895. *Voted,* That the Town hereby accepts the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relating to the establishment and grading of sidewalks, by the Selectmen.

JUNE 29, 1895. *Voted,* That the Town accept the provisions of Chapter 304 of the Acts of 1895, entitled, "An Act to Authorize the Town of Milton to Construct One or More Systems of Sewerage."

MARCH 1, 1897. *Voted,* That the Town accept Chapter 101 of the Public Statutes, entitled, "Of the Suppression of Common Nuisances."

MARCH 1, 1897. *Voted,* That the provisions of Chapter 481 of the Acts of the year 1894, be accepted, entitled, "Regulation and Inspection of Buildings."

MARCH 5, 1900. *Voted,* That Chapter 344, Acts of 1899, entitled, "An Act to Make Eight Hours a Day's Work for City and Town employees," be accepted.

MARCH 3, 1902. *Voted,* That the Town accept Section 18 of Chapter 122 of the Revised Laws, relative to the appointment of an Inspector of Wires.

MARCH 3, 1902. *Voted,* That the Town accept Chapter 38 of the Revised Laws of Massachusetts, relative to the election of a treasurer of Public Library Trustees.

JULY 14, 1902. *Voted,* To accept Chapter 307 of the Acts of 1902, entitled, "An Act to Supply the Town of Milton with Water."

AUGUST 16, 1902. *Voted,* To accept Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to jurisdiction of towns over highways and county bridges.

MARCH 2, 1903. *Voted,* To accept Sections 20 and 21, of Chapter 25 of the Revised Laws of Massachusetts, relating to public baths, etc.

MARCH 2, 1903. *Voted,* To accept Section 339 of Chapter 11 of the Revised Laws, and Acts in amendment thereof and in addition thereto, relative to the election of Overseers of the Poor.

MARCH 7, 1904. *Voted,* To accept Section 70 of Chapter 75 of the Revised Laws, relating to privy vaults.

March 6, 1905. *Voted,* To accept Chapter 103 of the Revised Laws, relative to supervision of plumbing.

July 21, 1905. *Voted,* To accept Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths.

March 1, 1909. *Voted,* To accept the provisions of Chapter 476, Acts of 1908, relative to vacations of members of Police departments.

March 7, 1910. *Voted,* To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks.

March 4, 1911. *Voted,* To accept the provisions of Section 359 of Chapter 560 of the Acts of 1907, relative to the election of Moderator for the term of one year.

March 4, 1911. *Voted,* To accept the provisions of Section 362 of Chapter 560 of the Acts of 1907, relative to the number of Constables to be elected.

November 7, 1911. *Voted,* To accept Chapter 634, Acts of 1911, authorizing counties to establish retirement systems for employees.

March 11, 1912. *Voted,* To accept Chapter 146 of the Acts of 1911, authorizing the Town to establish an Art Commission.

March 11, 1912. *Voted,* To accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of the Civil Service Act to the Chiefs of Police in certain cities and towns.

March 11, 1912. *Voted,* To accept the provisions of Chapter 314 of the Acts of 1911, relative to authorizing the School Committee to spend money for the supervision of sports.

March 11, 1912. *Voted,* To accept the provisions of

Chapter 367 of the Acts of 1911, relative to the use of school halls for other than school purposes.

November 5, 1912. *Voted,* To accept the provisions of Chapter 503 of the Acts of 1912, an Act relative to pensioning laborers in the employ of cities and towns.

March 3, 1913. *Voted,* To accept the provisions of Chapter 327 of the Acts of 1904, relative to the pensioning of permanent members of the Police and Fire Departments.

March 3, 1913. *Voted,* To accept Chapter 498, Acts of 1908, entitled An Act to Authorize Cities and Towns to Establish Pension Funds for Teachers in the Public Schools.

March 4, 1913. *Voted,* To adopt Chapter 635 of the Acts of 1912, known as the Tenement House Act for Towns.

March 4, 1913. *Voted,* To accept the provisions of Chapter 191 of the Acts of 1907, authorizing the establishment of Boards of Survey in Towns.

March 2, 1914. *Voted,* To accept Chapter 807 of the Acts of 1913, being an Act to provide for compensating laborers, workmen and mechanics for injuries sustained in public employment, and to exempt from legal liability counties and municipal corporations which pay such compensation.

March 2, 1914. *Voted,* To accept the provisions of Section 42 of Chapter 514 of the Acts of 1909, as affected by Chapter 494 of the Acts of 1911, which provide that eight hours shall constitute a day's work for city or town employees.

March 13, 1915. *Voted,* To accept the Act provided for in Chapter 296 of the Legislative Enactments of 1913 and to establish the office of Bird Warden provided under this Act.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1914-1915

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

To either of the Constables of the Town of Milton, greeting—

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Town affairs, to meet at the Town Hall in said Milton upon the sixth day of March next, at fifteen minutes before six o'clock in the forenoon, then and there to act upon the following articles, to wit:

At a meeting of the inhabitants of the Town of Milton, held March 6, 1915, the following proceedings were had upon the several Articles in the Warrant, namely:

ARTICLE 1. To choose by ballot the following Town officers: Moderator, Town Clerk, 3 Selectmen, Assessor, 2 Overseers of Poor, Treasurer, 2 Auditors, Collector of Taxes, 4 Constables, Sewer Commissioner, Member of Board of Health, 2 Members of School Committee for a term of three years, 1 Member of School Committee for a term of one year, Water Commissioner, Cemetery Trustee, Park Commissioner, 3 Trustees of Public Library, Tree Warden.

The following appointments of Ballot Clerks and Tellers were made by the Selectmen to serve at said meeting, viz.: Ballot Clerks: Thomas M. Lennon, Edwin

J. Fairbank, Jr., Charles E. Whelan, Lewis B. Currier, J. Arthur Spencer, John M. Mullen, John J. Colgan, John B. Sangster, Jesse P. Bent, Winthrop S. Knox.

Tellers: Edward Gallagher, Fred A. Packard, Clifton G. Lord, John R. Campbell, D. Morton Swift, Harry M. Thomas, Peter J. Barry, Thomas J. Bannin, Joseph F. Dalton, George W. Shand, Charles H. Woods, Holbrook Lincoln, Martin J. Bannin, John H. Donovan, Benjamin F. Dudley, Henry F. Brierly, Alfred A. Shea, William A. Murray, William H. McGee, Frank I. Jordan, J. Arthur Robson, Joseph J. Mullen, Prescott Skinner, Joseph A. Rein, Albert M. Hoxie, Percy E. Bates, William J. Hicks, Henry D. Mahoney, Daniel B. McDonald, Charles B. Abbott, Patrick F. Healey, Davis S. Littlefield, Edward F. Lee, Frank R. Forde, Russell Swift.

All of the above-named Ballot Clerks and Tellers being sworn by the Town Clerk.

At four o'clock, *Voted,* To close the Polls for Town officers in ten minutes.

All ballots cast for Town officers having been sorted, counted, declared and recorded, the result being as hereby appended, and the following officers chosen, viz.:

George L. Anthony, Maurice A. Duffy, James S. Russell were chosen Selectmen and Surveyors of Highways.

G. Frank Kemp was chosen Town Clerk.

William W. Churchill was chosen Assessor.

J. Porter Holmes was chosen Town Treasurer.

Frank P. Fanning, Stephen C. Mitchell were chosen School Committee for three years.

Harris Kennedy was chosen School Committee for one year.

Josiah Babcock was chosen Tax Collector.

Ernest P. Libby, J. Herbert Raymond were chosen Auditors.

Malcolm Donald was chosen Park Commissioner.

Charles G. Waitt was chosen Sewer Commissioner.

Howard C. Leslie was chosen Water Commissioner.

Jacob S. Lincoln was chosen on Board of Health.

Peleg Bronsdon, Timothy McDermott, Maurice Pierce, William L. Tarbox were chosen Constables.

C. Minot Wild was chosen Trustee of Cemetery.

Frank E. Lane, Charles E. Rogerson, Robert Saltonstall were chosen Trustees of Public Library.

Nathaniel T. Kidder was chosen Tree Warden.

Horace N. Plummer, Arthur H. Tucker were chosen Overseers of Poor.

Robert F. Herrick was chosen Moderator.

ARTICLE 2. To vote "Yes" or "No" in answer to the question, "Shall licenses be granted for the sale of intoxicating liquors in this Town?" The polls will remain open until four o'clock in the afternoon, after which time a vote may be passed to close them in not less than ten minutes. In accordance with the By-Laws the meeting will then be adjourned until Saturday, March 13, next, at one-thirty o'clock P.M. to consider the following articles.

Voted, That no license be granted for the sale of intoxicating liquors in this Town. The vote being as follows: Yes 205. No 1,138. Blanks 229.

ADJOURNED MEETING, MARCH 13, 1915

ARTICLE 3. To choose all such Town officers as are not required by law to be chosen by ballot.

The following officers were elected *viva voce,* namely: George E. Burt, Arthur H. Tucker, Surveyors of Lumber; George Y. Badger, Malcolm A. Le Fevre, Fence Viewers; Ralph E. Forbes, Bird Warden; Calvin H. Sanford, Pound Keeper.

ARTICLE 4. To hear and act upon the Auditors' report, and reports of other Town officers and committees.

Voted, That the Auditor's (printed) Report be accepted and placed on file.

REPORTS OF COMMITTEES

APPROPRIATION FOR COPYING TOWN RECORDS

In 1908, Article 54 of the Warrant read:

> "To see what action the Town will take looking to the duplication of the records of its Town Meetings, and to appropriate money for the same."

The action on this was:

> "*Voted*, That the sum of $500 be appropriated to be expended under the Directors of the Milton Historical Society, in making a long-hand copy of the records of the Milton Town Meetings, so far as this appropriation will admit."

Miss Eleanor P. Martin was engaged for this work, and has completed the copy. This has been bound for its better preservation and is at present amongst the possessions of the Milton Historical Society at the Public Library. There is a balance remaining after the above work of eleven and 86/100 dollars ($11.86) which should be returned to the Town Treasury, closing the account. It is hoped that it may sometime be possible to have these records, which extend from 1662 to 1840, printed.

We ask that this report be accepted and the committee discharged

Respectfully submitted,
DIRECTORS MILTON HISTORICAL SOCIETY,
By NATHANIEL T. KIDDER,
Director.

1 January, 1915.

Voted, That the report of the committee be accepted and placed on file and the committee discharged.

Gymnasium Committee Report

The committee appointed at the last Annual Meeting of the Town to consider the question of a gymnasium on the Brook Road Playground recommends that a gymnasium be erected there, built of brick and steel at a cost of approximately seventy thousand dollars ($70,000), including equipment. Mr. Baxter dissents as to the amount.

FOR THE USE OF THE SCHOOLS

Adequate gymnasium facilities should be provided for the use of the High School primarily. There are now over three hundred (300) pupils in the High School, all of whom, unless excused for disability, should be given regular instruction by exercises and games at a gymnasium, or out of doors whenever possible. Such a gymnasium would also be used by the upper classes of the Tucker and Vose schools.

The School Committee has unanimously resolved upon moving the High School to the Vose School building as soon as that building can be properly enlarged. That committee is also unanimously of the opinion that a gymnasium on the Brook Road Playground would meet the needs of the High School in an efficient and satisfactory manner, and that a gymnasium on that location is preferable to a gymnasium attached to the Vose School building.

PLAYGROUND AND GENERAL USES

Not every citizen realizes that Cunningham Park and Gymnasium are run at no expense to the Town; they serve the east section of the Town.

Brook Road Playground stands within easy reach

of more of the population than does Cunningham Park. It is already a natural center for athletic games and sports and may readily be developed into a center for social meetings as well.

In spite of the present inadequate buildings, the use of the playground is growing steadily. Two years ago the total enrollment of boys and girls was nearly three hundred (300); this summer the average attendance was one hundred and eight-three (183), while the highest attendance for a single day was six hundred and twenty-five (625). A good many days in summer, owing to extreme heat, and in spring and autumn, owing to rain and mud, the playground cannot be used. To overcome this, and especially to care for the children in winter, a proper building should be built. If the young men and women of the neighborhood are to be attracted there as those at East Milton are to Cunningham Park by the gymnasium and bowling alleys, if boy scouts and kindred organizations are to be provided for, a large building is necessary. Ample space should be allowed for parents and friends who wish to be present at the games. In our opinion and that of others who have studied the situation for years, a large building ought to be built.

The accommodations required for the use of the schools would establish a standard which would amply care for any other uses to which a gymnasium here might be put. The plans of the building which we recommend include eight bowling alleys, a good-sized hall suitable for boy scouts and other organizations; there is other space which can be fitted and equipped to meet needs as they develop, and as a part of the playground outfit it would be of inestimable use with its shower baths, lockers and dressing rooms. The object is to teach boys and girls to work and play with a proper consideration of the general use of the body more than to develop

large muscles or to break records; and to teach them to work and play with others without jealousy or quarrelling; the essence of "team spirit."

Special classes can be conducted for grown men or women who want them and corrective work given for those who are suffering from physical deformities of the body. The school or family physician can be consulted in cases of an unusual or acute character when school children require special attention.

BUILDING LARGE ENOUGH FOR TOWN MEETINGS

The main hall has been designed sixty (60) by one hundred (100) feet, a standard size for gymnasium. This will be ample to care for the growth of the schools for some time and to meet the municipal needs of the community.

Furthermore, such a hall would be large enough to seat thirteen hundred and fifty (1,350); one thousand (1,000) on the main floor, three hundred and fifty (350) in the galleries. Well lighted, well ventilated, amply supplied with exits, it would answer every need for a large hall to accommodate the Town Meetings for some years to come. The old Town Hall would naturally be retained for all smaller gatherings, and until it ultimately gives way to a new building. When a new Town Hall is built, the gymnasium would be useful for many purposes during its erection.

We have had prepared also plans for a gymnasium fifty (50) by eighty (80) feet which could be built for fifty thousand dollars ($50,000) and would supply all present needs excepting the Town Meetings, but would not provide for the future increased use without considerable expense for enlargement; nor would the smaller building provide as good accommodation for dances, lectures or local amusements.

As to "the general development of the Brook Road

Playground as enlarged by the Hinckley addition," we believe that this will practically be controlled by whether the gymnasium is or is not built. The gymnasium would occupy the high part of the new lot and there would be some level land which might well be used for an extension of the corner of the old lot which is already devoted to the smaller children. The differences in grade suggest coasting or tobogganing, which can be adjusted after the gymnasium question is settled. Some parts of the grounds should be planted to trees to furnish shade in the future and these portions might well be used by the parents or friends of the children actively engaged in the sports. Finally we believe that now is the proper time to build such a municipal gymnasium:

1. The matter has been considered for several years and has been carefully studied for more than a year;
2. It is a satisfactory solution of a school problem of long standing;
3. It meets a real and growing demand from the parts of the Town not served by the Cunningham Park and Gymnasium;
4. It postpones the large expense for a new Town Hall;
5. The Town can borrow at the present time at a favorable rate;
6. The cost of building is lower this spring by at least ten per cent than it has been for some time.

Respectfully submitted,

NATHANIEL T. KIDDER,
REGINALD L. ROBBINS,
JESSE B. BAXTER,
W. NEWTON HARLOW,
JAMES S. RUSSELL,

Committee to Consider a Municipal Gymnasium.

MILTON, 24 February, 1915.

Voted, That the report of the committee be accepted and placed on file.

Voted, That the (printed) report of the Committee on the Revision of Building Laws be accepted and placed on file.

TOWN LANDING COMMITTEE

MILTON, MASS., March 9, 1915.

To the Citizens of Milton:

Your Town Landing Committee, appointed at the Annual Meeting last March, organized with Mr. Russell as Chairman, Mr. Wigglesworth as Secretary, and begs to report as follows:

The Milton Boat Club has again leased the old Police Station, paying a low cash rent but doing a good deal of repair work and helping the committee advance the boating interests of the neighborhood.

The retaining wall behind the building has been repaired and the area adjoining it put in order.

As anticipated in our report of last year, the Godfrey Coal Company has moved its office building and the shop owned by it, and now leased to C. H. Chute, off the Town Landing. In arranging for new location for these, the Coal Company has met the wishes of your committee in a friendly spirit and placed them so as to interfere with the view of the river as little as possible.

The larger question of just what rights, if any, the Godfrey Coal Company has in or over the valuable flats which constitute so large a part of the Town Landing, has not been settled, and it is on account of this that your committee has put an Article in the Warrant suggesting a continuance of its activities for another year.

The balance from past appropriations, etc., now on

hand obviate the need of providing new money at this time.

Respectfully submitted,

EDWARD F. W. BARTOL,
H. B. HORNE,
J. S. RUSSELL,
NORTON WIGGLESWORTH,
E. C. WILLIAMS,
Town Landing Committee.

ARTICLE 5. To see what sum of money the Town will vote to appropriate for the support of the schools the present year.

Voted, To appropriate $91,000 for the support of the schools the present year.

ARTICLE 6. To see what sum of money the Town will vote to appropriate for the transportation of pupils the present year.

Voted, To appropriate $1,900 for the transportation of pupils the present year.

ARTICLE 7. To see whether the Town will vote that a "Committee of School Buildings" be appointed by the Moderator, to consist of five members, three of whom shall be members of the School Committee, to consider particularly the question of new accommodations for the High School and to consider the question of safer and better accommodations for the schools in general, said Committee to report in writing its recommendations to the next Annual Town Meeting, or earlier in its discretion.

Voted, That the committee of five, consisting of three members of the School Committee and two citizens to

be appointed by the Moderator, be instructed to prepare plans and estimates for improved High School accommodations at the Vose School building, and to make recommendations regarding extending the accommodations in the grade schools as needed; said committee to report to the School Committee in writing on or before January 1, 1916; *Voted*, Further, to appropriate $1,000 for the use of this committee.

Citizens appointed by the Moderator: Dr. Joel E. Goldthwaite, Malcolm Donald.

Article 8. To see what sum of money the Town will vote to appropriate for the medical inspection of the pupils of the public schools the present year, the same to be expended under the direction and at the discretion of the School Committee.

Voted, To appropriate $1,000 for the medical inspection of the pupils of the public schools the present year, the same to be expended under the direction and at the discretion of the School Committee.

Article 9. To see what sum of money the Town will vote to appropriate to be expended by the Park Commissioners in conjunction with the School Committee in the improvement of school lots the present year.

Voted, To appropriate $100 to be expended by the Park Commissioners in conjunction with the School Committee in the improvement of school lots the present year.

Article 10. To see what sum of money the Town will vote to appropriate for the Street Department the present year.

General Expenses. Street Watering and Oiling.
Construction of Sidewalks. Removal of Ice and Snow.
Maintenance of Public Fountains.

Voted, To appropriate $46,000, plus the excise tax received from the street railways, for General Expenses, of which not less than $25,000 shall be expended for work of the nature of permanent and new construction on the main thoroughfares of the Town; said work to be done by contract or otherwise, as the Selectmen consider for the best interest of the Town.

$3,000 for Sidewalk Purposes.

$11,000 and receipts for Street Watering and Oiling.

$2,500 for Removal of Ice and Snow.

$1,453 for Commitments incurred in 1914 and not yet settled.

And it is further *Voted,* That a committee of five be appointed, to consist of one member of the Board of Selectmen, to be chosen by said board, the Superintendent of Streets, *ex-officio,* and three citizens at large to be appointed by the Moderator, to consider the question of the highways of the Town, including construction, maintenance, system of bookkeeping, and such other matters, including any permanent policies, as may appear to it wise, and to report its findings and recommendations in print, on or before January 1, 1916, to the Selectmen. Such report to be distributed among the citizens of the Town as widely as the Selectmen deem expedient, and the cost of such printing to be paid for out of the printing account.

Committee appointed: Charles R. Rockwell, Sidney A. Parsons, Duncan F. Will.

Article 11. To see what sum of money the Town will vote to appropriate for the care and maintenance of the Granite Avenue Bridge over the Neponset River. (See Chapter 771, Acts of 1913.)

Voted, To appropriate $1,600 for the care and maintenance of the Granite Bridge over the Neponset River.

ARTICLE 12. To see what sum of money the Town will vote to appropriate for street lighting the present year.

Voted, To appropriate $17,479.14 for street lighting the present year.

ARTICLE 13. To see what sum of money the Town will vote to appropriate for the Fire Department the present year.

Voted, To appropriate $26,500 for the general expenses of the Fire Department the present year.

ARTICLE 14. To see if the Town will vote to appropriate the sum of seventeen thousand dollars ($17,000) to purchase motor apparatus for the Fire Department.

Voted, That the question of motorizing the Fire Department be referred to a committee of five, consisting of a member of the Board of Selectmen, to be chosen by said board, the chief of the Fire Department, *ex-officio,* and three citizens at large to be appointed by the Moderator. Said committee to investigate the needs of the Fire Department as a whole; and that $8,000 be, and hereby is appropriated, to be used by said committee in whole or in part at its discretion, toward motorizing the department. Any apparatus or other property of the department which may be rendered superfluous by such motorization may be disposed of by said committee at its discretion, and the proceeds used toward meeting the cost of the new equipment. Said committee to report to the Selectmen in writing not later than January 1, 1916, embodying in such report what it has done and what its recommendations are for the future conduct of the department.

Committee appointed: Albert R. Whittier, Jr., George L. Bauldry, Edward B. Hill.

Article 15. To see what sum of money the Town will vote to appropriate for the use of the Department of Wires, the Police and Fire Alarm System, and the Inspection of Wires, the present year.

Voted, To appropriate $600 for maintenance of the Department of Wires, the Police and Fire Alarm Signal System, and the Inspection of Wires, the present year; and the further sum of $200 for the expense of the department's automobile.

Article 16. To see what sum of money the Town will vote to appropriate for the Police Department the present year.

Voted, To appropriate $30,700 for the Police Department the present year.

Article 17. To see if the Town will vote to increase the pay of the patrolmen in the Police Department from one thousand ninety-five dollars ($1,095) to twelve hundred dollars ($1,200) per year, and appropriate money for the same.

Voted, To increase the pay of the patrolmen in the Police Department who have served three years or over from $1,095 to $1,200 per year, and to appropriate $1,365.

Article 18. To see what sum of money the Town will vote to appropriate for the Public Library the present year.

Voted, To appropriate $9,000, together with all fines received at the Public Library for 1915, and the Dog Tax for 1914, for the Public Library the present year.

Article 19. To see what sum of money the Town will vote to appropriate for the improvement of the Cemetery the present year.

Voted, To appropriate $2,000 for the improvement of the Cemetery the present year, and the further sum of $500 for proposed extension of roadways.

ARTICLE 20. To see what sum of money the Town will vote to appropriate to pay awards of compensation for injuries under Chapter 807 of the Acts of 1913.

Voted, To appropriate $351 to pay awards of compensation for injuries under Chapter 807 of the Acts of 1913.

ARTICLE 21. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Park Commissioners the present year.

Voted, To appropriate $3,600 for the general uses of the Board of Park Commissioners the present year.

ARTICLE 22. To see what action the Town will take in regard to the appropriation of money to be expended by the Park Commissioners for planting trees at Crane Field.

Voted, To appropriate $200 to be expended by the Park Commissioners for planting trees at Crane Field.

ARTICLE 23. To see what action the Town will take in regard to the appropriation of money to be expended by the Park Commissioners at the Dollar Lane Playground in grading the westerly end of said playground.

Voted, That this Article be indefinitely postponed.

ARTICLE 24. To see what sum of money the Town will vote to appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests, injurious to trees, the present year.

Voted, To appropriate $1,800, together with the receipts of the department, for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests, injurious to trees, the present year.

Article 25. To see what sum of money the Town will vote to appropriate to be expended by the Local Superintendent for the Suppression of Gypsy and Brown-tail Moths in the extermination of the gypsy and brown-tail moths the present year.

Voted, To appropriate $12,000, together with the receipts from all sources, to be expended by the Local Superintendent for the Suppression of Gypsy and Brown-tail Moths in the extermination of the gypsy and brown-tail moths the present year.

Article 26. To see what salary (if any) the Town will vote to pay the Tree Warden.

Voted, That the Town pay no salary to the Tree Warden.

Article 27. To see what sum of money the Town will vote to appropriate for the support of the poor the present year.

Voted, To appropriate $7,750, together with the proceeds from the Town Farm and reimbursements from other cities and towns, for the support of the poor the present year, and the further sum of $261.30 to care for unpaid bills laid over from the year 1914.

Article 28. To see what sum of money the Town will vote to appropriate for Soldiers' Relief the present year.

Voted, To appropriate $1,250 for Soldiers' Relief the present year.

ARTICLE 29. To see what sum of money the Town will vote to appropriate for State Aid the present year.

Voted, To appropriate $1,450 for State Aid the present year.

ARTICLE 30. To see what sum of money the Town will vote to appropriate for the maintenance of the Sewer Department the present year.

Voted, To appropriate $850 for the maintenance of the Sewer Department the present year.

ARTICLE 31. To see what sum of money the Town will vote to appropriate for the extension of the sewerage system the present year.

Voted, That the sum of $15,000 be and hereby is appropriated and raised for the purpose of constructing sewers, the sum to be spent under the direction of the Sewer Commissioners; and the Town Treasurer is hereby authorized, by virtue and in pursuance of Chapter 304 of the Acts of 1895, to issue and sell bonds or notes of the Town to an amount not exceeding $15,000, dated May 1, 1915, $1,000 in principal amount to be payable annually, beginning one year from the date thereon and continuing until the entire issue has been paid. Said bonds or notes shall bear interest at a rate not exceeding four and one-half per cent per annum, payable semi-annually; shall state upon their face they are exempt from taxation in Massachusetts, and shall be denominated "Milton Sewerage Loan of 1915, Act of 1895." Any premium received upon such bonds or notes, less the cost of preparing, issuing and marketing them, shall, in compliance with Massachusetts Act of 1910, Chapter 379, be applied to the payment of the principal of the first bond or note so to mature. All other partic-

ulars as to the form, issuance and sale of said bonds and notes shall be determined by the Treasurer, with the approval of the Selectmen, subject always to the provisions of said Acts of 1895, Chapter 304; and the further sum of $2,000 be and hereby is appropriated from Sewer Assessment Account for said purpose.

Carried by more than a two-thirds vote.

Article 32. To see if the Town will vote to construct a building to contain a filter connected with the Town sewer for the disposal of cesspool and privy sewage in sections without sewer facilities.

Voted, That this matter be referred to a committee of three consisting of a member of the Board of Health, a member of the Board of Sewer Commissioners, and one citizen to be appointed by the Moderator; said committee to report in writing their estimates and recommendations at the next Annual Meeting.

Citizen appointed by the Moderator: Dr. David I. Edsall.

Article 33. To see what sum of money the Town will vote to appropriate for the extension of water mains the present year.

Voted, To appropriate $2,500 for the extension of water mains the present year.

Article 34. To see what sum of money the Town will vote to appropriate for hydrant service the present year.

Voted, To appropriate $9,000 for hydrant service, and the further sum of $600 for water service to public fountains the present year.

Article 35. To see what sum of money the Town

will vote to appropriate for the Health Department the present year.

Voted, To appropriate $2,800 for the Health Department the present year, plus the receipts of the department, and that this appropriation include the expense of inspection of sewer connections.

ARTICLE 36. To see what sum of money the Town will vote to appropriate for the collection of ashes and garbage the present year.

Voted, That the sum of $4,000 be and hereby is appropriated to be expended under the direction of the Board of Health for the collection of ashes and garbage during the present year from such places as said board in its discretion may designate.

ARTICLE 37. To see what sum of money the Town will vote to appropriate for salaries the present year.

Voted, To appropriate $10,800 for salaries for the present year, to be disbursed as follows:

Selectmen: Chairman, $700. Other members, $500 each.

Assessors: Chairman, $600. Other members, $500 each.

Treasurer, $1,500. Town Clerk, $500.

Collector of Taxes, $1,500. Auditors, $250 each.

Registrars of Voters: Clerk, $100. Other members, $50 each.

Inspector of Animals, $300.

Inspector of Buildings, $1,000.

Inspector of Milk, $300.

Inspector of Plumbing and Deputy Inspector of Plumbing, $3 for each permit, the amount required to be taken from Miscellaneous Account.

Clerk of Selectmen, $1,000, with the understanding that the service for which this salary is paid shall include the bookkeeping work required by the Overseers of the Poor.

Sealer of Weights and Measures, $150.

Clerk for Assessors, $500.

Article 38. To see what sum of money the Town will vote to appropriate for miscellaneous expenses the present year.

General Expenses.	Town Hall and Lot.
Interest.	Printing.
Contingent.	Insurance.

Voted, To appropriate the following sum for miscellaneous expenses the present year:

For General Expenses, $3,500.

For Interest Charges, $8,894.

For Contingent Fund, $3,500.

For Town Hall and Lot, $1,800 and receipts.

For Printing, $2,400.

For Insurance, $5,000.

And that the further sum of $569 be and hereby is appropriated to General Expense Account, for bills rendered in 1915 for services during 1914.

Article 39. To see what sum of money the Town will vote to appropriate for the general uses of the Board of Assessors the present year.

Voted, To appropriate $660 for the general uses of the Board of Assessors.

Article 40. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Voted, That the Collector of Taxes be and hereby is authorized to use all means of collecting taxes which the Town Treasurer, when appointed Collector, may use.

ARTICLE 41. To fix the rate of interest on taxes unpaid after a time fixed by the Town.

Voted, That the Town fix the rate of interest on taxes unpaid after November 1, 1915, at six per cent.

ARTICLE 42. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the financial year ending December 31, 1915.

Voted, That the Town Treasurer with the approval of the Selectmen be and hereby is authorized to borrow to an amount not to exceed $225,000 in anticipation of the revenue of the financial year ending December 31, 1915, and to issue a note or notes therefor, payable within one year from the date thereof; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1915.

Carried by more than a two-thirds vote.

ARTICLE 43. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1916, in anticipation of the revenue of the financial year ending December 31, 1916.

Voted, That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow on and after January 1, 1916, to an amount not to exceed $50,000, in anticipation of the revenue of the financial year ending December 31, 1916, and to issue a note or

notes therefor; any debt or debts incurred under this vote to be paid from the revenue of the financial year ending December 31, 1916.

Carried by more than a two-thirds vote.

Article 44. To see if the Town will vote to appropriate the sum of two hundred and fifty dollars ($250) to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Voted, To appropriate $250 to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Article 45. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

Voted, That the Selectmen be and hereby are authorized to employ counsel to represent the Town at hearings before Committees of the General Court.

Carried by more than a two-thirds vote.

Article 46. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to keep in touch with and consider such legislative proceedings as may affect or involve the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such matters.

Voted, That the Moderator be and hereby is authorized to appoint a committee of five citizens to keep in touch with and consider such legislative proceedings as may affect or involve the interests of the Town, and confer as they may think expedient with the Selectmen in

regard to the employment of counsel to represent the Town in any such matters.

Committee appointed: Guy A. Ham, Charles S. Pierce, Robert L. Raymond, Roger Wolcott, G. Frank Kemp.

Article 47. To see what sum of money the Town will vote to appropriate towards the restoration of the Perpetual Care Fund.

Voted, To appropriate $2,000 towards the restoration of the Perpetual Care Fund; that such sum be deposited by the Town Treasurer in the same manner and upon the same terms as the appropriation of 1910.

Article 48. To see what sum of money the Town will vote to appropriate for the retirement of teachers in the public schools under the provisions of Chapter 498, Acts of 1908, for the present year.

Voted, To appropriate $775 for the retirement of teachers in the public schools under the provisions of Chapter 498, Acts of 1908, for the present year.

Article 49. To see what sum of money the Town will vote to appropriate for the present year for the purpose of providing pensions for members of the Police and Fire Departments retired and placed upon the pension roll under the provisions of Chapter 327, Acts of 1904.

Voted, To appropriate $2,144.38 for the present year for the purpose of providing pensions for members of the Police and Fire Departments retired and placed upon the pension roll under the provisions of Chapter 327, Acts of 1904.

Article 50. To see what sum of money the Town will vote to appropriate for pensions for laborers under Chapter 503, Acts of 1912.

Voted, To appropriate $1,443.95 for pensions for laborers under Chapter 503, Acts of 1912.

Article 51. To see what sum of money the Town will vote to appropriate to be expended by the Selectmen for a band concert and fireworks for the celebration of the Fourth Day of July.

Voted, To appropriate $300 to be expended by the Selectmen for band concerts for the celebration of the Fourth Day of July.

Article 52. To see what action the Town will take toward continuing the improvement of Pine Tree Brook and appropriate money for the same.

Voted, That this matter be referred to the Board of Sewer Commissioners for further consideration and action as outlined by vote of the Town at its March Meeting of 1914, and the balance of the appropriation then made remain at the disposal of the board.

Article 53. To see what action the Town will take toward continuing the improvement of the Town Landing, and what sum of money it will appropriate for the same.

Voted, That the Committee on the Town Landing, consisting of Edward F. W. Bartol, Horace B. Horne, James S. Russell, Norton Wigglesworth and Edward C. Williams, be continued for the ensuing year as a committee of five members, vacancies therein at any time to be filled by the remaining members of the committee, said committee on behalf of the Town to take charge and management of the property known as the Town Landing, consisting of upland and flats, with power to improve, alter or change the same, to make rules and

regulations as to the use thereof by the public, to erect and maintain suitable and proper structures thereon, and to rent the same for terms expiring not later than March 1, 1916, to enter into agreements with owners of abutting lands relative to the use of said Town property, to protect and enforce the rights of the Town therein and prevent unlawful infringement of said rights, and to do all things necessary or proper in the premises, including the bringing of suits and employment of counsel, and that any unexpended balance from previous appropriations for said committee or receipts by it and any sums which may be received as rentals of said property during the ensuing year be appropriated for the use of said committee; said committee to report in writing at the next Annual Town Meeting.

Article 54. To see if the Town will vote to erect a new Town Hall, substantially in accordance with the plans and specifications prepared by the Special Committee appointed under Article No. 63, of the Warrant for the Annual Meeting held March 2, 1914, and to furnish such building; and to appropriate money for the same; and to determine how the money shall be raised.

Article 55. To see if the Town will vote to appropriate money for the erection and original equipment of a gymnasium to be used for municipal purposes upon a certain parcel of land given to the Town by certain citizens thereof and accepted by the Town at its Annual Meeting in 1914, usually known as the Hinckley addition to the Brook Road Playground, and determine how the money shall be raised and to take any other action which is necessary or appropriate in relation thereto.

Article 56. To see if the Town will vote to appro-

priate money for the maintenance of a gymnasium upon the Hinckley addition to the Brook Road Playground during the present year.

Voted, That the Committees on the Enlargement of the Town Hall and on a Gymnasium for the Brook Road Playground be continued, and further, that the subject matter of Articles 54, 55 and 56 be referred to a Special Committee of seven citizens, to be appointed by the Moderator with instructions to consider the subject matter thereof, the relations of each of these questions to the others, the order of precedence of construction, the financing, cost of maintenance and other pertinent matters in connection with additional Town Hall and gymnasium facilities, and to report its recommendations to the Town not later than the next Annual Meeting, and sooner if practicable, at a special meeting called for the purpose.

The Moderator is requested to appoint the Chairman of the Warrant Committee for the coming year, one member of the School Committee, one member of the Committee on the Enlargement of the Town Hall and one member of the Committee on Gymnasium as members of said Special Committee, and the sum of $1,000 is hereby appropriated for the use of said committee.

Article 57. To see if the Town will vote to accept the Act provided for in Chapter 296 of the Legislative Enactments of 1913, and if so if the Town will vote to establish the office of Bird Warden provided under this Act.

Voted, To accept the Act provided for in Chapter 296 of the Legislative Enactments of 1913, and to establish the office of Bird Warden provided under this Act.

At 6 o'clock p.m., *Voted*, to adjourn until Tuesday, March 16, 1915, at 7.45 p.m.

Adjourned Meeting

Article 58. To see what action the Town will take in reference to the report of the "Committee on Revision of Building Laws of the Town," and to see if the Town will vote to amend the Town By-Laws by striking out Chapters 7 and 8, entitled, "The Construction and Inspection of Buildings" and "The Regulation and Inspection of Plumbing," respectively, or any part thereof, and insert in place thereof Chapters 7 and 8, or any part thereof, as submitted in the report of said "Committee on Revision of Building Laws of the Town," dated December 15, 1914, a copy of which is on file with the Selectmen, and copies of which have been distributed to the citizens of Milton.

Voted, To amend the Town By-Laws by striking out Chapters 7 and 8, entitled, "The Construction and Inspection of Buildings" and "The Regulation and Inspection of Plumbing," respectively, and insert in place thereof Chapters 7 and 8 as submitted in the report dated December 15, 1914, and corrections thereto, dated February 15, 1915, of the "Committee on Revision of Building Laws."

Article 59. To see if the Town will vote to amend Section 3 of Chapter 3 of the By-Laws by inserting after the word "appointment," the following words: "They shall also consider all questions submitted to the voters of the Town at any meeting including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; they shall report in print before all such meetings at which such questions are to be submitted, their estimates and recommendations for the action of the Town," so that the Section as amended will read as follows:

"Section 3. The Warrant Committee shall consider the various articles in the Warrants for all the Town Meetings held during the period for which they were appointed, including the various articles in the Warrant for the Annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in print before all such meetings their estimates and recommendations for the action of the Town."

Voted, To amend Section 3 of Chapter 3 of the By-Laws by inserting after the word "appointment," the following words: "They shall also consider all questions submitted to the voters of the Town at any meeting including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; they shall report in print before all such meetings at which such questions are to be submitted, their estimates and recommendations for the action of the Town," so that the Section as amended will read as follows:

"Section 3. The Warrant Committee shall consider the various articles in the Warrant for all the Town Meetings held during the period for which they were appointed, including the various articles in the Warrant for the Annual Town Meeting next after their appointment; they shall also consider all questions submitted to the voters of the Town at any meeting, including State elections under any act or resolve of the Legislature and proposed amendments to the Constitution; and they shall report in

print before all such meetings their estimates and recommendations for the action of the Town."

Article 60. To see if the Town will vote to substitute the following section for Section 25 of Chapter 6 of the Revised By-Laws, so as to read as follows:

"Section 25. No person shall own or keep in the Town any animal or fowl, which, in any manner, substantially disturbs the peace and quiet of any dwelling-place or neighborhood."

Voted, That this Article be indefinitely postponed.

Article 61. To see what action the Town will take to raise and appropriate seven hundred dollars ($700) for the George Washington Memorial Building, Washington, D. C.

Voted, That this Article be indefinitely postponed.

Article 62. To see if the Town will vote to accept Eliot Circle, running northerly from Eliot Street, as laid out by the Board of Selectmen, as a Town way.

Voted, To accept Eliot Circle, running northerly from Eliot Street, as laid out by the Board of Selectmen, as a Town way.

Article 63. To see if the Town will vote to accept Woodland Road, running from Canton Avenue to a point 700 feet southerly, as laid out by the Board of Selectmen, as a Town way.

Voted, To accept Woodland Road, running from Canton Avenue to a point 700 feet southerly, as laid out by the Board of Selectmen, as a Town way.

Article 64. To see if the Town will vote to accept Eaton Street, as altered by the Board of Selectmen.

Voted, To accept Eaton Street as altered by the Board of Selectmen.

Article 65. To see if the Town will vote to accept Columbia Park, running northerly from Brook Road, as laid out by the Board of Selectmen, as a Town way.

Voted, To accept Columbia Park, running northerly from Brook Road, as laid out by the Board of Selectmen, as a Town way.

Article 66. To see if the Town will vote to accept Warren Avenue, running from Thacher Street to Brook Road Playground, as laid out by the Board of Selectmen, as a Town way.

Voted, To accept Warren Avenue, running from Thacher Street to Brook Road Playground, as laid out by the Board of Selectmen, as a Town way.

Article 67. To see if the Town will vote to appropriate the sum of five hundred dollars ($500) toward properly finishing the laying out of the west side of Grafton Avenue, south of State Street.

Voted, That this Article be indefinitely postponed.

Article 68. To see if the Town will vote to erect seven electric lights on Hillside Street, from the Canton line easterly to the line of the Metropolitan Park, and appropriate money for the same.

Voted, To erect four electric lights on Hillside Street, and to appropriate $70.48 for the same.

Article 69. To see if the Town will vote to erect

one electric light on Quarry Street, and appropriate money for the same.

Voted, To erect one electric light on Quarry Street, and to appropriate $17.62 for the same.

Article 70. To see if the Town will vote to erect three electric lights on Waldeck Road, between Edge Hill Road and Brook Road, and appropriate money for the same.

Voted, To erect three electric lights on Waldeck Road, between Edge Hill Road and Brook Road, and appropriate $52.86 for the same.

Article 71. To see if the Town will vote to erect three electric lights on Grafton Avenue, between State and Curtis Streets, and appropriate money for the same.

Voted, That this Article be indefinitely postponed.

Article 72. To see if the Town will vote to erect one electric light on State Street, corner of Plymouth Avenue, and appropriate money for the same.

Voted, To erect one electric light on State Street, corner of Plymouth Avenue, and to appropriate $17.62 for the same.

Article 73. To see if the Town will vote to erect three electric lights on Hollis Street, and appropriate money for the same.

Voted, To erect two electric lights on Hollis Street, and to appropriate $35.24 for the same.

Article 74. To see if the Town will vote to erect one electric light on Webster Place, and appropriate money for the same.

Voted, To erect one electric light on Webster Place, and to appropriate $17.62 for the same.

Article 75. To see if the Town will vote to erect two electric lights on Petersburg Avenue, and appropriate money for the same.

Voted, To erect one electric light on Petersburg Avenue, and to appropriate $17.62 for the same.

Article 76. To see if the Town will vote to erect one electric light on Walnut Street, at the rear of the Milton High School Building, and appropriate money for the same.

Voted, To erect one electric light on Walnut Street, at the rear of the Milton High School Building, and to appropriate $17.62 for the same.

Article 77. To see if the Town will vote to erect one electric light on Warren Avenue, between Thacher Street and Brook Road Playground, and appropriate money for the same.

Voted, To erect one electric light on Warren Avenue, between Thacher Street and Brook Road Playground, and to appropriate $17.62 for the same.

Article 78. To see if the Town will vote to erect one electric light on Houston Avenue, near Brook Road Playground, and appropriate money for the same.

Voted, To erect one electric light on Houston Avenue, near Brook Road Playground, and to appropriate $17.62 for the same.

Article 79. To see if the Town will vote to erect one electric light on Thacher Street, at its intersection

with Kahler Avenue, and appropriate money for the same.

Voted, That this Article be indefinitely postponed.

ARTICLE 80. To see if the Town will vote to erect one electric light on Winthrop Street, and appropriate money for the same.

Voted, To erect one electric light on Winthrop Street, and to appropriate $17.62 for the same.

ARTICLE 81. To see if the Town will vote to erect one electric light on Columbia Street, and appropriate money for the same.

Voted, To erect one electric light on Columbia Street, and to appropriate $17.62 for the same.

ARTICLE 82. To see if the Town will vote to erect one electric light on Eliot Circle, running northerly from Eliot Street, and appropriate money for the same.

Voted, To erect one electric light on Eliot Circle, running northerly from Eliot Street, and to appropriate $17.62 for the same.

ARTICLE 83. To see if the Town will vote to erect two electric lights on Cliff Road, between Eliot Street and the residence of George F. Shepard, and appropriate money for the same.

Voted, To erect two electric lights on Cliff Road, between Eliot Street and the residence of George F. Shepard, and to appropriate $35.24 for the same.

ARTICLE 84. To see if the Town will vote to erect

two electric lights on private way off Canton Avenue, running to E. L. Clementson's property, and appropriate money for the same.

Voted, That this Article be indefinitely postponed.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Town fourteen days at least before said meeting and leaving printed copies hereof at the dwelling-houses in said Town at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton, the twelfth day of February, nineteen hundred and fifteen.

JACOB A. TURNER,
MAURICE A. DUFFY,
GEORGE R. EATON,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.
MILTON, March 5, 1915.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton, as within directed, to meet at the time and place, and for the purposes therein mentioned, by posting attested copies of the same in the post-offices of the Town and leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

The following resolutions being presented to the meeting were read and unanimously accepted:

Resolved: That the Town of Milton desires to express its high appreciation of the ability and fidelity with which Mr. Maurice Pierce has discharged the important and difficult duties of Chief of Police.

For a quarter of a century Mr. Pierce has held this office and during that period serious offences in the Town have been remarkably few.

To Mr. Pierce's efficiency the Town owes no small part of the safety and tranquillity it has enjoyed, and it now directs this resolution to be spread on its records in grateful recognition of Mr. Pierce's loyal and valuable services.

Resolved: That the citizens of Milton in Town Meeting assembled, having been informed that applications for first-class liquor licenses in Mattapan are pending before the Excise Commissioners of the City of Boston, hereby declare that they would regret exceedingly the presence of open bar-rooms or the sale of liquor in any form, near the Mattapan district of this Town, and that they earnestly protest against the granting of licenses for the sale of liquor in that neighborhood.

Resolved: That the Town Clerk be instructed to convey a copy of this resolve forthwith to the Excise Commissioners of the City of Boston.

March 16, 1915, at 11 hours 32 minutes P.M., *Voted*, That the meeting be dissolved.

The foregoing meeting was opened at 5.45 o'clock A.M., by the Town Clerk (who proceeded to read the Warrant); upon the conclusion of the reading of the second Article it was moved that the further reading of the Warrant be dispensed with. Said motion being put was unanimously carried and the further reading of the Warrant (except the concluding paragraphs) was dispensed with.

At the meeting aforesaid the total number of ballots

cast was 1,895, 323 ballots being cast by women voters for School Committee.

A true record.

Attest:

G. Frank Kemp,
Town Clerk.

Warrant Committee

The following citizens were appointed by the Moderator as a Warrant Committee for the ensuing year in accordance with Chapter 2 of the Revised By-Laws, viz.:

Robert L. Raymond, Stephen B. Ames, William B. Batchelder, Ralph S. Carpenter, Philip Y. DeNormandie, Waldo E. Forbes, Edward E. Ford, Benjamin R. Fuller, Michael Gibbons, Dr. Joel E. Goldthwaite, William H. Hooper, Carl R. Horne, Edmond M. Poitevin, Robert Saltonstall, Charles E. Whelan.

Recount of Votes

Commonwealth of Massachusetts. Norfolk, ss.

Milton, March 11, 1915.

At a meeting called and held at the Town Hall in said Milton on the above date, as per order of the Chairman of the Board of Registrars (a recount of votes cast at the Annual Town Meeting, held upon March 6, 1915, for Selectmen and Surveyors of Highways, and Auditors, having been petitioned for by more than ten voters), said recount was held upon the above date with results as follows:

Selectmen and Surveyors of Highways

George L. Anthony, six hundred and sixty-one votes.

Maurice A. Duffy, nine hundred and thirty-eight votes.

George R. Eaton, six hundred and forty-four votes.

Edward E. Ford, three hundred and six votes.

James F. Mitchell, four hundred and ninety-eight votes.

James S. Russell, eight hundred and sixty votes.

Joseph A. Shea, two hundred and sixty-nine votes.

William A. Will, one hundred and ninety-two votes.

Blanks, three hundred and forty-eight.

Auditors

Frederick A. Krim, six hundred and nine votes.

Ernest P. Libby, six hundred and ten votes.

J. Herbert Raymond, eight hundred and fifty-one votes.

Charles F. Williams, four hundred and eighty-four votes.

Blanks, five hundred and ninety.

All the above votes after being counted were again sealed up and delivered to the Town Clerk.

Signed:

Patrick F. Mahoney,
Edward F. W. Bartol,
G. Frank Kemp,
Registrars of Voters.

SPECIAL SEPTEMBER MEETING

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Town affairs to meet at the Town Hall in said Milton upon Wednesday, the first day of September next, at eight o'clock in the evening, then and there to act upon the following Articles:

At a meeting of the inhabitants of the Town of Milton held September 1, 1915, the following proceedings were had upon the several Articles in the Warrant, namely:

ARTICLE 1. To see what sum of money the Town will vote to appropriate and raise for the Street Department.

Voted, To appropriate the sum of $10,000 for macadam pavement or other road material, under specifications approved by the Massachusetts Highway Commission; and that the Town Treasurer be and hereby is authorized, with the approval of the Selectmen, to borrow the same, on behalf of the Town, and to issue a note or notes of the Town therefor payable not later than December 1, 1916.

Passed by more than a two-thirds vote.

ARTICLE 2. To see what action the Town will take in regard to the appropriation made at the Annual Meeting, March, 1915, for street watering and oiling.

Voted, To authorize the Selectmen to use for the general expenses of the Street Department any unexpended balance from the appropriation of $11,000 made at the

Annual Meeting, March, 1915, for street watering and oiling.

ARTICLE 3. To see what sum of money the Town will vote to appropriate for miscellaneous expenses the present year.

Voted, To appropriate the sum of $2,000 for miscellaneous expenses for the present year, the same to be paid out of any unappropriated funds in the treasury of the Town.

ARTICLE 4. To see what sum of money the Town will vote to appropriate and raise for additional equipment for the Fire Department.

Voted, To appropriate the sum of $3,800 to purchase additional equipment for the Fire Department, $300 of the same to be paid out of unappropriated funds in the treasury, and the Town Treasurer be and hereby is authorized with the approval of the Selectmen to borrow the sum of $3,500 in behalf of the Town and to issue a note or notes of the Town therefor payable not later than December 1, 1916, said sums to be expended by the committee appointed in accordance with the vote of the Town upon Article 14 of the Warrant at the Annual Meeting held in March, 1915.

Passed by more than a two-thirds vote.

ARTICLE 5. To see what sum of money the Town will vote to appropriate and raise for the improvement of the Cemetery the present year.

Voted, To appropriate the sum of $1,000 for the improvement of the Cemetery for the present year and that the same be paid out of any unappropriated funds in the treasury of the Town.

Article 6. To see if the Town will vote to amend Chapter 7 of the Town By-Laws by inserting after Section 23 the following:

"Section 23A. All wooden header beams more than four (4) feet long used in any building shall be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons."

By inserting after Section 35 the following:

"Section 35A. No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered, or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17."

By inserting after Section 37 the following:

"Section 37A. Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress."

Voted, To amend Chapter 7 of the Town By-Laws by inserting after Section 23 the following:

"Section 23A. All wooden header beams more than four (4) feet long used in any building shall

be framed together and pinned or hung to the trimmer beams in stirrup-irons. When it is not practicable to frame or secure the ends of tail beams into header beams, the ends of the tail beams shall be hung to the header beams by stirrup-irons."

By inserting after Section 35 the following:

"SECTION 35A. No portion of any building of third class construction to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall be hereafter erected, enlarged, altered or placed nearer than four (4) feet to the line of any adjacent lot or to any other building of the first or second class; or nearer than eight (8) feet to any portion of any other building of the third class on the same lot, unless fireproof masonry walls, with openings protected as required by Section 36, are built next to the said lot or other building, such walls to be of thickness provided under Section 17."

By inserting after Section 37 the following:

"SECTION 37A. Every dwelling to which the provisions of Chapter 635 of the Acts of 1912 do not apply shall have at least two independent means of egress."

ARTICLE 7. To see if the Town will vote to amend Chapter 8 of the Town By-Laws by inserting after Section 13 the following:

"SECTION 13A. Every privy vault the location of which is not otherwise prescribed by laws of the Commonwealth of Massachusetts shall be at least four (4) feet distant from the line of any adjoining lot, unless by the consent of the owner of such lot, and every vault shall be so

constructed as to be conveniently approached, opened, and cleaned, and shall be made tight, so that the contents thereof cannot escape therefrom, if, in the opinion of the Inspector, the surroundings require it."

Voted, To amend Chapter 8 of the Town By-Laws by inserting after Section 13 the following:

"SECTION 13A. Every privy vault the location of which is not otherwise prescribed by the laws of the Commonwealth of Massachusetts, shall be at least four (4) feet distant from the line of any adjoining lot, unless by the consent of the owner of such lot, and every vault shall be so constructed as to be made tight, so that the contents thereof cannot escape therefrom, if, in the opinion of the Inspector, the surroundings require it."

And you are directed to warn the inhabitants qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Town, fourteen days at least before said meeting, and leaving printed copies hereof at the dwelling-houses in said Town, at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands this 10th day of August, nineteen hundred and fifteen.

JAMES S. RUSSELL,
MAURICE A. DUFFY,
GEORGE L. ANTHONY,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, September 1, 1915.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as therein directed, to meet at the Town Hall in said Milton, upon the date above mentioned, for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

September 1, 1915, at 9 hours 36 minutes P.M., *Voted,* That the meeting be dissolved.

The foregoing meeting was opened at 8 o'clock P.M., with the reading of the opening and concluding paragraphs of the Warrant, by the Town Clerk.

A true record.

Attest:

G. FRANK KEMP,
Town Clerk.

Town Officers' Acceptances

Jan. 5. Nathaniel T. Kidder, as Forest Warden.
5. Nathaniel T. Kidder, as Local Superintendent for Suppression of Gypsy and Brown-tail Moths.

SEPTEMBER PRIMARY

WARRANT

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton, qualified to vote at elections, to meet in the Town Hall in said Milton, on Tuesday, the twenty-first day of September next, at four o'clock in the afternoon, then and there to bring in their ballots to the primary officers for the nomination of candidates of political parties for the following offices of Governor, Lieutenant-Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney-General, all for the Commonwealth; Councillor for the Second District; Senator for the First Norfolk District; Representative in the General Court for the Fourth Norfolk District; County Commissioner for the County of Norfolk, County Treasurer for the County of Norfolk, Sheriff for the County of Norfolk; District Members of State Committee for each political party for the First Norfolk Senatorial District; Members of the Democratic Town Committee; Members of the Republican Town Committee; Members of the Progressive Party Town Committee; Delegates to the State Convention of Political Parties.

All the above candidates and officers are to be voted for upon one ballot.

The polls may be closed at 9 o'clock P.M.

And you are directed to warn the inhabitants qualified as aforesaid to meet at the time and place and for

the purposes herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Milton at least fourteen days before the date of said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton this third day of September, nineteen hundred and fifteen.

JAMES S. RUSSELL,
MAURICE A. DUFFY,
GEORGE L. ANTHONY,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, September 21, 1915.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as therein directed, to meet at the Town Hall in said Milton, upon the date above mentioned, for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

At a Primary Meeting of the inhabitants of the Town of Milton, legally called and held upon September 21, 1915, the following number of votes were given for the several persons hereinafter named for the respective offices specified.

REPUBLICAN

For Governor

GRAFTON D. CUSHING of Boston, two hundred and three.

EUGENE N. FOSS of Boston, seven.

Samuel W. McCall of Winchester, two hundred and sixty-seven.

For Lieutenant-Governor

Calvin Coolidge of Northampton, one hundred and fifty-six.

Guy Andrews Ham of Milton, three hundred and nineteen.

For Secretary

Albert P. Langtry of Springfield, four hundred and twelve.

For Treasurer

Charles L. Burrill of Boston, four hundred.

For Auditor

Edward C. R. Bagley of Boston, eighty-one.

Alonso B. Cook of Boston, two hundred and fifteen.

Samuel W. George of Haverhill, one hundred and thirty-four.

For Attorney-General

Henry C. Attwill of Lynn, three hundred and ninety-one.

For Councillor, Second District

Richard F. Andrews of Boston, one hundred and seventy-three.

Clarence A. Barnes of Mansfield, eighty-one.

William O. Faxon of Stoughton, one hundred and sixty-one.

For Senator, First Norfolk District

William P. Kelley of Braintree, eighty-eight.

Louis F. R. Langelier of Quincy, three hundred and forty-four.

For Representative in General Court
(Fourth Norfolk District)

JOSEPH F. STONE of Canton, four hundred and seven.

For County Commissioner

EVAN F. RICHARDSON of Millis, three hundred and ninety-six.

For County Treasurer

HENRY D. HUMPHREY of Dedham, three hundred and ninety-seven.

For Sheriff

SAMUEL H. CAPEN of Dedham, three hundred and ninety-seven.

For State Committee

JESSE B. BAXTER of Milton, three hundred and ninety-four.

For Delegates to State Convention

J. PORTER HOLMES, three hundred and seventy-seven.
RUSSELL SWIFT, there hundred and seventy-two.
STEPHEN B. AMES, three hundred and seventy-two.
HOWARD C. LESLIE, three hundred and seventy-six.
PERCY E. SHELDON, three hundred and seventy-three.
FRANK L. RICHARDS, three hundred and seventy-four.
SARELL J. WILLIS, three hundred and seventy-five.
SAMUEL WOLCOTT, three hundred and seventy-eight.

For Town Committee

PHILIP S. DALTON, three hundred and sixty-seven.
JESSE B. BAXTER, three hundred and sixty-six.
WINTHROP L. CARPENTER, three hundred and fifty-seven.
FREDERICK A. GASKINS, three hundred and sixty-two.
ROGER WOLCOTT, three hundred and seventy-two.
EDMUND M. POITEVIN, three hundred and fifty-three.
ERNEST P. LIBBY, three hundred and fifty-eight.
REGINALD A. JOHNSON, thirty-five.
WILLIAM A. WILL, twenty-eight.

DEMOCRATIC

For Governor

Frederick S. Deitrick of Cambridge, two.
David I. Walsh of Fitchburg, fifty-nine.

For Lieutenant-Governor

Edward P. Barry of Boston, fifty-six.

For Secretary

Edwin A. Grosvenor of Amherst, fifty-four.

For Treasurer

Henry L. Bowles of Springfield, fifty-three.

For Auditor

Jacob C. Morse of Brookline, fifty-three.

For Attorney-General

John Joyce Donahue of Medford, thirty-seven.
Harold William, Jr., of Brookline, sixteen.

For Councillor, Second District

Charles W. Guy of Quincy, twenty.
William L. Murray of Boston, thirty-five.

For Senator, First Norfolk District

James H. Shea of Milton, eleven.
John J. Kelly of Boston, three.

For Representative in General Court
(Fourth Norfolk District)

James G. Mullen of Milton, sixteen.

For County Commissioner

JOHN J. GALLAGHER of Milton, two.

For Sheriff

SAMUEL H. CAPEN of Dedham, thirty-nine.

For State Committee

JOHN A. KIGGEN of Boston, thirty-six.

For Delegates to State Convention

JAMES S. GALLAGHER, fifty.
JAMES G. MULLEN, fifty-one.

For Town Committee

J. FRANK CURLEY, forty-six.
JAMES H. SHEA, forty-five.
JAMES S. GALLAGHER, forty-four.
JOHN J. GALLAGHER, forty-five.
JAMES G. MULLEN, forty-five.
PATRICK F. MAHONEY, forty-four.

At 9 o'clock and 10 minutes P.M., *Voted*, To close the polls. All the above votes were duly sorted, counted, declared and recorded, sealed up in open meeting and delivered to the Town Clerk.

The following Ballot Clerks and Tellers were appointed by the Selectmen to serve at the foregoing meeting:

Ballot Clerks: Robert J. Clark, George A. Lobban, Winthrop L. Knox, Republicans.

Henry D. Mahoney, Thomas M. Lennon, Democrats.

Tellers: Arthur W. Briggs, Clifton G. Lord, Prescott Skinner, William E. Leavitt, Charles B. Abbott, Walter

A. Cheney, James F. Mitchell, Frank L. Richards, Arthur Robson, Republicans.

Joseph A. Rein, Joseph A. Shea, Edward Gallagher, Joseph F. Dalton, Joseph J. Mullen, Martin L. Bannin, J. Frank Curley, Alfred A. Shea, Fred N. Krim, Democrats.

William Johnstone, Benjamin R. Fuller, Progressives.

All of the above named Ballot Clerks and Tellers were sworn by the Town Clerk.

Whole number of ballots cast, 549.

At eleven o'clock and fifty minutes P.M. September 21, 1915, *Voted*, That the meeting be dissolved.

A true record.

Attest:

G. Frank Kemp,
Town Clerk.

NOVEMBER MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

To either of the Constables of the Town of Milton, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton qualified to vote at elections, to meet in the Town Hall in said Milton, on Tuesday, the second day of November next at five forty-five o'clock in the forenoon, then and there to bring in their ballots for Governor, Lieutenant-Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney-General, all for the Commonwealth; Councillor for the Second District; Senator for the First Norfolk District; Representative in the General Court for the Fourth Norfolk District; County Commissioner for the County of Norfolk, and one Associate Commissioner to fill the vacancy for the remainder of the term of three years for the County of Norfolk; County Treasurer for the County of Norfolk; Sheriff for the County of Norfolk; also to see if the Town will vote to accept the provisions of Chapter 189 of the Acts of 1915, entitled "An Act to provide for the establishment and maintenance of an independent agricultural school in the County of Norfolk," and see if the Town will vote to accept the following amendments to the Constitution, Chapter 129, Resolves of 1915, entitled "Resolves, to provide for the submitting to the people the article of amendment of the Constitution empowering the General Court to authorize the taking of land to relieve congestion of population and to

provide homes for citizens"; Chapter 130, Resolves of 1915, entitled, "Resolves to provide for submitting to the people the article of amendment of the Constitution striking the word 'male' from the qualifications of voters"; Chapter 140, Resolves of 1915, entitled, "Resolves to provide for submitting to the people the article of amendment of the Constitution relative to the authority of the General Court to impose taxes."

All to be voted for on one ballot. The polls may be closed at 4 o'clock P.M.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Milton at least fourteen days before the date of said meeting and leaving printed copies hereof at the dwelling houses in said Milton at least four days before said meeting.

Hereof fail not and make due return of this Warrant, with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton, this fifteenth day of October, nineteen hundred and fifteen.

JAMES S. RUSSELL,
MAURICE A. DUFFY,
GEORGE L. ANTHONY,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, NOVEMBER 2, 1915.

Pursuant to the within Warrant I have notified the inhabitants of the Town of Milton as therein directed, to meet at the Town Hall in said Milton upon the date above mentioned for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

At a meeting of the inhabitants of the Town of Milton, held according to a Warrant of which the foregoing is a copy, upon November 2, 1915, the following number of votes were given in for the several persons hereinafter named, for the respective offices specified below, namely:

For Governor

Nelson B. Clark of Beverly, eleven.

Walter S. Hutchins of Greenfield, eight.

Samuel W. McCall of Winchester, nine hundred and sixty-four.

Peter O'Rourke of Medford, six.

William Shaw of Andover, sixty-one.

David I. Walsh of Fitchburg, four hundred and eighty-five.

Blanks, eleven.

For Lieutenant-Governor

Edward P. Barry of Boston, four hundred and twenty-two.

Calvin Coolidge of Northampton, one thousand and twenty-four.

Alfred H. Evans of Hadley, thirty-nine.

James Hayes of Plymouth, eleven.

Chester R. Lawrence of Boston, seven.

Samuel P. Levenberg of Boston, six.

Blanks, thirty-seven.

For Secretary

Edwin A. Grosvenor of Amherst, four hundred and seventeen.

Albert P. Langtry of Springfield, one thousand and sixteen.

Thomas J. Maher of Medford, twelve.
Marion E. Sproule of Lowell, ten.
Willard O. Wylie of Beverly, thirty-five.
Blanks, fifty-six.

For Treasurer

Henry L. Bowles of Springfield, four hundred and twenty-three.
Charles L. Burrill of Boston, one thousand and thirteen.
Charles E. Fenner of Worcester, eight.
William E. Marks of Worcester, twenty-seven.
Jeremiah P. McNally of Salem, twelve.
Blanks, sixty-three.

For Auditor

Alonzo B. Cook of Boston, nine hundred and seventy-one.
James W. Holden of New Bedford, nine.
Henry C. Iram of Warwick, ten.
Jacob C. Morse of Brookline, four hundred and forty.
William G. Rogers of Wilbraham, forty-one.
Blanks, seventy-five.

For Attorney-General

Henry C. Atwill of Lynn, one thousand and forty-one.
Frank Aughter of Boston, thirty-six.
Joseph Joyce Donahue of Medford, three hundred and eighty-five.
John McCarthy of Abington, fourteen.
William Taylor of Worcester, nine.
Blanks, sixty-one.

For Councillor, Second District

Richard F. Andrews of Boston, one thousand and fifty-two.

William L. Murray of Boston, four hundred and seventeen.

Blanks, seventy-seven.

For Senator, First Norfolk District

Louis F. R. Langelier of Quincy, one thousand and twenty-nine.

James H. Shea of Milton, four hundred and forty-nine.

Blanks, sixty-eight.

For Representative in General Court
(Fourth Norfolk District)

James G. Mullen of Milton, four hundred and eighty-four.

Joseph F. Stone of Canton, nine hundred and ninety-four.

Jacob A. Turner of Milton, one.

Blanks, sixty-seven.

For County Commissioner

Evan F. Richardson of Millis, eleven hundred and eighty-three.

Blanks, three hundred and sixty-three.

For County Treasurer

Henry D. Humphrey of Dedham, eleven hundred and seventy.

John J. Gallagher of Milton, one.

Blanks, three hundred and seventy-five.

For Sheriff

Samuel H. Capen of Dedham, eleven hundred and ninety-six.

Blanks, three hundred and fifty.

For Associate County Commissioner

N. P. Roubound, one.
William E. Byer, one.
Frank Johnson, one.
Charles F. Cook, one.
Ernest P. Libby, one.
J. Merrill Brown, one.
Peleg Bronsdon, one.
William B. Thurber, one.
Blanks, fifteen hundred and thirty-eight.

Chapter 129, Resolves of 1915

Resolves empowering the General Court to authorize the taking of land to relieve congestion of population and to provide homes for citizens.

Yes: eight hundred and forty-one.
No: forty-one.
Blanks: two hundred ninety-four.

Chapter 130, Resolves of 1915

Resolves to strike the word "Male" from the qualifications of voters.

Yes: three hundred and ninety-nine.
No: ten hundred and thirty-three.
Blanks: one hundred and fourteen.

Chapter 140, Resolves of 1915

Resolves relative to the authority of the General Court to impose taxes.

Yes: nine hundred and one.

No: three hundred and twenty-four.
BLANKS: three hundred and twenty-one.

Chapter 189, Acts of 1915

An Act to provide for the establishment and maintenance of an independent agricultural school in the County of Norfolk.
YES: eight hundred.
No: four hundred and seventy.
BLANKS, two hundred and seventy-six.

At the meeting aforesaid the following appointments of Ballot Clerks and Tellers were made by the Selectmen, namely:
Ballot Clerks: Charles H. Bearce, John A. Larrabee, Republicans.
Thomas M. Lennon, Henry D. Mahoney, Democrats.
Tellers: Carl W. Gram, Morton Swift, Prescott Skinner, William A. Will, Lewis B. Currier, Clifton G. Lord, Holbrook Lincoln, Albert M. Hoxie, Benjamin R. Fuller, Jesse P. Bent, John B. Sangster, J. Arthur Robson, Winthrop S. Knox, Walter M. Church, J. Arthur Spencer, Republicans.
Albert J. Eichorn, Edward Gallagher, Joseph J. Mullen, John H. Houlihan, William A. Murray, John F. Donovan, Joseph A. Rein, Joseph F. Dalton, B. Sarsfield Quigley, Patrick F. Healey, William A. Haley, Edward F. Lee, Democrats.
All of the above named Ballot Clerks and Tellers were sworn by the Town Clerk before entering upon their duties.
At 4 o'clock P.M., *Voted,* To close the polls in ten minutes.
At 4 o'clock and 10 minutes, *Voted,* That the polls be closed.

At 5 o'clock and 3 minutes P.M., *Voted,* To dissolve the meeting.

A true record.

Attest:

G. FRANK KEMP,
Town Clerk.

Whole number of ballots cast, fifteen hundred and forty-six.

Whole number of registered voters, November 1, 1915: Men, 1,828; Women, 642.

Fourth Norfolk Representative District

We the undersigned Town Clerks of the Towns of Canton and Milton comprising Representative District Number Four, in the County of Norfolk, hereby certify: That at an election duly held in said towns upon the second day of November, A.D., 1915, for a candidate to represent said district at the next General Court, the following number of votes were given in for the several persons hereinafter named, to wit:

For JAMES G. MULLEN of Milton, nine hundred and forty-two.

For JOSEPH F. STONE of Canton, fourteen hundred and twenty.

For JACOB A. TURNER of Milton, one.

BLANKS, one hundred and one.

Given under our hands at Canton, this twelfth day of November, A.D. 1915.

WALTER AMES,
G. FRANK KEMP,
Town Clerks of Canton and Milton.

REPORT OF THE LEGISLATIVE COMMITTEE

MILTON, MASS., January 1, 1916.

To the Citizens of Milton:—

On March 6, 1915, the Town voted under Article 46 of the Warrant "to authorize the Moderator to appoint a committee of five citizens to keep in touch with and consider such legislative proceedings as may effect or involve the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such matters." The undersigned were duly appointed as the committee, and organized by the choice of Roger Wolcott as chairman.

Owing to the fact that by the time of our appointment many of the committees of the Legislature of 1915 had closed their hearings, the committee found little to do as regards the legislation of 1915. It recommended to the Selectmen that the Town oppose Senate Nos. 561 and 562 of 1915, and by authority of the Board Messrs. Pierce and Wolcott of the committee appeared before the Committee on Ways and Means in opposition to those bills.

Senate 561 provided for a further retention by the Commonwealth of the Corporate Franchise Tax collected from certain public service corporations and at present in part distributed to the cities and towns. It was opposed on the ground that the Commonwealth already had abundant sources of revenue and that the cities and towns should not have their sources of revenue further curtailed.

Senate 562 gave the State Tax Commissioner the power to revise any assessment made by a local board of assess-

ors. It was opposed on the ground that in November the people were to vote on a taxation amendment to the Constitution (which has since been ratified), and that any such important amendment of the taxation laws should await either rejection of the Constitutional amendment, or its ratification with the new powers conferred by it.

Both the above bills received adverse reports from the Committee on Ways and Means, and both were later defeated in the Legislature.

Owing to the necessity for filing this report before the beginning of the legislative session of 1916, we can say here nothing of our work between that time and the March 1916 Town Meeting, but we shall willingly continue our work until our successors assume their duties unless the Town vote not to continue the committee.

We believe that the continuance of an advisory legislative committee may be of great benefit to the Town, but that the Town should guard against possible changes of policy in the middle of a legislative session such as might follow the appointment of a new committee in the month of March. We also feel that it might be well to enlarge its powers so that it shall also keep in touch with the proceedings of the State boards and commissions so far as they may affect the interests of the Town.

We therefore recommend that if the Town again votes for such a committee its vote should be substantially as follows:

"To authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and of State boards and commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; such committee to hold office for the

calendar year next following its appointment, to have the power to fill vacancies in its own number, and to report in print to the Town at the Town meeting next following the close of its term of office."

Roger Wolcott, *Chairman*,
Guy Andrews Ham,
Charles S. Pierce,
Robert L. Raymond,
G. Frank Kemp.

SPECIAL REPORT

MILTON, MASS., December 14, 1915.

To the Honorable Board of Selectmen:

GENTLEMEN:—The Committee on Motorizing Fire Apparatus, Town of Milton, begs to report as follows:

This committee was appointed in March, 1915, to investigate the advisability of motorizing the fire apparatus of the Town and to spend, if so decided, $8,000 therefor.

After numerous meetings and systematic investigation of the entire subject it was unanimously decided as follows:

1. That the Fire Apparatus should be motorized as rapidly as possible.

2. That the first piece to motorize was the Combination Wagon at the Central Fire Station.

3. That the second piece to motorize was the Ladder Truck at the Central Fire Station.

In accordance with the above decisions bids were called for from all the prominent makers of motor fire apparatus. These were gone over carefully and on August 9 it was decided to purchase a motor combination wagon from the American La France Company at a price of $5,800. Delivery to be made in 120 days.

At a special Town Meeting held on September 1, 1915, $3,800 additional was appropriated for a second piece of apparatus. An order for a motor ladder truck was accordingly given to the La France people on September 10 at a price of $6,000. Delivery to be made in 120 days.

The motor combination wagon arrived November 30, 1915. Thorough instruction has, and is being given to

the firemen of the Town in running this machine by the La France people in addition to the instruction given them when they visited the La France Company's plant during the summer. So far the machine has proved satisfactory in every way.

In conclusion the committee begs to extend thanks to those who offered their assistance to the committee, and to register most emphatically its belief that all fire apparatus of the Town should be motorized as fast as conditions warrant. It is also the committee's belief that the remaining pieces of apparatus in the Central Fire Station should be motorized before those in the various outlying districts.

Very respectfully,

MAURICE A. DUFFY, *Chairman.*
J. HARRY HOLMES, *Chief of Department,*
A. H. WEED,
E. B. HILL, *Secretary.*

COMMITTEE REPORT
MILTON PUBLIC SCHOOL BUILDINGS

To the School Committee of Milton:

At the last Annual Town Meeting it was

Voted: That the committee of five, consisting of three members of the School Committee and two citizens to be appointed by the Moderator, be instructed to prepare plans and estimates for improved High School accommodations at the Vose School building and to make recommendations regarding extending the accommodations in the grade schools as needed; said committee to report to the School Committee in writing on or before January 1, 1916. *Voted Further* to appropriate One Thousand Dollars ($1,000) for the use of this committee.

The committee appointed in pursuance of said vote consisted of: Percy E. Sheldon, Reginald L. Robbins, Harris Kennedy, members of School Committee; Joel E. Goldthwait, Malcolm Donald, citizens.

On May 24, 1915, Joel E. Goldthwait resigned and on June 14, 1915, Arthur B. Smith was appointed to fill the vacancy.

Report

Your committee, after having carefully investigated all the school buildings in Milton, has devoted much time and thought to the entire school housing problem and has reached very definite conclusions. We feel that the time has come when a systematic plan for the future growth of our schools should be considered and adopted. We realize that all the school buildings with the exception of the Vose, built in 1909, were erected more than twenty (20) years ago. *The majority of these buildings have had additions and improvements made from time to time, aggregating in cost only One Hundred and Twenty-*

five Thousand Dollars ($125,000), or approximately Six Thousand Dollars ($6,000) per year. The addition to the High School made in 1896, cost Sixty-five Thousand Dollars ($65,000) and is included in the One Hundred and Twenty-five Thousand Dollars ($125,000).

No additional land has been acquired for the Belcher or Tucker Schools, notwithstanding the fact that the school buildings themselves have doubled in size, and their sites are altogether too small for present needs. Milton will grow as all other places so near Boston are bound to grow, and land will increase in value each year. Desirable school sites are already rapidly disappearing.

Your committee has considered all these points and feels strongly for reasons of economy alone, now is the time to acquire land in Milton for our future school needs, and now is the time to map out and adopt a definite policy for our entire school system.

Moreover, the replacing of our wooden buildings eventually by modern brick structures, should be most seriously considered. The very fact that the Town has for so many years postponed the expense of a general re-building, should be borne in mind while considering the recommendations in our Report.

Your committee is of the unanimous opinion that, however wise the policy of additions from time to time to existing buildings may have been in the past, such a policy from now on would be most unwise.

Safety of the Present School Buildings

Your committee has examined all the school buildings with special reference to the fire hazard, and employed a recognized expert, Mr. F. Elliot Cabot of Milton, Secretary of the Boston Board of Fire Underwriters, to make an investigation and report his findings.

He reports that the Milton school buildings are in good condition, and well protected against fire and as safe as buildings constructed of wood can practically be made. He made special comment upon the "good housekeeping" of the janitors—in his opinion the most important factor in the prevention of fire. He made some minor precautionary suggestions which have been, or will be carried out.

His report is filed herewith and will remain in the keeping of the School Committee where it can be studied by any citizen.

Present High School Building

The building is entirely inadequate for present needs and too small to accommodate the present number, to say nothing of allowing for future growth.

The manual training department is divided between the present building and the Thacher building, and loss of time and inconvenience is thereby occasioned.

The science lecture room and laboratories are even more inadequate and unsatisfactory, being poorly placed and cramped.

The so-called gymnasium is on the top floor of the building so that ordinary exercises cannot be conducted without shaking the building to such an extent that the work is limited in scope, and very much interfered with. The High School now has two physical directors, a man and a woman, who are conducting classes as part of the regular course. This work is done under great disadvantages because of the conditions, and the lack of suitable dressing rooms, lockers, etc.

The Assembly Hall, which is badly ventilated, accommodates only about two-thirds ($\frac{2}{3}$) of the school, making it necessary to use the Town Hall at times.

A new High School should be provided.

Your committee has concluded that the present High School building is not adapted, nor is it wise to try to adapt it to a modern High School, which would not only be expensive but unsatisfactory when completed.

The present High School building, without extensive changes will make a first-class grade school, and it is advantageous and economical to transfer the grade pupils from the present Vose School to the High School.

Your committee therefore recommends that the present High School building be used for the Vose School, and that the Vose School building be enlarged and used for the High School. The present Vose School building was well planned with a view to extensions.

Junior High School

The School Committee, following a policy recently adopted in many parts of the country, has voted to create a Junior High School. This will divide the twelve (12) years of public schooling into

Seven (7) years in the grades,
Two (2) years in the Junior High School,
Three (3) years in the Senior High School.

Both the Junior High and Senior High are to occupy the proposed building.

The pupils of the eighth grade have reached an age where they need laboratory and hand work on a scale which cannot be supplied in the grade schools without undue expense for duplicate equipments, but can be supplied in the High School. The children will become accustomed to the teachers and methods of the Senior High School, thus making the transition from the grades to the High School gradual and natural.

The removal of the eighth grades to the new High School building will relieve the present congestion in the grade

buildings, and save the immediate necessity of providing additional accommodations at East Milton and Mattapan.

Proposed New High School Building

In September, 1916, there will be four hundred and fifty (450) to five hundred (500) pupils (including both Senior and Junior High Schools) to be accommodated. It is impossible to estimate with accuracy the annual increase in the number of pupils, but probably it will not be less than thirty-five (35).

Although we are now planning for a building normally accommodating six hundred (600), by re-arrangements and the unusual use of the rooms, some seven hundred and fifty (750) pupils could temporarily be accommodated. The building is so planned that new units can be added in the future at practically no greater expense than if they were built now.

The proposed building has an assembly hall, a lunch room and gymnasium, each large enough to accommodate the maximum growth of the school; also manual training rooms, science laboratories, a printing shop, and proper rooms for sewing, dressmaking, cooking, free-hand and mechanical drawing, bookkeeping and stenography.

All these facilities are required by our present High School courses and are those generally provided in well equipped schools.

The gymnasium is connected with the main building by a locker and shower bath wing, and has all sides open to the light and air. It is an integral part of the main building, and its administration is directly under the High School principal, which, in the opinion of your committee, is essential.

Cost of Proposed High School

The extension of the Vose School calls for an estimated appropriation of One Hundred and Ninety Thousand Dollars ($190,000), of which Fifteen Thousand Dollars ($15,000) is for equipment.

The present Vose School was built by Kilham & Hopkins, and they have drawn the plans for the proposed extension. They have had wide experience in planning and building high schools. Among the more recent of these are the following: Salem High School, Haverhill High School, Boston High School of Commerce and the Dedham High School. Moreover, they were the consulting architects for the new Vocation High School in Syracuse, N. Y.

Plans and estimates of the proposed enlargement of the Vose School are filed with this Report, and will remain in the keeping of the School Committee, where they can be studied by any citizen.

High School Land

The proposed High School, which conforms to the lines of the Vose building, extends beyond the present lot and makes necessary the acquisition of more land for this extension and future additions.

Fortunately, three and one-half ($3\frac{1}{2}$) acres of adjoining land are vacant. The owners of this property were unwilling to give an extended option, but were willing to sell at once for Four Thousand Dollars ($4,000). At our request, Mr. James S. Russell, always interested in the welfare of the Town, bought the land for this price and has given the Town an option good until sixty (60) days after the March meeting, 1916, to purchase the land for Four Thousand Dollars ($4,000), plus interest at the rate of four (4) per cent a year, taxes and legal expenses incurred in the purchase.

The price is very reasonable. We strongly recommend the purchase of this land.

Grade Schools

The pupils of the Vose School can be accommodated in the present High School building. Although three hundred (300) High School pupils overcrowd the building, it can readily house three hundred and fifty (350) to four hundred (400) grade pupils. The laboratories and specially equipped rooms of the present High School will be converted into classrooms, and will give ample capacity for this district for the next ten (10) years.

At present, the Tucker School in the Mattapan district and the Belcher School in the East Milton district are much crowded. This congestion relieved by the removal of the eighth grade to the Junior High School, will give room for a small future growth in these two districts.

Your committee deems it unwise to recommend further additions to any of our wooden buildings. When new accommodations are required in the Belcher and Tucker districts, brick units should be erected which later on can be added to.

Tucker School Land

In the Mattapan district land must be acquired for a future Tucker School.

The present plot is not large enough, and there is no opportunity for expansion except at great expense. By acquiring land adjoining the Brook Road Playground, the Town can secure a central location for a school with all the advantages of a playground free.

We recommend that the Town purchase or take by right of eminent domain three (3) acres of the vacant land adjacent to said playground for a new Tucker

School site. The land is now vacant, but the building operations in the Mattapan district are such that soon little or no suitable vacant land will be available in the neighborhood. The location of this land on Thacher Street, opposite Kahler Avenue, makes it accessible to the Blue Hills Parkway, and it is very near the old Tucker School site. Thacher Street, moreover, is not an automobile thoroughfare and is safer for small children.

The School Committee should have at once land available for a new Tucker School. When this school is built, the present site can be sold to good advantage.

Belcher School Land

The land on Adams Street—the old school site—owned by the Town is centrally located and is large enough not only for a school building, but for school garden areas and ample playgrounds.

We recommend that when more school accommodations are needed brick units be built on the Town plot on Adams Street. The present Belcher site, when abandoned, can be sold to good advantage.

The Other Schools

The Wadsworth, Glover, Sumner and Houghton buildings should be adequate for a number of years, as the population in these districts so far has not shown any signs of rapid growth.

The Thacher School which had to be opened a few years ago to care for the overflow of the High School, can again be closed.

Committee's Appropriations

The Town voted your committee One Thousand Dollars ($1,000). Our expenditures have been as follows:

Oct. 28, 1915	Expert's fee on land valuation	$25 00
Nov. 11, 1915	Fire Hazard Expert's Report .	50 00
	*Fee of architect for plans, estimates, etc. Not paid, but due	800 00
Total		$875 00
Balance		$125 00

Recommendations

Your committee has presented a plan that it believes should be carried out during the next ten (10) or fifteen (15) years.

Our recommendations are—

(1) The *immediate construction* of a new *High School* and the *acquisition* of the *necessary land.*

(2) The use of the present High School building for the Vose School.

(3) The *immediate purchase of land* adjoining the Brook Road Playground *for a new Tucker School.*

(4) The use of the land on Adams Street—the old school site—owned by the Town, for a new Belcher School when needed.

Respectfully submitted,

Percy E. Sheldon, *Chairman,*
Harris Kennedy, *Secretary,*
Reginald L. Robbins,
A. B. Smith,
Malcolm Donald.

Milton, December 28, 1915.

*This fee of Eight Hundred Dollars ($800) will be credited to the regular six per cent (6%) commission charged when the building is completed. The plans filed are the property of the Town.

REPORT OF SPECIAL COMMITTEE OF SEVEN APPOINTED MARCH, 1915.

The Warrant for the Annual Town Meeting of 1915 contained the following Articles:

"ARTICLE 7. To see whether the Town will vote that a 'Committee of School Buildings' be appointed by the Moderator to consist of five members, three of whom shall be members of the School Committee, to consider particularly the question of new accommodations for the High School, and to consider the question of safer and better accommodations for the schools in general, said committee to report in writing its recommendations to the next Annual Town Meeting, or earlier in its discretion."

"ARTICLE 54. To see if the Town will vote to erect a new Town Hall, substantially in accordance with the plans and specifications prepared by the Special Committee appointed under Article 63, of the Warrant for the Annual Meeting held March 2, 1914, and to furnish such building; and to appropriate money for the same; and to determine how the money shall be raised."

"ARTICLE 55. To see if the Town will vote to appropriate money for the erection and original equipment of a gymnasium to be used for municipal purposes upon a certain parcel of land given to the Town by certain citizens thereof and accepted by the Town at its Annual Meeting in 1914, usually known as the Hinckley

addition to the Brook Road Playground, and determine how the money shall be raised and to take any other action which is necessary or appropriate in relation thereto."

"ARTICLE 56. To see if the Town will appropriate money for the maintenance of a gymnasium upon the Hinckley addition to the Brook Road Playground during the present year."

Under Article 7 the following vote was passed:

"*Voted:* That a committee of five, consisting of three members of the School Committee and two citizens to be appointed by the Moderator, be instructed to prepare plans and estimates for improved High School accommodations at the Vose School building, and to make recommendations regarding extending the accommodations in the grade schools as needed; said committee to report to the School Committee in writing on or before January 1, 1916; *Voted,* further, that the Town appropriate the sum of $1,000 for the use of this committee."

Under Articles 54, 55 and 56, the Town voted as follows:

"*Voted:* That the Committees on the Enlargement of the Town Hall and on a Gymnasium for the Brook Road Playground be continued and, further, that the subject matter of Articles 54, 55 and 56 be referred to a Special Committee of seven citizens, to be appointed by the Moderator with instructions to consider the subject matter thereof, the relations of each of these questions to the others, the order of precedence of construction, the financing, cost of maintenance, and other pertinent matters in connec-

tion with additional Town Hall and gymnasium facilities, and to report its recommendations to the Town not later than the next annual meeting, and sooner, if practicable, at a special meeting called for that purpose. The Moderator is requested to appoint the Chairman of the Warrant Committee for the coming year, one member of the School Committee, one member of the Committee on the Enlargement of the Town Hall, and one member of the Committee on Gymnasium as members of said Special Committee, and the sum of $1,000 is hereby appropriated for the use of said committee."

Under the above vote the Moderator appointed the following committee:

Robert L. Raymond, Chairman of the Warrant Committee; Reginald L. Robbins of the School Committee; William B. Thurber, of the Committee on the Enlargement of Town Hall; James S. Russell of the Committee on Gymnasium; Charles S. Pierce, Rev. Albert D. Smith, James S. Gallagher.

As Mr. Smith declined to serve, the Moderator appointed George M. Anderson in his place. The committee organized by the choice of Mr. Pierce as chairman, and Mr. Robbins as secretary.

The committee held several meetings in the spring of 1915, being in consultation at various times with members of the Committee on Enlargement of the Town Hall, members of the Committee on Gymnasium, members of the School Committee, the Superintendent of Schools and Physical Director. We also inspected the gymnasium and the swimming pool at Brookline and the Town Hall at Arlington. Although the Town had, by its vote under Article 7, eliminated our committee from direct

responsibility in connection with the High School development, nevertheless any action of the School Building Committee must of necessity have an important bearing upon our recommendations. The plan of the School Building Committee did not take definite form until the autumn of 1915. This fact, together with the unstable business conditions existing throughout the country in 1915, made it unwise in our judgment to file an earlier report.

Our committee has not considered it a part of its duties to approve or disapprove the details of the plans developed by the Committee on the Improvement of Town Hall Facilities, or the Committee on the Brook Road Gymnasium. Both committees have made reports in print to the citizens, and we believe that each committee has studied its problems carefully and has done its work well.

The Town Hall Committee finds that it would cost a large sum of money to alter and enlarge the present building; that the results would be unsatisfactory, and the cost entirely disproportionate to the benefit; and that the wisest way to provide suitable meeting and office facilities is to construct a new building on the site of the present building at an expense of approximately $225,000.

The Gymnasium Committee in its report advocated the construction of a gymnasium on the Brook Road Playground at the expense of approximately $50,000. This building would provide a large auditorium and also an opportunity for meeting rooms and bowling alleys.

The School Building Committee, with the support of the School Committee, has recommended enlargement of the present Vose School so that it may become an adequate High School building, at an expense of approximately $190,000.

Both of these committees believe that a gymnasium is a necessary part of the equipment of a modern High School and that if the needs of the schools alone are to be considered, a gymnasium should be physically attached to the High School building. Their plans provide for a gymnasium so attached and of practically the same size as that suggested for the Brook Road Playground by the Gymnasium Committee. Their plans also include an assembly hall with a present seating capacity of six hundred and with a possible addition of two hundred fifty more seats by the later construction of balconies. If, therefore, the Town decides to enlarge the Vose School in accordance with the plans which will be presented to it at the March Meeting, there will be a school gymnasium, constructed, however, in such a way that it will be available for the use of citizens outside of school hours. It will not be as conveniently located for many Mattapan people as if erected on the Brook Road Playground, but the additional distance from Mattapan Square will not be such as to make the use of the gymnasium impracticable for Mattapan people. The High School addition will not provide some of the features contemplated by the Gymnasium Committee, such as meeting rooms for social service work, etc., but it will contain bathing facilities which can be used in connection with athletic contests. An expenditure of a sum between $5,000 and $10,000 would permit an excavation of a basement to the proposed gymnasium so that bowling alleys later could be installed. We are not prepared, however, to recommend that this be done.

Your committee believes that if the schools need additional facilities, such as recommended by the School and School Building Committees, the appropriation for this purpose should have precedence over appropriations for a Town Hall or for development of the Brook Road

Playground. We believe also that if sufficient money is appropriated to enlarge the Vose School as planned, the other projects should be postponed. It is not necessary to have one gymnasium at the Vose School lot and another on the Brook Road Playground, and it seems to us unwise at present to enlarge the Town Hall when an assembly hall which may prove to be suitable for Town meetings and other large gatherings is contemplated in so central a location as the Vose School lot. Experience may show that we should erect later, on the Brook Road Playground, more adequate recreation buildings, and also, further facilities will be required for Town offices, but, if the Town adopts the School Committee's recommendations, we should move slowly on both of these other matters, first ascertaining whether or not the school development makes a substantial change in the situation.

The Town's valuation in the year 1915 was something over $37,000,000. There is ample margin within the statutory limit of indebtedness for bond issues for a new school, a new Town Hall, and a gymnasium, but we cannot feel that the Town faces any such emergency as to require, or to justify, in one year such increases in its indebtedness.

The addition proposed for the Vose School could not be ready for occupation for more than a year, and if the Town votes to authorize it, we recommend that our committee, together with the Committees on Enlargement of the Town Hall and on Gymnasium, be discharged. If time does not solve the problems with which they have been dealing, it will at least change them, and the Town can consider them in the light of the new conditions.

Mr. Russell believes that if the Town approves the plan of the School Building Committee, the basement of the proposed gymnasium should be excavated and bowling alleys installed. He signs the report with this

understanding. Mr. Robbins would like to have the work of excavation done at the present time, but would postpone the construction of alleys.

CHARLES S. PIERCE,

ROBERT L. RAYMOND,
WM. B. THURBER,
JAMES S. RUSSELL
GEO. M. ANDERSON,
JAMES S. GALLAGHER,
Committee.

REPORT OF THE HIGHWAY COMMITTEE TO THE SELECTMEN

MILTON, MASS., December 31, 1915.

Selectmen of Milton:

GENTLEMEN:—Last March the Town passed the following vote:

> ARTICLE 10. *Voted*, That a committee of five be appointed, to consist of one member of the Board of Selectmen, to be chosen by said board, the Superintendent of Streets *ex officio*, and three citizens at large to be appointed by the Moderator, to consider the question of the highways of the Town including construction, maintenance, system of bookkeeping, and such other matters, including any permanent policies as may appear to it wise, and to report its findings and recommendations in print, on or before January 1, 1916, to the Selectmen. Such report to be distributed among the citizens of the Town as widely as the Selectmen deem expedient and the cost of such printing to be paid for out of the printing account.

The Selectmen named Mr. Russell to represent them, and Mr. Spates became a member of the committee on May 1, when made Superintendent of Streets. Messrs. Parsons, Rockwell, and Will were appointed by Moderator R. F. Herrick.

The committee organized by electing Mr. Rockwell Chairman and Mr. Parsons Secretary.

Brook Rd.	Adams St.	Blue Hills Pkwy.	2.736	1.478	1.978
Brook Rd. 2d rdy.	Central Ave.	Blue Hills Pkwy.	.720		
Brush Hill Rd.	Blue Hills Pkwy.	Canton Ave.	3.863	—	3.863
Canton Ave.	Adams St.	Canton line	4.651	1.019	3.632
Central Ave.	Boston line	Brook Rd.	.954	.397	.557
Centre St.	Adams St.	Canton Ave.	1.41	.34	1.07
Edge Hill Rd.	Adams St.	Pleasant St.	.795	—	.795
Eliot St.	Adams St.	Blue Hills Pkwy.	1.42	.253	1.167
Granite Ave.	Adams St.	Squantum St. and 500 ft. each side of R.R. crossing	.574	—	.574
Pleasant St.	Edge Hill Rd.	Reedsdale Rd.	.738	—	.738
Randolph Ave.	Adams St.	Quincy line	3.181	.929	2.252
Reedsdale Rd.	Canton Ave.	Pleasant St.	.7	.132	.568
Wharf St.	off Adams St.	at Lower Mills	.075	—	.075
White St.	Brook Rd.	Canton Ave.	.322	—	.322
		Miles	27.588	5.241	22.347

From the above list it will be seen that the Town has 27.588 miles of roadway which in the opinion of the committee should be considered main thoroughfares.

Of this 5.241 miles have been rebuilt recently with modern bituminous macadam, leaving 22.347 miles of main thoroughfares which should be put in condition to withstand present-day traffic as soon as possible. The committee recommends that these streets be rebuilt with bituminous macadam on a proper foundation.

The average cost of doing this work will probably be in the neighborhood of $12,000 per mile of 18-foot roadway, making a total of about $268,000.

The committee recommends that this work be spread over a period of five years, and that the money needed each year be raised by taxation.

By the construction of these main roads as recommended above, the annual cost of maintaining them will be greatly decreased.

Openings for water, sewers, gas, electricity, and other public or private utilities should be made in our public ways with great care, and all resurfacing in connection with such openings should be done by the Street Department at the expense of the party or parties making the opening.

The books of account in the offices of the Selectmen and Superintendent of Streets have been examined and seem well suited for the purposes of current receipts and disbursements.

The committee suggests that a street record book be started so that the facts concerning each public way may be readily available. Such a book together with suitable plans and maps should prove increasingly valuable.

Respectfully submitted,

CHARLES R. ROCKWELL, *Chairman,*
SIDNEY A. PARSONS, *Secretary,*
JAMES S. RUSSELL,
HENRY A. SPATES,
DUNCAN F. WILL,

Committee.

TOWN OF MILTON ART COMMITTEE

To the Honorable Board of Selectmen:

The Art Committee of the Town begs to report as follows for the year 1915:—

The committee was called to pass upon the model of the proposed municipal gymnasium, and on February 27 held this examination. It was then voted to send to the chairman of the committee having the gymnasium proposition in charge a preliminary approval of the model as submitted.

Other than this the committee has not been requested to pass upon any municipal structure, work of art or ornament, as provided for by law.

Very respectfully,

HENRY FORBES BIGELOW,
Chairman Art Committee.

MARRIAGES

The whole number of marriages registered in Milton for the year 1915, was 90, as follows:

Jan. 20. Elmer Lindvall of Milton, and Lillian Jane Adams of Quincy.
24. Israel J. Rubin of Boston, and Rachel Lilienstern of Milton.
27. James D. Milne of Boston, and Grace L. Sangster of Milton.
Feb. 3. John Raymond Callahan of Milton, and Teresa Helen McMullen of Boston.
10. Guy Wallace Woodworth of Milton, and Barbara M. A. Benit of Boston.
Mar. 20. Chester Hunt Sears of Milton, and Edith Alberta Hubbard of Cambridge.
April 7. Patrick Henry Donahue of Milton, and Nora Agnes Connolly of Newton.
8. Roy Bent and Jennie Gertrude Cook, both of Milton.
10. Charles Thomas Partelow of Milton, and Anna M. G. Smith of Newton.
14. Orrin Teed of Randolph, and Anna Atkinson of Milton.
18. Alfred Bunnell Keith of Milton, and Freda Augusta Adams of Quincy.
23. Bert Horace Mansfield of Milton, and Mary Etta Sherman of Woburn.
24. George Graham of Scituate, and Elizabeth Innis of Milton.
28. Everett Gordon Thompson, and Dorothy Mildred Golding, both of Milton.
28. Henry E. Spinney of Boston, and Myrtle R. Teed of Milton.
28. James Joseph Murphy of Boston, and Ellen Elizabeth Fitzpatrick of Milton.
May 8. David Chalmers Moore of Cleveland, Ohio, and Cora Abby Tilden of Milton.
19. Ludvig Simonsen of Milton, and Agnes Margaret Nielson of Boston.
19. William L. Haines, and Myra F. Cheney, both of Milton.

May 23. Walter Wesley Flavin of Boston, and Elsie Caroline Simpson of Milton.
29. Walter E. Tarr, and Ethel Hunter Dunn, both of Milton.
June 1. Harold Farquhar Furber of Milton, and Annie Mary DeWolfe of Melrose.
2. Harold Lapham Fabian of Milton, and Miriam Leland Burford of Boston.
6. Fred F. Barry of Milton, and Marie Elizabeth McAndrew of Boston.
7. Gordon Clark of Boston, and Amy Beatrice Stobbart of Milton.
9. Augustus Smith Cobb of Milton, and Mary Christine Converse of Newton.
14. Gerald H. Beard of Minneapolis, and Inez A. Lowe of Milton.
14. Edwin J. Lenihan of Milton, and Lillian Mildred Keddy of Quincy.
16. Edwin W. Hurd of Boston, and Marion H. Wakefield of Milton.
17. Jacob Haid, and Emma L. M. Powers, both of Milton.
19. Francis Earl Corkum of Everett, and Ruth Lorson Fredericks of Milton.
23. Willard Clark Banks of Boston, and Marie Nicholson of Milton.
24. Frank B. Esau, and Gladys Isabell Jardine, both of Milton.
26. Walter F. Sherlock of Milton, and Eloise N. Raymond of Quincy.
27. George C. Wachtler of Milton, and Bessie A. Brown of Boston.
27. Dennis O. Donovan, and Marie J. Cahalane, both of Milton.
29. Milton A. Dupony of Providence, R. I., and Rachel A. Shapleigh of Milton.
29. George Richards Minot of Boston, and Marian Linzee Weld of Milton.
30. Thomas Coughlan of Middleton, Conn., and Mary A. Hurley of Milton.
30. Charles L. A. Splaine of Milton, and Julia A. Murphy of Boston.
July 10. Stanley Cobb of Milton, and Elizabeth M. Almy of Cambridge.
14. Ora M. Snell of Lowell, and Mary Adams Breck of Milton.
14. Ralph H. Prouty of Boston, and Eleanor Kleberg of Milton.
26. William A. McGuire of Milton, and Theresa Hannon of Boston.
28. Howard Taylor Smith of Milton, and Bertha Corey Richardson of Melrose.
Aug. 2. Thomas William Peno of Boston, and Katherine Agnes Quinn of Milton.
3. Alvah Randell Cummings of Bridgewater, and Jennie B. West of Milton.
4. Royal N. Davenport of Milton, and Anna Robson McEachern of Boston.
10. John Edward Mullen, Jr., of Quincy, and Theresa Annie Condon of Milton.

Aug. 15. William Harold Schwarz, and Marjorie Louise Dennett, both of Milton.
15. Joseph McCabe of Milton, and Julia Welsh of Boston.
16. John Winthrop Davis of Milton, and Rita Prentice Benson of Boston.
18. William A. Hampshire of Milton, and Charlotte A. Watkins of Boston.
Sept. 1. Frank S. White of Milton, and Rosamond May of Boston.
7. Thomas Joseph Hunter of Boston, and Alice Moxley of Milton.
8. Brett A. Small of Boston, and Kate C. Smith of Milton.
12. Thomas Francis Fallon, and Ida M. Shea, both of Milton.
13. John Wood Mutch of Milton, and Almira Matthews Faulkner of Boston.
18. John Manzoni of Milton, and Virginia Sguiliano of Quincy.
19. Dennis T. Breen of Boston, and Katherine F. O'Neil of Milton.
20. Herman H. Currier, and Gertrude M. Riley, both of Milton.
21. John Allan of Milton, and Kathleen W. Hemeon of Somerville.
22. Henry Paul Howard of Boston, and Jennie Louise Simpson of Milton.
24. John English of Milton, and Marguerite Sullivan of Boston.
25. Herbert Armstrong Poole of Japan, and Maya Lindsley of Milton.
25. Frederick A. Tucker of Milton, and Loretta E. Eager of Boston.
28. Alexander F. Fuller, and Ellen Fletcher, both of Milton.
29. Frank Davis Tirrell of Weymouth, and Hannah Isabelle Wigley of Milton.
30. Charles W. Jones of Milton, and Florence Whicher of Winthrop.
30. Murch M. Bronsdon, Jr., and Grace E. Mann, both of Milton.
Oct. 2. Everett Sumner Hamlin of Boston, and Marion Eloise Nye of Milton.
3. John J. Sullivan of Milton, and Katherine Hannon of Brookline.
6. William J. Robertson, and Ethel Gertrude Lawton, both of Milton.
11. Robert P. Ochs of Boston, and Alberta Blanche Chase of Milton.
11. Timothy J. Murray, and Katherine Marie Gallagher, both of Milton.
12. Pierce Doyle of Boston, and Margaret Duffy of Milton.
14. Emory H. Farrington of Milton, and Helen Godfrey Bassett of Taunton.
17. William Barker Denison of Springfield, and Mary Theodora Deeker of Milton.
21. Thomas Francis O'Brien of Quincy, and Anna Beatrice Cashman of Milton.
23. Eugene Smith Beless, and Sarah Annetta Cross, both of Milton.

Oct. 24. Richard Leonard Silvenius of Milton, and Mary Ellen Gibbons of Brookline.
27. John Edmund Burke of Newton, and Helen A. Fagan McDonald of Milton.
Nov. 10. Daniel Duncan Forbes Will of Milton, and Nora Bridget Noonan of Boston.
17. Ashton F. McLeod, and Sadie M. Calvert, both of Milton.
24. Thomas McGetrick of Boston, and Elizabeth Kildunne of Milton.
27. Rollin Terry Read of Wilmington, Del., and Gertrude Milton Bent of Milton.
27. John J. Doherty of Milton, and Louise McGarry of Brookline.
Dec. 14. Walter C. Atkins, and Ruth Vossmer, both of Milton.
24. William K. D. Zachorine of Milton, and Agnes C. Gustovsson of Boston.
26. Arlon D. Tibbetts of Boston, and Jennie L. N. Ewing of Milton.

DEPARTMENT REPORTS

REPORT OF THE SELECTMEN

MILTON, MASS., February 4, 1916.

To the Citizens of Milton:

We respectfully submit our report for the year ending December 31, 1915.

As provided by Chapter 692 of the Acts of 1913, the financial year of Massachusetts towns ends December 31, so that during the year 1915 our predecessors, Messrs. Jacob A. Turner, Maurice A. Duffy and George R. Eaton, held office from January 1, 1915, until the Annual Town Meeting in March, while we have been responsible from that time on and shall be for two months of the year ending December 31, 1916. This is not an ideal arrangement but is beyond our power to change.

The Annual Town Report is printed and distributed by the Selectmen as provided in Section 2, Chapter 4, of the Revised By-Laws. For many years the Auditors have done most of the work involved in compiling and printing the report, and we take this opportunity of complimenting the present Auditors for the skilful and painstaking manner in which they have performed this rather arduous task.

A large number of the Town's activities are under the control of committees, commissions, trustees and officers elected by you and over whom the Selectmen have slight control or none at all. You will find the reports of these officials in another part of this volume. Two matters out of the ordinary deserve mention at this point.

Wadsworth Bequest

During the past year Ellen M. Wadsworth, widow of Edwin D. Wadsworth, died, and the Town of Milton became residuary legatee of the estate.

When Captain Wadsworth died in 1901 both his children, Dexter E. Wadsworth and Annie M. Wadsworth, were living, but by their unfortunate and premature deaths before that of their mother, the following clause of the will of their father became operative:

> "the same shall go to, and I order and direct my trustee, then acting, to pay over, convey and deliver the same to, the Town of Milton, aforesaid, for the purpose of establishing and maintaining a Public Hospital within said town, to be under such regulation and board of management as said town may from time to time adopt and establish."

Herbert B. Tucker had succeeded Hiram Tuell as trustee of the estate and from him we received the property in December, 1915. It consists of the homestead on Highland Street and sundry outlying parcels of real estate of a total assessed value of $36,000; together with personal property of about $25,000. We turned it all over to the Town Treasurer, J. Porter Holmes, and he is now taking care of it pending action by the Town at the annual meeting next March. At our request the Town Counsel, Charles S. Pierce, has drawn an article for that meeting to cover the needs of the case.

Captain Wadsworth was one of the best known inhabitants of the Town and a descendant from one of its oldest families. His interest in all that pertained to the welfare of Milton was active, constant, and maintained to the very end as shown by the generous provisions of his will.

Weston Bequests

During the past year William B. Weston, for many years a much respected citizen of Milton, died after making provision in two directions for the benefit of future generations in our Town.

Clause 2 of his codicil leaves $6,000 with the Hospital Life Insurance Company to accumulate for one hundred years and then become available under certain conditions for a Milton hospital.

Clause 3 of the same codicil leaves $15,000 with Francis C. Welch to accumulate for twenty years beyond the lives of thirty-one persons named, and then to become available under certain conditions for the relief of worthy poor in Milton.

Bonded Debt

Outstanding January 1, 1915	$318,000
Issued during 1915, Sewer Loan	15,000
Paid during 1915	26,000
Outstanding December 31, 1915	307,000

In addition the Town owes $10,000 on a note falling due next April as authorized at the Special Town Meeting, September 1, 1915, and used for the reconstruc- of Randolph Avenue from Reedsdale Road to Tucker Hill. The details of this work appear in the report of the Superintendent of Streets.

Appointments

A list of the regular appointments which the Selectmen make as provided for by the laws of the Commonwealth is printed near the beginning of this volume. The period covered is from the Annual Town Meeting, March 6, 1915, to February 4, 1916, the date on which we are writing. The Town is fortunate in having in its employ a number of men both experienced in their work

and interested in doing it well, so that reappointments were many.

Superintendent of Streets

Henry A. Spates was engaged May 1, 1915, at $2,500 per year. His predecessor, Ivers M. Low, received $1,800. Mr. Spates came to us from Winchester, where he was paid $2,000 and where he served for eighteen years.

His record of actual road building there is so good, and the statements made by people well qualified to pass upon both him and his work were such, that we considered the Town fortunate in securing him, and we have not changed our opinion since.

Fire Engineers

We found Messrs. James S. Gallagher, Horatio Gilbert and J. Harry Holmes in office, and Mr. Gilbert not wishing to serve longer, we appointed George L. Bauldry. By his death shortly afterwards the Town has lost a man of high spirit and with a keen sense of the duties of a citizen and neighbor. His place on the Board of Fire Engineers has been ably filled by Philip S. Dalton.

Last March the Town appointed a Special Committee on the Motorization of the Fire Department. Our Mr. Duffy was a member of this committee and you will find its report on another page of this volume.

Forest Warden and Local Superintendent for the Suppression of the Gypsy and Brown-Tail Moths

These positions are filled by the Selectmen in January each year and for many years our predecessors have appointed Nathaniel T. Kidder to both, and on each following March the Town has elected him Tree Warden, thus concentrating in his hands the care of our wooded areas and public shade trees. Mr. Kidder asking to be re-

lieved, we have named Ralph S. Carpenter to succeed him as Forest Warden and Local Superintendent. Mr. Carpenter serves without salary as Mr. Kidder did. Realizing the difficulties surrounding the whole tree question we have appointed an

Advisory Committee

to assist the Forest Warden, Local Superintendent and Tree Warden. On this committee Messrs. W. L. W. Field, Charles M. Rogerson and Marcy L. Sperry have consented to serve. Our action in this matter has been based upon the belief that no one man in the Town has the peculiar qualifications possessed by Mr. Kidder and few, if any, can be found so generous as he in devotion to the Town's welfare.

The Streets of Milton

Last March the Town named a Special Committee to consider the needs of our highways. Both our Mr. Russell and Superintendent Spates served on it; the three members at large named by Moderator R. F. Herrick being: Charles R. Rockwell, Sydney A. Parsons, and Duncan F. Will. You will find its report elsewhere in this volume.

The gist of it is that we must adopt a definite policy and spend more money if we are to get results. Your Selectmen agree to this and recommend an appropriation next March of about $100,000 for the Highway Department instead of the $65,000 or $70,000 which has been appropriated in the recent past.

Respectfully submitted,

James S. Russell,
Maurice A. Duffy,
George C. Anthony,
Selectmen of Milton.

REPORT OF THE ASSESSORS OF TAXES FOR THE YEAR 1915

To the Honorable Board of Selectmen:—

The Assessors of Taxes of the Town of Milton herewith submit their annual report for the year 1915.

The usual routine business was transacted and disposed of in January and February.

In March the board for the ensuing year organized as follows: Wm. W. Churchill, chairman; Herbert B. Tucker, secretary, and Wallace C. Tucker, clerk.

The Assessors made their annual house to house canvass in April for the purpose of listing the names of poll tax payers, women voters, gathering information concerning taxible tangible personal property and such other data as is required by law.

The usual notices calling upon taxpayers to bring in to the Assessors on or before May 15, 1915, a true list of their polls, real and personal property which is liable to taxation here, was advertised and posted.

The tax on real estate and intangible personal property was levied in May, June and July and in September the tax rate of $12.50 per $1,000 was declared. The Assessors met Thursday evenings during October for the purpose of listening to petitioners for abatements on their taxes. Several adjourned meetings were held in November and December and these matters disposed of. The Board also spent the usual time at the State House, searching the records for Massachusetts corporation and bank taxes, which had been wrongfully credited to other towns or cities.

All public meetings of the Board of Registrars of

Voters have been attended by at least one member of the Board of Assessors to assist prospective voters when our help was needed.

The Board of Assessors request that an appropriation of $1,000 be given them this year to carry on the work of this department; this is in excess of about $400 over last year; the extra money is necessary on account of the very unusual amount of extra printing which will have to be done this year and also due to the fact that in the past few years our work has so increased and expenses have increased proportionately, our annual appropriations have not been increased sufficiently to keep up the details of our department as we would like to.

The Assessors report the population of the Town to be 8,882.

Additional statistics are as follows:

Total number of horses	561
Total number of cows	650
Total number of neat cattle other than cows	0
Total number of swine assessed	0
Total number of fowls	2,150
Total value of fowls	$2,150
Total number of dogs	518
Total number of dwelling houses	1,760
Total number of acres assessed	6,218.4
The Town received in corporation and bank taxes,	$76,497.11

TAXES ASSESSED IN TOWN OF MILTON FOR THE YEAR 1915

Valuation of personal property, including resident bank tax	$18,778,587 00

Additional tax in December	3,158 75	
Additional poll taxes	70 00	
		21,160 48
Total tax levied		$438,892 45

Respectfully submitted,

WILLIAM W. CHURCHILL,
HERBERT B. TUCKER,
CHARLES H. HORNE,
Assessors of Milton.

REPORT OF THE BIRD WARDEN

MILTON, MASS., January 1, 1916.

To the Citizens of the Town of Milton:—

I beg to submit to you my report as Bird Warden for the year 1915. The Statute which authorizes the election of Bird Wardens by the various towns of this Commonwealth, prescribes no duties, and gives no right or authority to such Bird Wardens to act, or exercise any control within their respective jurisdictions. I find, therefore, that considerable doubt exists as to just what is expected of a Bird Warden, and what line of activity on his part is warranted.

As no appropriation was asked for or made by the Town for the purpose of bird protection, no expenses have been incurred, and there are no accounts to be submitted.

I have, during the year, made some study of the general distribution of birds throughout the Town, especially with the idea of determining whether the birds are diminishing or increasing in numbers, and what birds are the most effective in aiding to control the insect pests. On this subject and on the subject of the general protection and encouragement of birds, I have had several conferences with the State Ornithologist, Mr. E. H. Forbush.

My observations make me think that during the spring and summer months several useful species of birds were rather less abundant than I have found them in previous years; there were, however, a few species that seemed quite up to the normal number. These, however, are perhaps not the most useful varieties.

I have noted with regret that the two species of thrushes which were formerly quite common in Milton, are becoming rather rare now. These birds are among our best songsters. I believe their disappearance is largely attributable to the extensive clearing of undergrowth which has been made throughout the Town.

At the suggestion of the School Committee I addressed the school children in the seven public schools, on the subject of the value of the birds and the bird-life about us, and the importance of observing the laws forbidding the destruction of the song birds and their nests or eggs.

I have also made some effort to urge upon the citizens of Milton the importance of feeding the birds in winter, and furnishing nesting boxes in the spring and summer to take the place of the natural nesting places which have been removed by the tree clearing and cementing which have been done in the Town; also the importance of preserving if possible some tangles of undergrowth and uncleared swamp land which afford the natural shelter of many valuable species of birds.

A beginning has been made this year by an organization called the Brush Hill Bird Club, co-operating with the Trustees of Cunningham Park, toward establishing a Bird Sanctuary near the Convalescent Home, which I hope will prove a useful aid in the protection of birds and in interesting our younger citizens in Ornithology.

At the present time I am not prepared to suggest that any appropriation for bird-protection or aid is desirable.

Respectfully submitted,

Ralph E. Forbes,
Bird Warden.

REPORT OF TRUSTEES OF CEMETERY

MILTON, MASS., December 31, 1915.

To the Citizens of Milton:—

The Trustees make the following report for 1915. They met and appointed Mr. Gannett Chairman, J. Frank Pope Secretary and Treasurer, and T. W. Pond Superintendent.

The Trustees record with sorrow the death, on April 9, 1915, after service on the board for seven years, of their colleague, Henry E. Sheldon.

During the year 1915, 98 interments were made; 51 were from out of Town. The Cemetery Trustees have had 21 lots taken by citizens, 1 lot sold to a non-resident, 5 single graves sold, 2 charitable graves used, 9 lots regraded and seeded, 3 perpetual care lots regraded and seeded, 18 lots put under perpetual care, 1 myrtle border planted, 4 graves planted to myrtle and English ivy, 38 foundations for monuments, 19 foundations for headstones and markers, 6 markers set without foundations, 19 graves evergreened, 4 removals made, 6 cords of wood sold, 1 family vault for cremated ashes, 51 lots laid out in 1914, 32 were finished. Besides the above work, we have taken care of the avenues and paths.

The moths, we are sorry to say, are plentiful. We hope the new Tree Warden will do as well as Mr. Kidder has.

We respectfully ask for $4,500.

SAMUEL GANNETT,
J. FRANK POPE,
C. MINOT WELD,
THOMAS K. CUMMINS,
Trustees of Cemetery.
THOMAS W. POND,
Supt. of Cemetery.

ENGINEERS' REPORT

MILTON, MASS., January, 1916.

To the Honorable Board of Selectmen:—

GENTLEMEN:—The Board of Engineers submit their report for the year as follows:

The Board organized with J. Harry Holmes as Chief and James S. Gallagher as Clerk. Mr. George L. Bauldry was appointed Engineer but died before taking office, and Mr. Philip S. Dalton was appointed in his place.

There have been 162 alarms, 53 of which were bell alarms. The department has answered 20 calls to Boston, 6 to Quincy and 3 to Canton. Boston has responded to 11 alarms in Milton.

The permanent force remains the same. Two callmen have resigned and two have been appointed.

The department has laid 12,300 feet of hose, used 2,922 gallons of chemical and raised 1,002 feet of ladder.

Value of property at risk, $87,203; loss, $21,934.86. Insurance paid, $15,353.48.

Permits have been issued as follows:

35 for blasting.

142 for gasolene.

542 for burning.

The new motor combination chemical and hose was placed in service November 30, 1915, and stationed in the Combination House at the Centre. It answered 10 calls in the month of December and has given perfect satisfaction. On account of this new piece of apparatus two horses have been disposed of.

We recommend the following:

1. Continuing the policy of motorizing the department.

2. Increase in salary of the permanent men to $1,200.
3. $350 for new hose.
4. $25,500 for care and maintenance of the department for the ensuing year.

Respectfully submitted,

J. Harry Holmes, *Chief*,
Philip S. Walton,
James S. Gallagher,
Board of Engineers

RECORD OF ALARMS OF FIRE FOR THE YEAR ENDING DECEMBER 31, 1915

REPORT OF THE BOARD OF HEALTH

MILTON, MASS., January 1, 1916.

To the Citizens of Milton:

The number of cases of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1915	1914	1913
Chicken Pox	27	27	21
Cerebro spinal meningitis	0	1	0
Diphtheria	23	8	10
German measles	2	1	0
Measles	362	7	23
Mumps	6	3	3
Ophthalmia neonatorum		1	0
Scarlet fever	29	52	18
Septic sore throat	47	5	0
Supperative conjunctivitis	2	0	0
Tuberculosis	16	9	13
Typhoid fever	4	5	3
Whooping cough	55	16	5

The whole number of deaths recorded in 1915 is 102 (male 56, female 46), giving a death rate of 11.5 per thousand inhabitants.

	1915	1914	1913
Number of deaths	102	110	101
Rate per thousand	11.5	12.71	12.28

During the past year there has been better co-operation by the citizens of the Town in helping maintain the high standards of public health; yet the board feels there is still much need of careful attention to the details as outlined in the Booklet "Rules and Regulations of the Milton Board of Health" issued each year and also published annually in the Milton Record.

We find from time to time citizens who say "they never

heard of any such a book" and the board wishes at this time to urge the fact that Milton is steadily becoming more closely settled and the conditions which were possibly all right ten years ago are not up to the standards of the present time.

Some of the more flagrant causes for this request are:

Failure to report a communicable disease at once to the Milton Board of Health by the householder in cases where a physician is not in attendance and it does no harm to ask the busy physician if he has reported the case.

Failure to call a physician where parent is in doubt concerning the school child who is but slightly ill, yet may be developing some of many contagious diseases and don't send the child to school as it is the unrecognized cases which cause many of our epidemics.

Failure to carefully carry out the quarantine regulations in cases of contagion just because your neighbor fails to do so is no excuse at court.

Failure to thoroughly cleanse milk bottles before returning them and guard against the milk remaining in the sun after delivery, as the sooner the milk is placed upon ice after delivery, the healthier the family.

Failure to notify the collector of ashes and garbage when householder is to be away for any length of time and upon their return.

Failure to provide the regulation covered garbage can and keep it covered.

Failure to realize the dangers of the house fly as regards the cause and spread of disease, and to act accordingly in its extermination.

Failure to connect with the sewer as soon as the Sewer Department provides the opportunity.

During the past year in order to maintain quarantine in many cases it has been necessary to remove patients to a contagious hospital so that they may have proper

care. This increases the expense of the department, but it is an increase unavoidable as the law requires it.

Although the rendering of aid by the Department of Health does not pauperize the recipient, all cases are expected to reimburse the department when able and if unable, to present a sworn statement to that effect.

During the past year there has been a more careful inspection of the various milk supplies and more bacteriological work done, showing as a rule a general improvement and a desire upon the part of the producer to maintain a high standard.

The condition of the Pine Tree Brook should be considered by the Town and the board would urge your definite action toward abating a condition, which to say the least will not improve as the Town becomes more closely settled.

Respectfully submitted,
CARLTON A. ROWE, M.D.,
ABIJAH W. DRAPER,
J. S. SMITH,
Board of Health.

MILTON, MASS., January 24, 1916.

To the Board of Health:

GENTLEMEN:—I hereby submit my report for the year ending December 31, 1915.

10 vaults cleaned.

50 cesspools, 120 loads from same.

Respectfully yours,
JOHN R. LAWRENCE.

MILTON, MASS., January 28, 1916.

To the Board of Health:

GENTLEMEN:—I herewith submit my report for the collection of ashes and garbage. During the eight months

on this work I have collected 77 cords of garbage, 738 double loads of ashes and 314 loads of paper.

The only radical change was the putting on of a paper wagon, which was more expense and caused trouble in keeping the paper free from the ashes.

The work is increasing all the time, there being seventy-one additional houses since May 1. To give satisfactory service necessitated an extra single team one day each week on the garbage and more help on ashes and papers.

I would suggest a careful separation of ashes and paper, and, in general, appropriate receptacles for the garbage.

Respectfully yours,

Samuel G. Craig.

REPORT OF THE INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith present, as Inspector of Animals, the following report for the year ending December 31, 1915. I commenced my annual inspection at the usual time but had covered but a small portion of the territory when the Commissioner of Animal Industry stopped all inspection in the State on account of the danger of spreading the Foot and Mouth Disease.

In the territory covered I inspected 31 stables where cattle are kept and found them in good sanitary condition, meeting all requirements. I gave a physical examination to 150 cows, 3 bulls, 12 pigs and 6 sheep, which I found free from tuberculosis and other contagious diseases.

By order of the Commissioner I examined 18 carloads of cows, coming in from outside the State. These were then quarantined fifteen days, examined again, and being found free from Foot and Mouth Disease, released. I also examined 5 horses that came in from New York State.

Also, by order of the Commissioner, quarantined 3 dogs as suspicious rabies cases.

Respectfully submitted,

JAMES SPENCER,
Inspector.

REPORT OF INSPECTOR OF BUILDINGS

MILTON, MASS., January 1, 1916.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my annual report for the year ending December 31, 1915.

There have been 239 applications made and permits issued for building and repairing. I have made 1,360 inspections. There have been 20 buildings examined for permits to move and 14 permits issued.

WORK OF THE BUILDING DEPARTMENT BY MONTHLY REPORT

Months	Permits for Wooden Buildings	Permits for Stone, Cement and Brick Buildings	Valuation by Application
January	4	1	$11,850 00
February	11	3	22,925 00
March	16		51,200 00
April	36	3	71,585 00
May	12	1	21,005 00
June	20	2	130,450 00
July	17	5	44,505 00
August	25	3	62,624 00
September	16	2	28,650 00
October	24	4	32,588 00
November	20	2	33,614 00
December	8	4	52,425 00
	209	30	$563,421 00

Making the valuation as per applications $563,421.

Respectfully submitted,

G. E. BURT,
Inspector of Buildings.

REPORT OF THE INSPECTOR OF MILK

MILTON, MASS., December 31, 1915.

To the Board of Health:

GENTLEMEN:—I herewith submit my annual report for the year ending December 31, 1915. There have been 40 licenses issued for the sale of milk and cream; 13 to stores, 27 to wagons. Of these 32 were to residents and 8 to non-residents. I have taken 221 samples of milk and cream for chemical tests, and 399 samples for bacteriological examinations. It is my judgment, through the experience of the past few years, that the most efficient test of milk lies in the bacteria examination, as this shows the presence and exact nature of foreign substances. I have therefore directed my attention more closely to bacteria tests in order to arrest at the source of supply the impure or unclean milk.

I have made the usual visits to barns and dairies which are the sources of the milk supply, and have noted with satisfaction a general improvement in the care and handling of milk.

Respectfully,

WALLACE C. TUCKER,
Inspector of Milk.

REPORT OF THE INSPECTOR OF PLUMBING

MILTON, MASS., January 1, 1916.

To the Board of Health:

GENTLEMEN:—I beg to submit the following report for the Department of Inspection of Plumbing for the year ending December 31, 1915:

Two hundred and thirty-four (234) permits to perform plumbing have been issued from this office, the approximate valuation of work installed being sixty-four thousand one hundred and sixty-one dollars ($64,161), an increase of more than sixteen thousand dollars ($16,000) over last year.

One hundred eleven (111) buildings have been connected or are in process of connection with the Town sewers. This large reduction in the number of cesspools in the Town is very gratifying as the unpleasant conditions produced by their use are frequently evident. Particular benefit has been derived from the new low-level sewer in the Church Street district.

I am unable to report results of the new By-Laws requiring safety valves on pressure boilers, no case of trouble having come to my notice.

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF THE INSPECTOR OF SLAUGHTERING

Milton, Mass., December 31, 1915.

To the Board of Health:

Gentlemen:—As Inspector of Slaughtering I report that for the year ending December 31, 1915, I have examined and stamped 78 carcasses—60 hogs, 17 lambs, 1 calf.

Respectfully,

Wallace C. Tucker,
Inspector of Slaughtering.

REPORT OF THE INSPECTOR OF WIRES

MILTON, MASS., January 22, 1916.

To the Honorable Board of Selectmen:—

GENTLEMEN:—I herewith present the report of the Department of Wires for the year ending December 31, 1915.

INTERIOR WIRING

	1914	1915
Certificates issued for light and power	203	280
Number of inspections	520	702
Number of incandescent lights wired for	3,792	5,005
Number of motors installed	14	14
Total horse-power	17	50
Number of rectifiers installed	2	1
Total watts	8,900	3,000
Number of electric heaters	11	17
Total watts	22,265	29,330

OVERHEAD AND UNDERGROUND WIRES

The New England Telephone and Telegraph Company has rebuilt a line of poles on Highland Street, between Canton Avenue and Randolph Avenue, high tension wires have been placed on top of poles, low tension wires including telephone and Town wires to change to lower location. Also a line of poles on Bradlee Road, which were in a very dangerous condition, have been replaced by new poles.

All defective poles and wires condemned by this department have received prompt attention by the various companies owning same.

Underground conduits have been laid by the Telephone Company on Adams Street, from East Milton Square to Washington Street. As one conduit is reserved

for Town wires, I recommend that the overhead Town wires be installed underground.

800 feet of two conductor lead cable have been installed in underground conduit on Brush Hill Road.

Considerable new work and repairing have been done on Police and Fire Alarm System in past year, including putting on new cross arms, running new covered iron wires, and trimming limbs back from wires.

The Ford Automobile used by this department is now in need of a general overhauling and painting. As the price for overhauling and painting is very near the amount allowed in trade for new car, I would recommend that a new car be bought. For the maintenance of Wire Department installing wires underground, and trade old automobile for new car, I recommend an appropriation of two thousand two hundred and fourteen dollars ($2,214.)

Respectfully submitted,

ERNEST E. CHOATE,
Inspector of Wires.

REPORT OF THE PARK COMMISSIONERS

MILTON, MASS., December 31, 1915.

To the Citizens of the Town of Milton:

The most important feature of the Park Commission's work is the conduct of Brook Road Playground. The attendance here is always on the increase. Yet we realize that the grounds have not been developed to their fullest capacity. This is bound to continue to be the case while the question of meeting the need of gymnasium facilities remains unsettled.

At present the Director at the playground and his assistant are engaged by the Park Commission, and their entire salaries are paid out of its appropriation, though they act as Directors of Physical Education in the Public Schools during the whole of the term. When this system was adopted there seemed to be a reasonable chance that a gymnasium would be built on the playground which should meet the requirements of the playgrounds, schools, and the general public in matters of physical instruction, and be available as a Civic Center for all forms of entertainment as well. Your Park Commissioners are at present awaiting the decision of several committees engaged in the consideration of this and all related subjects.

During this period of waiting we believe that the present alliance between the Park Commission and the School Department had better be continued. The future may make some other plan seem more desirable, but there is surely no reason for changing at present, even though the tendency seems to be towards gymnasia attached to the schools.

The report of the Physical Instructor, which should be considered as a part of the Commissioners' report, is appended hereto.

Some slight interruption at the Playground was caused by Miss Amy R. Howland's leaving the work in July, but this was reduced to a minimum, as we were able to supply her place very promptly. Miss Rosamond W. Estabrook, who had already worked on this playground, and so took hold with spirit, succeeded Miss Howland. When Miss Estabrook left in August, the position was temporarily filled by Miss Ella Constable. On September 5, Miss Louise A. Whiting took over the direction of the girls, under Mr. Hall, and she is continuing with this in the schools most acceptably and successfully.

The loam taken out where the tennis courts were built has been spread on the surface of the north diamond which is thereby somewhat improved. The courts have been resurfaced with clay, but we feel that both of these improvements are only temporary and that something more permanent must be done in the near future.

We made some inquiries regarding methods and expense of supplying skating for small children by spraying the frozen ground, but what we heard of the expense discouraged us.

Two pieces of steel apparatus have been bought, one providing several swings and the other several teeters, but they came too late in the season for this year's use, and will be installed in the spring.

The lower end of the lot was used by the School Department for school gardens, and an agreement has been entered into to continue such use by them for another year.

The appropriation made to be expended jointly by the Park Commission and School Committee towards the improvement of school lots, remains almost intact. This,

however, does not mean that it could not be advantageously expended another year.

Hollingsworth Field and East Milton Playground have again passed a year without special work. The Street Department has taken 865 double loads of gravel and sand from the latter for use on the roads.

The grading of Crane Field, begun during the previous year, was finished. The planting done here was not a success; probably the newly graded surface should be resown to grass. The sugar maples planted around the edges of the field, though very handsome trees above ground, had very poor roots, and the trees are mostly dead. The nursery supplying these has agreed to furnish the Town new trees in the spring without charge.

At Dollar Lane Playground the drain pipes which cross the ground have given some little trouble by getting stopped up. The chief trouble here is that the brook, if it is worthy of that name, brings down to us a great deal of vegetable refuse, and that its course below the playground fills up with silt. The old dump here remains an eyesore, and we feel that an appropriation should be made to improve its appearance.

Our recommendations are:

General Appropriation	$3,500
Dollar Lane Playground	200
Park Commission and School Committee	100

Respectfully submitted,

NATHANIEL T. KIDDER,
J. SUMNER DRAPER,
MALCOLM DONALD,
Park Commissioners of the Town of Milton.

MILTON, MASS., December 31, 1915.

Park Commission, Town of Milton, Mass.:

I hereby respectfully submit report of the Playground Work for the season of 1915.

Activities commenced on the Brook Road Playground early in the spring with four afternoon sessions weekly, and with baseball games Saturday mornings between teams of the Grammar School League. The regular playground work began June 21 and closed September 11, and was conducted along the same lines as last year's work with the exception of such changes and improvements as experience has proved desirable.

Carefully kept records of the daily attendance show an increase in attendance of 10.7 per cent, so that the average attendance this year, in spite of a rainy season, reached the figure of 203 a day.

The regular daily schedule has been followed whenever possible, including all the recognized forms of playground activities that, in the opinion of your Director, tend to promote the results for which this department stands.

Baseball teams for both boys and girls, and track teams for boys in two different classes were formed.

Tennis has maintained its prominent place among activities. The courts have been engaged by 1,332 different parties during the season, a figure that compares well with 616 last year.

A feature that, in your Director's opinion, more than anything else has helped to promote interest and spirit in the young, has been the inter-playground visits with contests in games and athletics. The way in which our young athletes have acquitted themselves in contests as well as conduct has been decidedly to the credit of the community.

The annual Visitors' Day was held on August 31. This red letter day in the playground history of Milton

opened with a tennis tournament in the morning; valuable prizes consisting of silver cups for doubles as well as singles had been donated by a generous-hearted citizen. The spirit shown by the contestants as well as spectators in this tournament was simply a manifestation of the interest the public is taking in this healthful and enjoyable line of sport.

The children's part in the day's program commenced at 2 P.M., and gave parents and friends an idea of the summer's work both physically and industrially. The manner in which the different events were presented with their vim and joy, the unusually large attendance of interested citizens, parents and friends as well as those present in an official capacity, made this day the happiest and most important one in our playground history.

Another generous citizen has donated the means for suitable prizes awarded to the children for attendance, loyalty to the playground, for the best physical development, and for raffia and reed work. A small band furnished the music for the drills and folk dances.

From the beginning of the school season, on September 20 until November 19, the playground has been open four afternoons weekly for the use of High School pupils, two afternoons for boys and two for girls. In addition to the regular activities, such as track athletics and recreative games, a considerable number of the girls have taken a great interest in field hockey.

The high ideals for which this department stands have in the opinion of your Director, been even more nearly attained this year than last. If commendation were to be given any particular branch, then it probably should be given to the moral standard and good conduct of our children as well as older people who have enjoyed the Brook Road Playground.

Your Director and his assistant feel that especially to

our older boys and girls a word of praise is due for the good example they have set for the smaller to follow.

For another season I beg to make the following recommendations:

1. The grading and filling of the two baseball diamonds.
2. The grading of the slope, with installation of settees on spectators' side in the tennis courts.
3. Installation of a bubble fountain in tennis courts.
4. A good surface of the courts.

It is with a feeling of gratitude and satisfaction that your Director, in concluding his second annual report, is able to give such figures and facts of encouragement. With the present indications we seem to-day nearer than at any time before to our high ambition of making this department second to none in the country.

To-day we know we are advancing, and with continued high ambitions, continued co-operation and support, this ambition will very soon become a realization.

Respectfully submitted,

CARL S. HALL,

Director of Playgrounds and Physical Education.

POLICE DEPARTMENT

To the Honorable Board of Selectmen:

GENTLEMEN:—I have the honor to submit for your consideration the annual report of the Police Department for the year ending December 31, 1915.

Superintendent.—Maurice Pierce.
Deputy Superintendent.—Timothy McDermott.

PATROLMEN

Tramps	11
Trespass	6
Violating the Town By-Laws	1
	192

MISCELLANEOUS WORK

Accidents reported and assistance rendered	30
Buildings found open and secured	63
Complaints investigated	78
Dead bodies found	1
Defective streets and sidewalks	21
Defective water pipes	7
Defective wires	14
Dogs killed	8
Electric street lights out	302
Fire alarms given	2
Injured and sick persons assisted	27
Lighted lanterns furnished on street at night	7
Lost children found and cared for	5
Officers detailed for public occasions	61
Officers detailed by request of citizens	23
Officers off duty and reporting at fires	11
Residences temporarily unoccupied and special attention requested	134
Stray animals found	5
Stray teams found	2
Street obstructions	7
Stolen automobiles found	4
Water running to waste	4
Wires burning trees	9
Wires broken, electric light and telephone	15

CHANGES

During the year Patrolman Edward R. Chamberlain resigned and John B. Shields was appointed a patrolman under Civil Service rules to fill the vacancy.

THE FORCE

The members of the force, as a rule, have shown a disposition to conform to all requests made of them and have displayed promptness and energy in the discharge of their duties, and I am thankful to them for the work they have done.

CRIME

During the year several houses were burglarized and considerable property stolen, which naturally caused much fear to possess the public mind. I have made every effort to recover the property but as yet have been unable to do so. Other cities and towns have all suffered the same and cannot find their property.

AUTOMOBILE SERVICE

The automobile ambulance and patrol has responded to forty-one calls to different hospitals in Boston. Have had it all overhauled and varnished and it is now in A-1 condition.

The Stanley steam automobile owned by the department is in very bad condition and is not worth repair as it would cost more to keep it up than it is worth to the Town. I would recommend exchanging it for a new one.

TRAFFIC ON STREETS

The marked increase of automobile traffic through our principal streets, particularly on Adams Street at East Milton, compelled the detailing one patrolman at and near railroad crossing all the time and have had to detail

some of the night patrolmen to help out. I recommend the appointment of one additional patrolman in order to help control the traffic and cover the route in that locality.

CONCLUSION

I desire at this time to thank the Honorable Board of Selectmen for your courtesy, advice and consideration in all matters pertaining to the welfare of the Police Department. My thanks are due Judge Albert E. Avery of the District Court for valuable advice and assistance, and Lawrence W. Lyons, Clerk of the Court; to all members of the Police Department for their fidelity; and to all others who have aided this department by their co-operation.

Respectfully,

MAURICE PIERCE,
Superintendent of Police.

REPORT OF OVERSEERS OF THE POOR

MILTON, MASS., December 31, 1915.

To the Citizens of the Town of Milton:

The Board of Overseers of the Poor present their report with the usual statistics for the year 1915.

The personnel of the Board, and its organization, have continued the same as last year, and the same appointees have continued satisfactorily in charge as for several years past.

The number of persons and families requiring aid, also the total cost of such aid, has materially increased over recent years, as a study and comparison of the statistical report will show. Aside from this there is little to distinguish the year from previous ones, the same general methods and policies being continued as heretofore.

During the year a card catalog has been arranged, which contains in brief form the history of every case aided since March of 1904, when the Overseers of the Poor were first made a separate Board in Milton.

The Board is pleased to report that electric lighting has been substituted at the Town Farm buildings in place of the kerosene lamps hitherto used there, which is an improvement long needed.

The question constantly confronting the Board, as to whether or not the Town Farm should be abandoned as a home for the indoor poor, has been carefully considered year by year, and was mentioned in the report of 1912. This year the weekly cost for each inmate is more than ten dollars. It is simply a question whether or not there will be enough inmates to warrant the maintenance of a home especially for them.

By referring to the charts on preceding pages it will be readily seen that, when the number of inmates decreases, the cost per capita increases, and *vice versa;* also that the annual amount of expenditure at the Town Farm has not varied greatly in twelve years, and does not show the increase which would be expected in view of the increased cost of everything for household use during that period.

The Board does not believe that the time has yet come when the Town would gain by closing its almshouse. An appropriation of seven thousand (7,000) dollars, together with receipts from sales at Town Farm, and reimbursements for aid rendered, is recommended.

Respectfully submitted,

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY FOR THE YEAR ENDING DECEMBER 31, 1915.

MILTON, MASS., January 15, 1916.

To the Citizens of the Town of Milton, Mass.

The Board of Trustees of the Milton Public Library have the honor to present to you the annual report of the Librarian prepared for them, and to preface that report with a few words of their own.

A careful consideration of the report of the Librarian will show that the Library has continued and somewhat increased its usefulness to the Town during the year 1915. Changes from time to time in the staff, occasioned by illness or by the acceptance of more lucrative positions elsewhere have made the work of the Librarian peculiarly difficult, but the difficulties have been surmounted and the public has not been made aware of them through any lessening of the efficiency of the service. The staff is now well-established again in numbers and ability and the Trustees confidently expect to maintain it during the coming year at its present satisfactory state of efficiency.

The work of the Trustees is divided up among them, as individuals and as committees, the purpose being to give to each Trustee, so far as possible, some individual responsibility for the welfare of the Library. In addition to the offices of chairman, treasurer and secretary, there are two committees which bear the brunt of the work, the executive committee and the book committee. The executive committee has such charge of the Library as its name implies and has frequent meetings during the year when matters of importance are discussed and in

many instances are submitted to the full board for action. The book committee meets the third Tuesday morning in every month except during the summer. At these meetings new books are carefully considered and with the aid of the Librarian a choice is made, determined by the needs of the Library and by the money available for the purchase of books. The committee is often hampered for lack of funds and many books are not purchased because the Library cannot afford them. But in this respect the Milton Library is not far different from other libraries.

The Library Building which was opened in 1904 has had very little done to it in the eleven years that it has been in use. The need of repairs and of a general renovation is urgent. A longer delay in this important matter would be most unfortunate.

The report of the Librarian mentions the many gifts the Library has received during the year for which the Trustees wish to express their great appreciation. The remembrance of the Library by the citizens of the Town is always a great source of satisfaction.

Among the most notable gifts is the completion of a collection of etchings given first anonymously in 1912, but now known to be from the late James Henry Whitman. The entire gift comprises about two hundred prints which makes a most valuable collection.

Other notable gifts were a framed engraving by Whitechurch, of the United States Senate of 1850, from the estate of James Tucker; The Catholic Encyclopædia, in 16 volumes, from the Dorchester Lower Mills Council No. 180, of the Knights of Columbus; also several hundred volumes, to be shared by the Public Library and the Milton Historical Society, from the estate of Mrs. William H. Snyder.

By the will of the late Miss Ellen Channing of Milton

the Library is made one of her residuary legatees. While the amount of this legacy is still uncertain and the time of its payment likely to be deferred, the Trustees appreciate Miss Channing's remembrance and they hope it will stimulate other citizens to a similar generosity.

Respectfully submitted,

REPORT OF THE LIBRARIAN

MILTON, MASS., January 1, 1916.

To the Trustees of the Milton Public Library:

I have the honor to submit my report for the year ending December 31, 1915.

During the past year, the Library has gone steadily on in the work which it is trying to accomplish.

With three new assistants, out of a staff of five at the main Library, it has not always been easy to keep up to old standards. That such standards have been maintained, is due not only to the excellent work of Miss Allen as head of the staff, but also to the enthusiasm of the new assistants.

Miss Snow, who took charge of the Children's department on September 13, has experimented with story hours at the Branches as well as at the Central Library. She finds an eager group of children waiting for her, wherever she goes. Such remarks as : "Do you suppose she will forget to come?"; "Do you think she will be here on this car?" are often overheard and from the beginning, the story hours have been a great success.

They have been held once a week at East Milton, at Mattapan, and at the Central Library; later it is planned to include Russell Reading Room.

The progress of the story hour is best told by quoting from Miss Snow's report to the Librarian. "The first story hour for children under ten was held on Saturday morning, November 13, at 10 o'clock, in the Historical room of the Central Library. The attendance was necessarily small, as the children were given a word of mouth notice only three days before. Since the first meeting the numbers have gradually increased, and in time we

hope to have as large a group as at the East Milton and Mattapan Branches. We have the largest representation of the various families from the Mattapan district, where the average weekly attendance has been thirty.

The children are of all ages, from five to eleven, and the type of stories which I have selected has apparently interested the old and young alike. As yet I have had no disciplining to do. Probably as the novelty of the story hour wears off, the numbers will dwindle and the enthusiasm become less keen. But judging from the rash promises of several 'to come every week,' I am led to hope for as large an attendance in the future.

The attendance of the story hour in East Milton has averaged fifteen each week, and these children are equally interested. There is an even greater divergence in ages here in comparison with those of Mattapan, but in spite of this there is no lagging of interest. With the story hour as a tool, we hope to inculcate and increase a desire for reading, and especially reading of the right sort. Whether or not this will prove an effectual means, yet remains to be seen. But considering the juvenile circulation during the month of November and particularly on the days of the story hour, I feel that it is at least in part fulfilling its mission. The number of books issued on these days has taken a sudden leap, not only at Central Library, but also at Mattapan and East Milton. But as yet the work is only begun and an infinite amount still remains to be done to maintain the interest of the children."

As Miss Snow says, story hours are good for the children not only for the immediate pleasure which they give, but even more for the reading which they lead up to. A child invariably wants to know more about the hero or heroine of a favorite story. Although spasmodic attempts at story telling have been made before, this

is the first time that it has been possible to make story telling a part of the regular work with children. Measles and weather permitting, it will be continued through the winter!

A very important part of the work of the Children's librarian is the reading of the new books. No book is put into the Children's room without first being read; moreover the average best seller, or the wishy washy series is not encouraged.

It is not always easy for a grown up to tell just what will appeal to the child; to successfully guide the child's reading; to keep from him the cheap and commonplace, requires a wise discrimination, which, like Topsy, is "born" not made.

This year a special effort was made to attract people to the Christmas exhibit of books for boys and girls, which was held in the Children's room from November 28 to December 24.

Some time ago, the Library Commission of the Boy Scouts proposed to the retail book trade that the first week of December should be set apart as Juvenile Book Week. Booksellers, librarians, women's clubs and other organizations were asked to co-operate and to use their influence to bring to the attention of the public the need of better books for children. This Library gladly took its part in the movement; a list of suggested books for children was printed in the bulletin for December, and other lists were mailed and distributed as widely as possible.

Through the courtesy of Mr. Marden, space in the Milton Record was given for several notices, the most prominent one being "The Contributor"—"Juvenile Book Week"—in the issue of November 20. It is disappointing to have to record that notwithstanding these efforts, comparatively few fathers and mothers responded.

The number of books circulated from the Children's room has been 12,919, against 12,516 in 1914, a gain of 403.

2,853 books have been sent to the schools, a gain of 325 over last year.

The number sent to the separate schools has been as follows: Belcher, 992; Glover, 292; High, 65; Houghton, 317; Sumner, 496; Tucker, 461; Vose, 37, and Wadsworth, 193; total, 2,853. The High and Vose, being so near the main Library, have naturally needed fewer books on deposit, while the Tucker School has drawn considerably from the Mattapan Branch.

Miss Allen has continued her talks on the use of the Library, to the freshman class of the High School. During the three weeks from October 13 to November 5, she gave eighteen such talks to eighty-seven pupils.

The classes were purposely scheduled as early in the school year as possible, so that the students should have the benefit of such instruction at the beginning of their High School course.

Credit for this work is given by the High School, and Mr. Curtis has been generous in his appreciation of the efforts of the Library to teach pupils an intelligent use of a library's resources, in connection with their school work.

At the East Milton Branch, Miss Babcock reports a gain in circulation of 317 over 1914, or a total of 19,024. It is a curious coincidence that up to the first of December, there had been a gain in the adult circulation of 211, and a gain of 211 from the juvenile collection. The attendance has been 16,281, against 16,163 in 1914.

Miss Hills in making her report of Mattapan Branch says that the use of the Branch by adults is on the increase. The attendance for the year has been 16,991, of which 5,700 was adult and 11,291 juvenile, against 4,737 adult and 13,830 juvenile in 1914.

The circulation has been 16,675, a gain of 391 over 1914.

It is a significant fact that the gain in circulation has been entirely in adult books, whereas the circulation of juvenile books has dropped 481 behind last year.

Miss Kennedy, in her report to the Librarian, says "The report for Russell Reading Room written December, 1914, would answer very well indeed for the present date. Its small public has changed little, and if no decided increase in use has taken place, there has been but slight loss."

The circulation has been 2,800, against 2,856 in 1914, and the attendance 1,973, against 1,975 in 1914. The hours of opening have now been changed from Friday and Saturday evenings to Tuesday and Saturday evenings.

The circulation for the Central Library has been 24,317 adult and 12,919 juvenile, a total of 37,236. This is a gain of 575 as compared with 1914. The total circulation for the whole system has been 75,735, against 74,508 in 1914.

Though statistics of circulation are necessary in a report, the essential work of a library can never be stated in figures, nor judged by statistics, whether large or small.

The notable gifts of the year have been: Manuscript music, from Mrs. Louis Harlow, composed by her son, Louis Harlow; The portraits of Shakespeare, by Norris, from Mrs. Mary W. Tileston; a framed engraving by Whitechurch, of the United States Senate of 1850, from the estate of James Tucker; the Catholic Encyclopædia, in 16 volumes, from the Dorchester Lower Mills Council No. 180, of the Knights of Columbus; A check-list of North American birds, Handbook of birds of Eastern North America—1914 edition—by Chapman, Wild life conservation in theory and practice, by Hornaday, The bird book, by Reed, and Wild bird guests, by Baynes,

from the Brush Hill Bird Club; five volumes of Household words, from Miss Mary Rodman, of Concord, Mass.; a Bible published in 1795, belonging to Charity Sanderson, who died in 1814, from Mrs. William H. Snyder; Observations and investigations made at the Blue Hill Meteorological Observatory, from Harvard College Observatory; Andrew Cunningham of Boston and some of his descendants, Diary of the Rev. Samuel Checkley, and Christian Remick, an early Boston artist, from the author, Henry W. Cunningham, Esq.; The organized work of Unitarian women; a history of the Alliance, by Emily A. Fifield and Mary Fifield King, from Mrs. King; A catalogue of Mexican Maiolica, belonging to Mrs. Robert W. De Forest, by Edwin Atlee Barber, and volume 15 of The Revue Hispanique, from the Hispanic Society of America; two numbers of the Boston Weekly Magazine for 1804 and 1806, from Mr. Clarence H. Halevy; several hundred miscellaneous volumes from the estate of Mrs. William H. Snyder. Miscellaneous volumes and pamphlets have also been given by Dr. George G. Kennedy, Dr. Harris Kennedy, Nathaniel T. Kidder, Esq., The Rev. Roderick Stebbins, Mr. and Mrs. Waldo E. Forbes, Mrs. J. Malcolm Forbes, Miss Olivia Y. Bowditch, Charles S. Pierce, Esq., William B. Weston, Esq., Mr. Paul Carlton, Miss Etta M. Graves, Mrs. David C. Moore (formerly Miss Cora Tilden), the Columbine Book Club, Franklin Hamilton, Esq., Miss Annie K. Tuell, Horace E. Ware, Esq., Mrs. Albert A. H. Meredith, Miss Emily Lamb Tuckerman, Miss Catherine W. Faucon, Trustees under the will of Mary Baker Eddy, Roger L. Scaife, Esq., Robert F. Herrick, Esq., and Mrs. Jacob L. Lincoln. Mrs. Harrison O. Apthorp, Mrs. Frederic H. Hird, and Mrs. Henry S. Shaw have given numbers of the Literary Digest to complete files.

The etchings collection has been enriched by two

prints, one by William Auerbach Levy, and one by I. Andre Smith.

The anonymous giver of the valuable collection of etchings is now known to be the late James Henry Whitman and the collection has been named in his honor, the James Henry Whitman Collection of Etchings. This Library is fortunate indeed to own so many rare prints.

The exhibits for the year have been: January 10 to 31, Reproductions of Japanese paintings arranged by Mr. E. Dudley James: attendance 56; January 16 to February 17, A collection of articles connected with Jonathan Russell, arranged by the Milton Historical Society: attendance 290; February 3 to 17, Paintings, mostly portraits, by Miss Edith Park: attendance 206; Feb. 20 to March 8, Paintings by Miss Adeleine Wolever: attendance 206; March 10 to April 12, Bird migration, arranged by the Brush Hill Bird Club: attendance 144; April 14 to June 1, Paintings by Mrs. W. Starling Burgess: attendance 154; October 11 to November 29, Paintings by C. Henry Richert, and Harold C. Dunbar: attendance 189.

A botanical exhibit of plates and specimens of ferns, lichens and trees, mostly to be found in Milton, was opened in the art room December 9, under the direction of the Natural History Committee of the Education Society. As the exhibit is to run for several weeks longer, it is too early to state its attendance.

During the month of February, Mrs. Edward Holton James gave a series of Sunday afternoon readings in the Historical room. Interest in these readings was keen, the attendance varying from 52 to 95, with a total of 290 for the four afternoons.

Mrs. James read The Night Shift, The Rising of the Moon, The Wine Press, The Mob, and Makers of Madness.

A class of little girls met in the Historical room on Wednesday afternoons from January to May; the average attendance was 20. On May 19, an exhibit of their handiwork was held to which the public was invited.

The Junior department of the Woman's Club had nine play rehearsals at the Library; The Red Cross Committee of the Woman's Club has had a series of lectures on nursing, on Tuesday afternoons, and a Parliamentary class, also connected with the Woman's Club, has met on Thursday mornings.

In addition to these special classes, there have been held at the Library 50 meetings of various other committees and societies, making in all a total of 95 meetings, with a total attendance of 1,393.

On March 4, Miss Marian H. King, who had been in charge of the Children's room, resigned: her place was filled on September 13, by Miss Julia D. S. Snow, of Greenfield, Mass. On May 3, Miss Lilian C. Kerr, of Milton, became a member of the staff to take the place of Miss Ethelwyn Manning, who resigned on July 31. On September 7, Miss Josephine P. Little, of Newburyport, entered the service as an apprentice.

In concluding, the Librarian and her assistants wish to express to the Trustees their appreciation of the action of the Board, which has made it possible for members of the staff to attend various library meetings.

Respectfully submitted,

GERTRUDE E. FORREST,
Librarian.

Other unusual expenses	280.90
Grand total	$11,357.96

REPORT OF SEALER OF WEIGHTS AND MEASURES

MILTON, MASS., January 12, 1916.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my report as Sealer of Weights and Measures for the year ending December 31, 1915.

Number of scales, weights and measures sealed	622
Number condemned	13
Total	635
Number of scales found incorrect and adjusted	12

Under a recent Act of the Legislature all persons peddling fruits and vegetables are required to have a license. The above law has been complied with and the Town Treasurer has received one hundred and four (104) dollars as license fees.

I have at various times made inspections and reweighings at the different places of business and in transit.

I would respectfully recommend that the scales owned by the Town be replaced by scales of larger capacity, particularly the scales at the Town Stables on Randolph Avenue which is in very poor condition and should be replaced this year, and would recommend that the sum of seven hundred (700) dollars be appropriated for that purpose.

Respectfully submitted,

JAMES SANGSTER,
Sealer of Weights and Measures.

REPORT OF SEWER COMMISSIONERS

The Board of Sewer Commissioners makes the following report of the operations of the Sewer Department during the year ending December 31, 1915.

General	
Population by census of 1915	8,600
Estimated length of streets of Town (miles)	50
Percentage of length provided with sewers	30.2%
Method of disposal	Metropolitan system

Collection Mains	For Sewage	For Sewage & Surface Water
Lineal feet pipe (measured)	79,788.37	700 (storm overflow)
Lineal feet extended during year*	10,308.26	
Number of inverted siphons	1	
Number of manholes	343	
Number of storm overflows	1	
Number of emergency overflows	1	
Number of automatic pumping stations	1	
House Connections		
Number made during year	108	
Number of stoppages coming to notice of department	6	
Discharge of Sewer		
Estimated population using sewer system	4,800	
Number of buildings connected	851	

Financial	
Total cost of collection mains to December 31, 1915	$161,222.50
Bonded debt at date	34,000.00
Average rate of interest on bonds	4.15%

For details of sewer construction and maintenance account reference is made to the Financial Report compiled by the Auditors as shown elsewhere.

Respectfully submitted,

JOHN BALCH,
ASAPH CHURCHILL,
CHARLES G. WAITT,
Board of Sewer Commissioners.

*The extensions made during the year were in Vose's Lane 1,203 feet; Waldeck Road 799.40 feet; Bates Road 380.30 feet; Belcher Circle 671.35 feet; Church Street 500.40 feet; Church Place 312.58 feet; Belvoir Road 550 feet; Brook Road 500.30 feet; Thacher Street 2,275 feet; Breck Street 380 feet; Clapp Street 1,842.68 feet; Governor Road 258.25 feet; Curtis Road 635 feet.

REPORT OF THE SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen:

GENTLEMEN:—I have the honor to submit for your consideration my first annual report for the fiscal year ending December 31, 1915.

It is understood that I took charge of the Highway Department May 1 of the present year, and that I have looked over and separated the different accounts, from May 1 to December 31, 1915.

I have taken the accounts of my predecessor, Mr. Ivers M. Low, from January 1 to May 1, and have separated them as accurately as possible.

PERMANENT WORK

Owing to the small amount of money available and also to the very bad condition of all the main thoroughfares, the department was unable to do any permanent work, other than the two streets mentioned below. Although we were fully aware that permanent construction of some sort would be cheaper in the end, we had to take into consideration the much needed repairs on all the streets.

ADAMS STREET RECONSTRUCTION

Adams Street was reconstructed from Granite Place to Centre Street at a length of 4,053 feet and an average width of 34.4 feet, amounting to 15,491 square yards. Part of this street the old stone was hand screened and used over, with new stone on the top to receive the tar, while the rest of it was reshaped and a new stone top constructed.

The crown of this street varies somewhat owing to surrounding conditions, and in line of economy. The crown is greater from Brook Road to Centre Street than it is from Granite Place to Brook Road. This could have been obviated by a larger outlay of money in removing some of the road bed, which we hardly considered the conditions warranted.

The cost of construction per square yard amounted to 68 cents. Some of the stone used was from the Squantum Street Crusher, although most of the stone was bought from P. F. Donovan at $1.35 per ton delivered, and at $1.00 per ton at Donovan's crusher, when hauled by Town teams. All of the tarvia was bought from the Barrett Manufacturing Company, the X grade at 9 cents per gallon, and the B grade at 7½ cents per gallon. The cost of gravel, bought from the Milton Park Commission at the Kidder Pit was 30 cents per double team load.

Tarvia X, 47,240 gallons	$4,251 61
Tarvia B, 4,214 gallons	316 05
Stone, 1,726 tons	2,143 79
Raising catch basins	37 85
Gravel	77 70
Engineering	13 00
Pay Roll and teams	3,703 43
	$10,543 43

ELIOT STREET RECONSTRUCTION

Eliot Street was reconstructed on the southerly side from Adams street to Central Avenue, at a length of 1,334 feet and an average width of 18.2 feet, amounting to 2,698 square yards. The construction was the same as that of the Adams Street reconstructed section, while the cost of construction amounted to $69\frac{1}{10}$ cents per square yard. The tarvia X and A was bought from the Barrett Manufacturing Company, at 9 cents per gallon, the cold weather requiring grade A instead of grade B. Some stone

was hauled from the Squantum Street crusher, while considerably more was bought from P. F. Donovan at $1.35 per ton delivered, and at $1.00 per ton at Donovan's Crusher, when hauled by Town teams.

Tarvia X, 8,965 gallons	$806 85
Tarvia A, 660 gallons	59 40
Stone, 233 tons	256 43
Raising catch basins	9 00
Gravel	2 70
Pay Roll and teams	730 89
	$1,865 27

ADAMS STREET REPAIRS

From Centre Street to Lower Mills

Adams Street from Centre Street to Milton Village at a length of one and one-fifth miles and width of 18 feet, was broken up, scarified and rolled smooth, in order to eliminate the numerous bad cradle holes, and was treated with two coats of liquid asphalt, John Baker Jr. Company grade No. 1.

The liquid asphalt was charged to the Water and Oil account, and amounted to 8,213 gallons at $4\frac{1}{2}$ cents, or 369.59. This made a very good summer road but must not be considered permanent construction.

Hired roller	$112 00
Pay Roll and teams	701 47
Miscellaneous expenses	9 00

AUTO ACCOUNT

Repairs	$113 85
Tires	38 11
New parts	55 71
Supplies	60 24
	$267 91

AUTO TRUCK

Upon entering this department I found the auto truck in storage, had it registered and put it to work. It has not been very satisfactory on account of numerous breakdowns, and the long distance to send for repairs, and the time consumed in getting the same. The last breakdown was quite a severe one and as the season was nearly ended, we put it in storage without repairs. I would recommend that this truck be put in order to trade it off for something more substantial, as I am of the opinion that a good five ton truck would be a paying investment on some of the long hauls.

	$1,581 46

NOTE.—December salary is charged to Randolph Avenue Construction Account for supervision ($89.11) and to Sidewalk Account ($119.22).

PATCHING

It will be remembered that nearly all of the main thoroughfares and numerous side streets were in a somewhat dangerous condition, and frequently reported dangerous, owing to the great number of depressions or ruts. We established a patching outfit and have actually patched considerably over thirty miles, carrying the work along until the snow came near the end of the year.

Although the work had to be done, it can be called a necessary evil, and the quicker these streets are reconstructed, the quicker the waste of money will be obviated.

RANDOLPH AVENUE CONSTRUCTION

Provided for by Special Appropriation, September 1, 1915.

The street was reconstructed on the westerly side from Reedsdale Road, 4,910 feet, to a point on Tucker Hill about where the car track swings from the side of the road to the center, at a width of 18 feet, and consists of 9,820 square yards. For 2,500 feet of this road, from Reedsdale Road to Highland Street, the foundation, after being viewed jointly with a representative of the Highway Commission, was condemned, and after stripping the old stone from the surface, the foundation was removed and back filled with a coarse frost-proof gravel which made the construction somewhat costly.

The tarvia was bought from the Barrett Manufacturing Company, at 9 cents per gallon, tarvia "A" being re-

quired because of the cold weather. The gravel was bought from Samuel Craig, 269 double loads at 40 cents, and from C. C. Copeland, 22½ double loads at 40 cents. The greater part of the stone was bought from W. J. Barry at $1.35 per ton delivered and at $1.00 per ton at the crusher. The balance of the stone was bought from P. F. Donovan at the same price.

Tarvia X, 27,289 gallons	$2,456 00
Tarvia A, 3,400 gallons	306 00

RECOMMENDATIONS

I would most respectfully recommend a tandem roller of the six ton double drive type. Also, I would recommend trading in the auto or putting it in thorough repair.

We still have two, old, light weight horses in the department which I would recommend selling and replacing with heavy horses.

I would recommend that the crusher at the Squantum Pit be moved to the Kidder Pit to be used as a gravel screening plant; also that a street cleaning division be organized to keep the Town clean. This latter recommendation is necessary, first, from a sanitary point of view, secondly, because the dirt on the street is injurious to the street itself, and thirdly, because the accumulation of dirt washed into the basins makes such removal of dirt more expensive than removal from the street.

I desire to express my thanks to your Honorable Board, and through you, to the foremen, and the men of the department for courtesies received; also to my predecessor who so kindly assisted me when I assumed the duties of the department.

Respectfully submitted,

H. A. Spates,
Superintendent of Streets.

REPORT OF THE TREE WARDEN

To the Citizens of the Town of Milton:—

This has been, on the average, a fair year for tree growth. During the month of March there was no rain whatsoever. Later a fair amount of rain fell, and this seemed to help the larger trees rather than those newly planted. A good many of the older trees along our streets have died and been removed. Many private estates show the ravages of time in this way, and yet there is very little interest shown in planting out new trees for the benefit of the next generation. Apparently very few realize that a tree makes a good showing thirty years from planting out, provided, of course, that it has a reasonable chance. It has been possible to do more trimming of street trees this year than for some time past.

One year's fight with the gypsy moths is much like another's. This year there was less stripping of trees than usual, but the nests are very plentiful in spite of that fact. The wilt disease has done more good than usual. A particularly interesting example was to be seen on Randolph Avenue beyond the Milton Town line, in the Metropolitan Park area. Here no spraying was done owing to the difficulty in getting water. The "Flacherie" or wilt disease broke out late in the eating season of the gypsy caterpillar and helped the cause tremendously.

Brown-tail moths are apparently still scarce, though perhaps it is yet rather early in the season to be too sure of this.

An inventory of the property of the Tree Warden and of the Local Moth Superintendent has been made and shows, on the basis of cost prices, a valuation of $8,429.22. This list will serve as a basis to estimate from, but it is

hard to say to which of the two departments some of the tools and supplies should be credited.

In studying the cost of the moth work by the Town, it should always be remembered that the amount appropriated is not the only amount to be considered. Much of the work done on private property comes back to the Town treasury through the taxes; something like $2,500 per annum. This goes into the general balance, not to the credit of the Gypsy Moth account. Then there is a lot of work done for private individuals which is credited to the department and so used over again.

This year's appropriations should be repeated as a minimum from which good results may be expected.

For planting and care of trees	$ 2,000
For gypsy and brown-tail moth work . . .	12,000

Respectfully submitted,

NATHANIEL T. KIDDER,
Tree Warden and Local Moth Superintendent.

REPORT OF THE WATER COMMISSIONERS

To the Citizens of the Town of Milton:

The Board of Water Commissioners respectfully submits the following report for the year 1915:

At the Annual Meeting in March, Mr. Howard C. Leslie was elected for a term of three years, succeeding Mr. Jesse B. Baxter.

At this meeting, also, the Town appropriated $2,500 for the extension of mains, the same as in the year previous, and the usual amount of $9,000 for hydrant rentals.

The year has been one of increased activity for the department. Requests for extensions of mains on private ways, especially from the Mattapan section, have been numerous, indicating the growth in that district. Several services of unusual length have been installed at the expense of the owners with the result that it has been necessary to curtail work somewhat on public ways of the nature of completing dead ends. The total number of new services connected was 110 as compared with 82 in 1914, representing the largest number of new connections for any year in the history of the department.

The total amount expended for new connection on public and private ways is $10,125.40, apportioned as follows:

PUBLIC WAYS

Blue Hill Avenue at Aberdeen Road	$288.82	
Blue Hill Avenue at Malcolm Donald's	497 85	
Pleasant Street from Martin's to Brook Road	406 83	
Blue Hills Parkway	766 71	
Church Place	390 28	
Brook Road at Parkway	150 14	
		$2,500 63

PRIVATE WAYS

Waldeck Road	$1,059 44	
Harold Street	389 80	
Dyer Road	1,427 98	
Belvoir Road	1,053 69	
Projecta Road	310 33	
Aberdeen Road	425 35	
Pagoda Street	1,083 38	
Clapp & Breck Streets	939 49	
Cantwell Road	684 31	
Governor Road	178 33	
Verndale Road	72 67	
		$7,624 77
Total cost of new construction		$10,125 40

Total length of mains now in use of over 4 inches in diameter, 50.0532 miles.

The amount expended over $10,000 was due to granting an application for extension on Governor Road, East Milton, where a six inch pipe was laid with a view of extending the main in the very near future. In the opinion of the Commissioners, conditions were such as to justify proceeding with permanent work rather than temporary.

The total number of feet of pipe laid during the year was 7,587, of which 5,825 feet were installed in private ways. Most of this was 6 inch pipe and in addition 1,777 feet of 6 inch pipe were installed on private property at the expense of the owners.

The number of hydrants installed during the year was 15, two of which are on private property. The total number of hydrants now in use is 420, of which 30 are private.

The number of active services is 1,867, a net increase for the year of 107,—three services having been discontinued.

The Ford runabout purchased in 1913 was turned in for a new one. During the year this has been run approximately 5,000 miles at a cost of $205.54 (including

gasoline, oil, tires, repairs, depreciation, etc.), equivalent to approximately four cents a mile.

In May, 1915, an automobile truck, belonging to the Curtis & Pope Lumber Company collided with a hydrant on Brush Hill Road and broke it. Before water could be shut off, some damage, due to washing of material, was done to a private avenue running between Brush Hill Road and Blue Hill Avenue; also to the tracks of the Blue Hill Street Railway Company. A claim has been filed against the Curtis & Pope Lumber Company but settlement is still pending.

We regret to say that citizens on the high pressure system were caused inconvenience by interruption of service on two occasions this year, in August and October, due to breaks in the Metropolitan System outside of the Town limits and, consequently, beyond the control of the Water Department.

A comparative study of rates charged by other cities and towns served by the Metropolitan System made by the Commissioners during the year reveals the fact that the rates in Milton are somewhat higher than the average of the cities and towns taking supply from this system. The assessment levied by the Metropolitan is based one-third on valuation and two-thirds on consumption. Since Milton's valuation is the highest of any town in the district, and since the consumption of water per capita in Milton is considerably lower than the average of the district, it follows that our assessment is comparatively high and, consequently, this has a direct bearing on the water rates in Milton.

As the business of the Water Department grows, however, it is becoming evident that receipts are increasing at a faster ratio than expenses so that the Commissioners are of the opinion that a further reduction of rates may be warranted in the near future. An effort to bring about this result is continually being made.

As a step in the direction of reducing the expenses of the department, the Commissioners recommend the purchase of an automobile truck and a Ford truck, thereby making it possible to do away with the present stable facilities and equipment which for various reasons have been more costly to maintain than they should be. Besides increasing the efficiency of the department in its everyday work, it is conservatively estimated that the purchase of motor equipment will reduce the cost of transportation as represented by present stable expenses very considerably.

The appropriations asked for this year are as follows:

For the purchase of motor equipment as indicated above	$2,700
For extension of mains	2,500
For hydrant rental	9,000

The last two items are the same as last year.

A statement of the cost of the water property to the Town since its purchase is submitted herewith and, for the details of the receipts and expenses for 1915, reference is made to the financial report compiled by the Auditor, as shown elsewhere.

FINANCIAL STATEMENT

CHARLES E. ROGERSON,
Treasurer.

FUNDS HELD BY THE TOWN

PERPETUAL CARE FUND

Amount held December 31, 1915 . . . . . $34,811 00

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15–18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

JASON REED CEMETERY FUND

Amount held December 31, 1915 . . . . . $2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. REED PUBLIC PARK FUND

Amount held December 31, 1915 . . . . . $4,794 39

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

. . . . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

MARY L. PEABODY FUND

Amount held December 31, 1915 . . . . . $5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee submits herewith its report for the year ending December 31, 1915.

School Buildings

In our report of two years ago, we called attention to the fact that the High School building was fast becoming inadequate, and that the growth of the Town at East Milton and Mattapan would soon make necessary larger school accommodations in those districts. Last year we recommended the appointment of a committee to study the whole problem. Such a Committee, consisting of three members of the School Committee and two other citizens, was appointed; and its report, which is annexed hereto, should have the careful consideration of every citizen.

The School Committee is heartily in accord with the recommendations of the Committee on School Buildings, and we earnestly hope that the Town will vote to carry out their recommendations.

We are unanimously of the opinion that the time for action has come, that the appropriation recommended for the building of accommodations for the High School at the Vose School should be made at the annual Town meeting in March, that the land adjacent to the Vose lot should now be purchased, and that land recommended for a future Tucker School on Thacher Street should be acquired without delay.

Fire Hazard

This subject is considered in the report of the Committee on School Buildings and is one which has constantly

been before us. We are sure it will be a gratification to the Town to know that the expert, (Mr. F. Elliot Cabot of Milton), who examined the schools on behalf of the School Buildings Committee, found very little to criticize. In addition, Mr. McKeever of the State Police went over the buildings; and the Town Building Inspector, Mr. Burt, and Chief Holmes of the Fire Department have also made an examination. All agree that the precautions taken against fire in our buildings are good. We are now carrying out the various suggestions made to insure greater safety.

It should be borne in mind that all but two of our buildings are of wood, and on account of the fire hazard, if for no other reason, we consider that the Town should not put further additions upon the present wooden buildings, but should, in providing further accommodations, build of brick and stone.

The recent terrible fire at Peabody has led to investigations. One of the most valuable suggestions from this study, in our opinion, is for the installation of sprinkler systems in the basements of school buildings. We recommend that this be done in our schools. We estimate the cost at seven thousand dollars ($7,000).

Physical Education in the Schools

We do not consider it necessary to reiterate what we have said in our reports of the last two years, as to the necessity of proper instruction in physical exercises; but we would call the attention of the Town to the recently published Report of the State Special Commission on Military Education and Reserve, which recommends in all towns of ten thousand or more that physical training be made obligatory in the high school.

School Gardens

Last year we reported that the Committee on School Gardens of the Education Society had proposed that the School Department should take over the work of carrying on school gardens which had been begun by the Society. We reported that the work had been so successful that in our opinion this work should be assumed by the schools. A suitable sum to carry on this work was included in our estimates for the past year and voted by the Town.

We now report that the work continues with increasing success. Approximately eight hundred children have voluntarily planted and cultivated gardens, either at their own homes or in the special plots provided by the department, and although the enterprise is comparatively new in Milton, our school children won several prizes offered by the Massachusetts Horticultural Society in competition with other schools of the Commonwealth, and a cup offered by the State Board of Agriculture was awarded to the Town for the general excellence of its gardens and garden club work.

The Summer School

For a number of years the Education Society, through private generosity, has conducted a Summer School for four weeks in July for school children, the classes being in manual training and millinery.

As in the case of School Gardens, the School Department has been asked to assume the Summer School as part of the school work. We consider that the Summer School has also demonstrated its usefulness and success, and we include in our estimates for this year the sum of six hundred dollars for carrying on the Summer School.

Ungraded Class for Backward Children

Last year we reported the excellent work which was being done by a specially qualified teacher in going about in the schools to assist the children who were not up to the usual standard. This work continues.

This year, in line with one of the recommendations made to the Town by the Committee on Public Education (see its report made in January, 1913), we have also established an ungraded class for such children, in one of the rooms of the Wadsworth School. There are some fifteen children in this class—all that can be properly taught by one teacher, as each pupil requires much individual training.

The results are satisfactory in two ways—as special and far more attention can be paid to the child than would be possible in the regular grade, progress is being made by children who were practically standing still; it is also of decided advantage to the classes from which these children are taken, since they profit little themselves and need an undue amount of attention from the teacher and delay the progress of the entire class.

Advisory Bureau

During the year, the Advisory Bureau has been established for the purpose of acquiring information concerning pupils who leave school between the ages of fourteen and eighteen years, and to assist and advise such pupils, in accordance with methods now prevailing in many other school systems.

The Bureau seeks first, by interviews with the boy or girl, their parents, and teachers, to bring about either a readjustment of school work and a return to school here, or find opportunities for further special training for them elsewhere, or it may be to arrange for part time school and part time employment. Secondly, for boys and girls,

for whom arrangements to continue in school cannot be made, the Bureau seeks suitable employment after interviews with employers in and about Milton.

The Advisory Bureau is directed by volunteer service. Though the results are so far small, it is hoped that the steps taken have been in the right direction, and may lead to future usefulness. The director is Miss Hester Cunningham, who may be called at her house by telephone between 8 and 9 A.M. daily, and will make appointments for conferences there or at one of the schools. She is assisted by Mrs. Wallace Tucker.

Mr. Clarence Boylston after forty years as teacher in the Milton public schools, twenty years as principal of elementary schools, and twenty as teacher of science in the High School, retired last June. The Committee registers its appreciation of Mr. Boylston's long service as a skilled and devoted teacher, whose influence upon his pupils has been wholesome and permanent.

Gifts to the School

The Committee desires to gratefully acknowledge the following gifts, which have been made to the schools during the year:

High School:

Picture—"Hieroglyphics" from Class of 1915.

Victrola from the Glee Club of 1915.

Tucker School:

Statue—"Victory" from Class of 1915.

Victrola Records from Tucker School Parents' Association.

Vose School:

Colored Photograph—"The Garden of the Gods" from Class of 1915.

Three silk flags from Emma Forbes Ware Tent 57, Daughters of Veterans.

HOUGHTON SCHOOL:

Six Colored Lithographs—"American Birds" from Mrs. H. Clifford Gallagher.

ELEMENTARY SCHOOLS:

Portfolios of Colored Plates—Eaton's "Birds of New York," from Mr. Ralph E. Forbes, Bird Warden.

Two thousand six hundred and fifty (2,650) Audubon Educational Leaflets from Brush Hill Bird Club.

REQUIREMENTS FOR 1916

Your Committee has made careful estimates for the ensuing year and is of the unanimous opinion that the following amounts should be appropriated:

General school expenses	$93,675 00
Transportation of pupils	2,100 00
Medical services and nurse	1,200 00

REGINALD L. ROBBINS, *Chairman,*
PERCY E. SHELDON, *Secretary,*
STEPHEN C. MITCHELL,
FRANK P. FANNING,
HESTER CUNNINGHAM,
HARRIS KENNEDY,
School Committee.

STATISTICS

PART I
EDUCATIONAL SURVEY

REPORT OF THE SUPERINTENDENT

To the School Committee:

The following is submitted as my fourth annual report, which is the thirty-sixth in the series of Superintendents' Reports.

High School

Although much has been said in previous reports to your Board, pointing out the lack of room and facilities for carrying on the work of the High School and although the Special Committee on School Buildings has made a thorough study of the situation and made a very definite recommendation, I feel that it is my duty to put on record a plea that definite action be urged by your Board with a view to carrying out that part of the Special Committee's recommendation which refers to a new High School.

To those who have been in close contact with the handicaps and difficulties under which the High School has been conducted, immediate action in this direction is urgent. To any one who makes a first hand investigation of the situation, it is quickly evident that relief is needed.

The carefully considered plan presented by the Committee on School Buildings not only has amply provided for the immediate needs of the High School in all its activities at the present time, but with more than usual foresight has had the building so designed that all the portions of the building, other than the regular class and recitation rooms, shall be ample to take care of twenty or twenty-five years of normal growth. Had the Committee followed, as is too often the case, the line of least re-

sistance and planned the laboratories, gymnasium, assembly hall, lunch room, rooms for manual training, and domestic science, and commercial branches for the present and immediate future only, it would eventually be extremely costly, if not absolutely impossible, to enlarge these sections of the building to meet subsequent demands, which are clearly foreseen.

Junior High School

The excellence of the organization and instruction of the Milton school system in its elementary grades can be conserved and made of greatest service only as the work of the upper grades and the High School shall be so organized as to provide for the wisest development of the courses and facilities for the molding and inspiring of the boys and girls at this most critical period.

Since the somewhat detailed discussion in my last year's report concerning the reorganization of the work in the upper grades and the first year of the High School into a Junior High School, there has been much more extended investigation and adoption of this plan throughout the country. The results where this reorganization has been carefully thought out and developed and the readiness with which the Milton situation adapts itself to the Junior High School plan make it even more clear that provision should be made as soon as possible for carrying out this idea.

The trend and spirit of recent educational study and investigation have encouraged the breaking away from traditional subjects and courses. Instead of trying to adapt the mass of children to the courses, there is now a very decided move to adapt the courses and methods to varying groups and even to individuals.

This desire to adapt the curriculum to varying groups

in the upper grades of the elementary schools has given momentum to the Junior High School.

After pupils have devoted six or seven years to the acquiring of the fundamental processes and their application in learning about number, science, history, geography, language, all doing the same thing in the same way, it has become a growing conviction that we should no longer attempt to keep all the children in the same groove or turn them into the same mold. Opportunity should be provided at the end of these elementary years for pupils to gradually get away from the specific and detailed direction and assignments and dependence upon the teacher and acquire habits of more independence and initiative of thought and action.

Individual Teaching

Another phase of this tendency to study and understand the needs and capacities of children is the attempt to prevent retardation and elimination in all the grades. In a compulsory school system, where because of reasons of expense, pupils are organized into grades and handled in masses, there is an apparent need for a certain amount of individual attention and instruction.

Your Board has recognized this need for several years and last year appointed an unassigned teacher, the results of whose work justified an extension of the plan at the beginning of the present school year, by the reappointment of Miss Menut, whose time is devoted to the individual instruction of pupils in the upper grades, and the assignment of Mrs. Gordon to similar work in the lower grades for three days a week, (the balance of her time being devoted to the supervising of primary reading and language work.)

The natural outgrowth of this policy of making the class teaching more effective by the system of coaching and studying the needs of individual pupils has been a careful sifting and selection of a group of children, who,

because of sickness, lack of development, or other unusual condition, are out of step with the regular work and cannot be brought up to the standard of the grade.

Ungraded Class

Then for the most difficult and serious cases, a special ungraded class in a room in the Wadsworth School has been organized. This room happened to be vacant and most convenient for the majority of these pupils. Miss Jaquith, one of our regular teachers, who was not only well adapted to this type of work, but was sufficiently interested to voluntarily spend the summer in further study and preparation, is in charge of this room.

Pupils are admitted to this class only after careful observations by the teachers who are doing the individual instruction in all the schools, together with the advice of the principal, and often after scientific tests. The enrolment in this room has been kept approximately to fifteen, so that individual and personal methods of instruction may be employed. The work is varied giving considerable opportunity for handwork in sewing, weaving, and elementary manual training for the purpose of finding types of work in which the pupil may be successful and gain for himself a feeling of success. This is much more stimulating than the constant feeling of failure, as is often the case when he is continually measuring his ability with those whose advancement has been normal.

Thus far this experiment, though somewhat more costly than ordinary classrooms, is filling a need and from the point of view of the Town's interest is economical.

Summer School

The acceptance of your Board of the administration of what has been known as the Summer School, conducted by the Education Society, involves additional responsi-

bility as well as opportunity. About one hundred children have been profitably occupied and trained in two main lines, millinery and manual training. It will be advisable for your Board to consider the desirability of broadening the advantages of these Summer classes for the benefit of those pupils, who not only desire further opportunities in manual training and millinery, or other industrial courses, but who may feel the need for further instruction in regular academic studies.

Children's Gardens

That phase of training which has been carried on for a number of years by the Education Society Committee on Children's Gardens, and which was assumed by the School Department last March, has been developed and further systematized during the past year under the continued enthusiastic direction of Miss Turner.

The prevalent method of handling the problem of teaching children gardening has been more or less incidental in that some temporary appointee has had charge of the work for the two vacation months. This plan has usually proved unsatisfactory, not only because the work is begun too late in the season, but begun without careful study and preparation on the part of both pupils and instructor in the early spring months.

The plan, under which the work has been carried on in Milton for the past two years, has demonstrated thoroughly not only that the work is rendering a valuable service to the children in the schools and in their homes, but that the general plan of administering the work is correct.

The employment of a specially equipped instructor for a period approximately from February 1 to December 1, thus allowing the vacation period in the winter, makes possible an early and thorough preparation, an early

start, and a successful completion of the work at about the time of the Fall Exhibition. Then in the fall, instruction is given in the very interesting study and planting of various kinds of bulbs, thousands of which are purchased by the children at wholesale rates and brought out in their homes. At the same time they are watching the development and growth of similar bulbs and a variety of plants in the window boxes, which are now pretty generally provided in the school rooms.

This plan also makes possible in addition to this very definite instruction in gardening and general plant study a wide range of instruction and suggestion along the broad lines of nature study, including such topics as trees, native shrubs, wild flowers, birds, animals, etc.

Thrift

It is enjoined upon the schools by an act of the Legislature to teach thrift. Even before this legislation it was the custom of the schools of Milton not so much to teach thrift, but to encourage thrift through the practice of school savings. From the time the school bank was established in 1899 to October 31, 1912, $8,557.04 were deposited, an average of $658.23 yearly. During the three years from October 31, 1912, to October 31, 1915, $5,037.41, (a yearly average of $1,679.14), were deposited.

The handling of this banking business requires considerable time of the principals, who receive the small deposits and credit the same on children's deposit cards. As soon as any pupil's deposits amount to three dollars, the money is transferred to the Dorchester Savings Bank and a regular pass book issued, and thereafter whenever these individual deposits amount to one or more dollars, the even dollars are deposited in the main bank.

The interest and enthusiasm in this work are contagious,

as is evidenced by the fact that in one of our large grammar schools over one thousand dollars were deposited by the children last year.

Military Training or Physical Education

The question is frequently asked if we should not have military drill in the public schools. At this time the problem of preparedness is soprominently in the public mind that enthusiasts are here and there seizing upon the idea of military drill and immediately propose to foist it upon the public schools, just as most school systems have become pretty well rid of the practice.

Conspicuous authorities from various walks, including military experts, men like Dr. Schaeffer, State Superintendent of Instruction of Pennsylvania, and Dr. Dudley A. Sargent, of Cambridge, have spoken with wisdom and emphasis against military training in high schools and in favor of that sort of physical training, for which we have been arguing for a number of years and which is so necessary a foundation for real military training.

It is asserted by most authorities that military drill in schools does not develop those qualities in youth which prepare them for the struggles of war nor for the struggles of peace. It is inadequate and limited as a means of physical training. The most military nations in the world do not have military drills in their schools, but give military instruction and training after boys have reached the age of eighteen or twenty and after they have received years of physical training as a part of their schooling. Military drill in schools never has and never can teach boys the real art of war. It has often fostered "a bombastic military spirit of 'tin soldierism' and a false sense of patriotism, which does not appreciate the seriousness of war nor the glories of the struggles of peace."

On the other hand authorities are coming into a pretty common agreement that a rational system of physical training, or, as I prefer to think of it, physical education, which includes hygiene as well as training, would be of the greatest value in preparing both boys and girls for the demands of both war and peace, for success in either is dependent upon the health and vigor of the individual. In these days such a rational system of physical education means not only a body improved in size and carriage, but a development and strengthening of all the vital organs to better meet the stress and strain of life, whether it be in the training camp or in the city office. Such a system includes athletic games, sports, and general carefully supervised gymnastics. It is a fallacious idea for those who are contending for preparation for war to attempt to make a soldier out of the undeveloped boy.

Dr. Sargent in an inspired paragraph says, "What America most needs is some way of giving those physical advantages to the masses which she now lavishes on the favored few—some way of providing more athletic students and fewer student athletes, some way of providing more soldierly schoolboys instead of schoolboy soldiers."

In a comprehensive school system there are many activities and accomplishments which merit discussion and commendation. However, an adequate report concerning the work and progress from the introductory work of the kindergarten to the concluding year of the High School would be altogether too extended if not impossible. Suffice it to say that as a result of the high standards and intelligent devotion to duty on the part of teachers, the schools of Milton in all their activities are keeping a position near the front, and in several branches are forging ahead with new impetus.

Appreciating the generous provision of the citizens

for this department, as well as the judicial guidance and constant support of your Board, in the administration of its affairs, I am,

Respectfully,

FRANK MONROE MARSH,
Superintendent

CLASS SONG . . . . . Words by Alice W. Damon

Class of 1915

Tune: "Day is Dying in the West."

I

The time has come to say farewell:
All too soon we break the spell
Of hallowed scenes, with fond regret
That as classmates we have met
To say good-bye.

CHORUS

Milton, Milton, Milton,
Thy name we love!
Loyal thoughts are centered here,
Merry voices loudly cheer,
For Milton High.

II

Memory sheds her mellow rays
Back to past and happy days,
Where enshrined in softened light,
Are cherished hopes and visions bright
That never die.

III

We shade our eyes and gaze afar
To watch the surges sweep the bar,
On Life's ocean deep and wide
Are wind, and storm, and rushing tide
With danger nigh.

IV

May our bark in safety sail
Ride the waves of every gale,
Reach the haven of our dreams,
By the beacon light and beams
From land and sky.

MEDICAL INSPECTION REGULATIONS

School Physician

1. The school physician is to visit the schools whenever he is directed to do so by the superintendent of schools.

2. The school physician shall make a prompt examination and diagnosis of all children referred to him as hereinafter provided, and such further examination of teachers, janitors, and school buildings, as in his opinion the protection of the health of the pupils may require. The school physician shall make a prompt examination of every child who wishes to obtain an age and schooling certificate, as provided in Section 60 of Chapter 514 of the Acts of the year 1909, and who presents to said physician an employment ticket, as provided in said section, and the physician shall certify in writing whether or not in his opinion such child is in sufficiently sound health and physically able to perform the work which the child intends to do.

3. There shall be referred to the school physician for examination and diagnosis every child returning to school without a certificate from the Board of Health, after absence on account of illness or from an unknown cause.

4. The school physician may be consulted by the superintendent of schools on any matter pertaining to the health of the children.

5. Principals shall promptly notify the superintendent by telephone, whenever in their judgment the services of the school physician are needed.

School Nurse

1. The school nurse shall assist the school physician, follow up his recommendations, and so far as possible see that his directions are carried out.

2. She shall visit each school at such times as she may be directed by the superintendent of schools, observe the general health conditions, inspect the children as to cleanliness and obvious defects, and help the teachers by advising them on matters of health.

3. She shall report in person to the principal of the school or the teacher in charge, immediately upon her arrival each day and before her departure.

4. She shall keep such records in such form as the superintendent may determine.

5. She may visit excluded pupils at their homes; provided that such visits shall not be made in cases of smallpox, scarlet fever, diphtheria, measles, whooping cough, or mumps, and keep a record of all her visits, and the results of all her visits. She shall revisit from time to time as may be necessary.

6. She may visit the homes where there are flagrant cases of pediculosis and show the mothers how to treat the condition and encourage persistence.

7. She shall not treat cases of trachoma, but shall urge upon parents where necessary the need of treatment, and if advisable take the child to a dispensary.

8. She shall under the direction of the school physician give first aid in cases of minor cuts and bruises.

9. She shall check up vaccination records.

10. She shall make the sight and hearing tests of the children.

11. She shall urge upon parents, where necessary, the importance and value of a proper care of the teeth.

12. In general, under the direction of the superintendent of schools, she shall perform such other professional duties, consistent with the nature of her work, as will promote better hygienic living in school and home.

Diseases

1. No child shall be admitted to school who has not been vaccinated, except upon presentation of a certificate granted for cause stated therein, signed by a regular practicing physician, that he is not a fit subject for vaccination.

2. A child who is a member of a household in which a person is ill with smallpox, diphtheria, scarlet fever, measles, or any other infectious or contagious disease, or of a household exposed to such contagion from another household as aforesaid, shall not attend any public school during such illness until the teacher of the school has been furnished with a certificate from the Board of Health, or from the attending physician of such person, stating that danger of conveying such disease by such child has passed, and that in the case of smallpox, diphtheria, and scarlet fever, at least two weeks, and in case of measles, at least three days, have elapsed since the recovery, removal, or death of such person.

3. A child sick with either smallpox, scarlet fever, measles, chicken pox, tuberculosis, diphtheria, or influenza, tonsilitis, whooping cough, mumps, scabies, trachoma, or other infectious disease, shall be excluded from school, and shall not be allowed to return until the teacher of the school has been furnished with a certificate from the Board of Health or from the attending physician of such person, stating that danger of conveying such disease by such child has passed; and that in case of smallpox, diphtheria, and scarlet fever, at least two weeks, and in case of measles, at least three days, have elapsed since the recovery, removal, or death of such person.

4. Notice of the disease or defects, if any, from which any child is found to be suffering, shall be sent to his parent or guardian. A child showing symptoms of smallpox, scarlet fever, measles, chicken pox, tuberculosis, diphtheria, or influenza, tonsilitis, whooping cough, mumps,

scabies, or trachoma, is to be sent home immediately, or as soon as safe and proper conveyance can be found, and the Board of Health shall at once be notified.

5. Children showing symptoms of pediculosis, ring worm, or impetigo, shall be excluded until danger of contagion has passed, and the parent or guardian shall be notified at once of the exclusion.

6. Whenever it is found advisable, a child who is a member of a household in which a person is ill with any infectious or contagious disease other than the foregoing, may be excluded until the teacher has been furnished with a certificate from the Board of Health of the town, or from the attending physician of such person, stating that danger of conveying such disease by such child has passed.

7. Each child in the public schools shall be separately and carefully tested and examined at least once in each year to ascertain whether he is suffering from defective sight or hearing, or from any other disability or defect tending to prevent his receiving the full benefit of his school work, or requiring a modification of the school work in order to prevent injury to the child or to secure the best educational results. Notice of any defect or disability requiring treatment shall be sent to the parent or guardian of the child, and a physical record of each child shall be kept in such form as the State Board of Education shall prescribe.

8. A household includes all persons occupying the same rooms and using the same entries.

If two or more families occupy the same house, but with separate entrances, and they use no rooms in common, such families are considered to be separate and distinct households. All doubtful cases shall be referred by the superintendent to the Board of Health for decision.

9. A monthly report of medical inspection shall be sent to the superintendent by the principal on blanks furnished for the purpose.
